PETERS PILLS

THE unparalleled reputation which Peters' Pills have acquired as a Medical Restorative, is the most unquestionable proof that can be given of their immense importance to the afflicted, in almost every class of diseases. The number of letters received from patients recovering through their means is really prodigious, and the complaints which they have cured are almost as varied as they are numerous.

Peters' Vegetable Pills

Are anti-bilious, anti-dyspeptic, and anti-mercurial and may be justly considered Universal Medicine, but they are peculiarly beneficial in the following complaints:—Yellow and Bilious Fevers, Fever and Ague, Dyspepsia, Croup, Liver Complaints, Sick Headache Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Piles, Cholera, Female Obstructions, Heart Burn, Furred Tongue, Nausea, Distension of the Stomach and Bowels, Incipient Diarrhoea, Flatulence, Habitual Costiveness, Blotched or Sallow Complexion, and in all cases of Torpor of the Bowels where a Cathartic or an Aperient is needed. They are exceedingly mild in their operations, producing neither nausea, gripping nor debility.

A fresh supply of the above Pills just received and for sale by **GEO. HOWARD, Agent.** Tarboro', Feb. 23.

THE

Matchless Sanative,

Invented by the immortal

Louis Offon Golicke, M. D.

OF GERMANY, EUROPE,

ASTONISHING the world with its mighty victory over many fearful diseases, which have been pronounced INCURABLE by physicians in every age, being the most valuable medicine, and the most unaccountable in its operations of any ever prepared by human hands; a medicine obtained EQUALLY from the animal, mineral and vegetable kingdoms, thus possessing a THREE-FOLD POWER; a medicine of more value to mankind than the united treasures of our globe, and for which we have abundant cause to bless the beneficent hand of a kind Providence; a medicine, which begins to be valued by PHYSICIANS, who have heretofore opposed it, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the *(Insatiable Grave!)* a precious and powerful medicine, which has thoroughly filled the great vacuum in the materia medica; and thereby proved itself to be the

Conqueror of Physicians.

Dose of the Sanative. For adults, one drop; for children, a half drop; and for infants, a quarter drop. The directions explain the method of taking these portions, and contain a history of the medicine and its distinguished inventor.

Price. Three and one-third six dollars (\$2 50) per half ounce.

Evans' Camomile Pills.

THE camomile flower, (or as it is officially called, *ANTHEMIS VULGARIS*, of Chamæmelum, from the Greek words, *Kamai*, on the ground, and *Melon*, an apple; because it grows on the ground, and smells like an apple,) is of a dull white color, of fragrant odor, and of a bitter aromatic taste.

Camomile is a mild tonic, in small doses acceptable and corroborant to the stomach. It is especially applicable to that condition of general debility, with languid appetite, which often attends convalescence from idiopathic fevers.

To the Nervous and Debilitated,

Dr. Evans' Tonic Pills.

The powers of Evans' Camomile Pills are such, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, vanish before their effects like noxious vapors before the benign influence of the morning sun. They have been long successfully used for the cure of intermittents, together with fevers of the irregular nervous kind, accompanied with visceral obstructions.

This tonic medicine is for nervous complaints, general debility, indigestion and its consequences, as want of appetite, distension of the stomach, acidity, unpleasant taste in the mouth, rumbling noise in the bowels, nervous symptoms, languor, when the mind becomes irritable, desponding, thoughtful, melancholy and dejected. Hypochondriacism, consumption, dimness of sight, delirium, and all other nervous affections, these pills will produce a safe and permanent cure.

Evans' Pills were first introduced in America in 1835.
