

Valuable Real Estate FOR SALE.

THE subscriber being desirous of removing to the South, and for the purpose of satisfying his liabilities, offers for sale the Land and Plantation whereon he now lives, within one and a half miles of Tarboro', lying on the waters of Tar River, and on the North side thereof, and of as good quality as any on that side,

Containing 800 Acres,

More or less, of which about 300 acres are cleared, the balance heavily timbered, no part of which is subject to overflow by freshets.

The improvements are a comfortable Dwelling house, and every other house required or convenient for a large family. There is also on the land a rich deposit of Marl, easy of access and capable of manuring any quantity of land. To those who are acquainted with the valuable properties of Marl as a manure, nothing need be said. It is established by experience to be the most lasting and valuable manure now used, and well adapted to reclaim and enrich an exhausted soil. It adjoins the Lands of F. L. Daney, E. Dicken, and others. The Dwelling is situated on a commanding eminence, with a handsome grove of forest trees surrounding it—good water, and deemed to be as healthy a situation as any within the county of Edgecombe.

Also, Three Lots

In the town of Tarboro', one fronting the Bank, the other two across the street from the dwelling house of Theo. Parker; they join and are handsomely located for improvement, having streets in front at each end, and the Commons of the town.

Those inclined to purchase are invited to examine the premises, which will be shewn and the terms of sale made known by applying to the Subscriber.

Evans' Camomile Pills.

THE camomile flower, (or as it is officially called, ANTHEMIS VULGARIS, or Chamæmelum, from the Greek words, Kamai, on the ground; and Alelon, an apple; because it grows on the ground, and smells like an apple.) is of a dull white color, of fragrant odor, and of a bitter aromatic taste.

Camomile is a mild tonic, in small doses acceptable and corroborant to the stomach. It is especially applicable to that condition of general debility, with languid appetite, which often attends convalescence from idiopathic fevers.

To the Nervous and Debilitated,

Dr. Evans' Tonic Pills.

The powers of Evans' Camomile Pills are such, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, vanish before their effects like noxious vapors before the benign influence of the morning sun. They have been long successfully used for the cure of intermittents, together with fevers of the irregular nervous kind, accompanied with visceral obstructions.

This tonic medicine is for nervous complaints, general debility, indigestion and its consequences, as want of appetite, distension of the stomach, acidity, unpleasant taste in the mouth, rumbling noise in the bowels, nervous symptoms, languor, when the mind becomes irritable, desponding, thoughtful, melancholy and dejected. Hypochondriacism, consumption, dimness of sight, delirium, and all other nervous affections, these pills will produce a safe and permanent cure.

Evans' Pills were first introduced in America in 1835

Evans' Family Aperient Pills

Are purely vegetable, composed with the strictest precision of science and of art; they never produce nausea, and are warranted to cure the following diseases which arise from impurities of the blood, viz:

Consumption, Coughs, and Colds,

Nervous diseases, liver complaint, dyspepsia, bilious diseases, piles, ulcers, female weakness, and all cases of hypochondriacism, low spirits, palpitation of the heart, nervous irritability, nervous weakness, fluor albus, seminal weakness, indigestion, loss of appetite, heartburn, general debility, bodily weakness, chlorosis or green sickness, flatulency, hysterical faintings, hysterics, headaches, hiccup, seasickness, night mare, rheumatism, asthma, tic douloureux, cramp, spasmodic affections, and those who are victims to that most excruciating disorder, Gout, will find relief from their sufferings, by a course of Dr. Evans' medicines.

Beware of Counterfeits.

Caution.—Be particular in purchasing to obtain them at 100 Chatham st. New York, or from the

READ ON.

Extract of a letter of Jonas Snyder Post Master, Kernesville, Pa., to Dr. William Evans.

Among several cases the following is found: An elderly lady, who had been 25 years so afflicted with nervous hypochondria, debility, &c. that for the last three years she constantly received medical aid from a respectable physician; but the pressure and pain on her heart and breast, and especially in her left side, remained immovable, attended at long intervals with weakness in her head and on her mind, keeping her discouraged to undertake any thing. In May she commenced using Dr. W. Evans' medicines according to the directions accompanying them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health which for the last ten years she has not enjoyed.

MALE ACADEMY,

(WARRENTON, N. C.)

ROBERT A. EZELL, A. M. Principal.

THE Scholastic year is divided into two Sessions, of five months each—the first commencing on the first Monday in January, and the second, on the first Monday in July of each year.

In bringing this Institution again before the public notice, the undersigned begs leave respectfully to point to the standing and standing of his Students, as well of those who have been prepared for College, as of those who have completed their education with him, as the best test of his method of teaching, and of his skill and fidelity in his profession. At the risk of being deemed old fashioned in the discipline of Boys, he hesitates not to say that he has sometimes found the moderate use of the rod indispensable in the management of some Students and, therefore, while he takes no pleasure in its use, as a last resort, he will continue to apply it whenever, in his judgment, the case requires it.

In instances, however, in which all means fail of correction, the offending Student will be invariably dismissed from the Institution, but his example prove pernicious to the remainder of the boys. And no Student will be admitted to the School, who is known to be disorderly in his conduct, or rude in his behavior. None, therefore, of such character, need apply for admission.

In the Mathematical Department, the Text Books used are chiefly those by Professor DAVIES; and Professor AXTON's series of Classical Works is used in the Department of Languages.

Board may be obtained in the family of the Principal, or in other private families, at the ordinary rate, say \$8 to \$10.

The school is divided into three classes; the tuition of the first is 12½, of second 10, and of the third 7½ dollars per session.
