Extract of a letter of Jona's Snyder, Post Master, Kernesville, Pa., to Dr. William Evans.

Among several cases the following is found: An elderly lady, who had been 23 years so affinited with nervous hypochiondria, debility, &c. that for the last turee years she constantly received medical aid from a respectable physician; but the pressure and pain on her heart and breast, and especially in her left side, remained immovable, attended at long intervals with weakness in her head and on her mind, keeping her discouraged to undertake aux thing. In May she commenced using Dr. W. Evans' medicines according to the directions accompanying danger in its use, as its component parts tained Equally from the animal, mineral them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health which for the last ten years she has not enjoyed.
