

DISEASE A UNIT,

Impurity of the BLOOD the only Disease.

HOW simple, yet how wise, how good and beautiful are all the laws of nature? Simplicity and truth are stamped upon every law of the creation. The mighty worlds which roll in space in every degree of velocity and direction are all governed by

ATTRACTION OF MATTER TO MATTER.

This principle governs the human body. *Brandreth's Vegetable Universal Pills* attract all impurities of the blood to the bowels, which organ expels them from the body. Attraction and disease are both units. All accidents or infections only affect the body in proportion as they occasion impurity of the blood.

The bowels for instance are costive—the most important organ is closed—the consequence is a great accumulation of impurities, which, as they cannot get out by their usual passage, are forced into the blood, occasioning impurity of blood. Thus, Fevers, Cholera, Rheumatism, Coughs, and Colds are often produced. But let *Brandreth's Pills* be used in such doses as will effectually evacuate the bowels, and health is restored at once.

Hot weather, by occasioning debility produces impurity of blood; from which arises Dysentery, Cholera Morbus, cramps in the bowels, feebleness, pain in the back and hip joints, headache, &c., &c. These unpleasant complaints are speedily removed by a few doses of *Brandreth's Pills*, which soon restore health by purifying the blood.

Grief, great anxieties of mind, much watching, fear, bad food, intemperance, residence near marshy land, tend in a very powerful degree to promote impurity of the blood, which soon shows itself in Erysipelas, consumption, epileptic fits, apoplexy, scurvy, fever and ague, derangement of the stomach and bowels, all which symptoms will soon be removed by purifying the blood with the *Brandreth Pills*.

Small pox, scarlet fever, putrid fevers, even spotted fever, and fevers of all kinds are propagated only by those whose blood is in a state of impurity; these maladies are mild or virulent according as the blood be charged with impurities previous to the infection being received, and never attack those whose blood is in a state of purity. The *Brandreth Pills*, by purifying the blood, soon cure these maladies; in fact the Pills go at once to collect all the causes of these complaints, which are brought by their health restoring powers to the bowels, and so removed out of the body, leaving the blood pure and healthy.

Fracture, bruises, &c. &c., produce impurity of the blood by occasioning a derangement of the general health. If *Brandreth Pills* are not used so as to prevent an accumulation of humors in the bowels, these humors pass into the blood, and soon find their way to the weak part, i. e. the local injury, and are likely soon to produce inflammation, often mortification of the part. Whereas, were the *Brandreth Pills* used daily after any injury had been done to the body, nothing would go to the injured part but what was necessary for its perfect restoration. Often when a bone has been broken and this advice has been followed, it has got well in a quarter the usual time. It would be well for those exposed to dangers to consider this subject, its adoption might save their bodies from mutilations, might save their lives.

Ulcers are produced by impurity of the blood; the part where it breaks out had in days gone by been injured, and therefore its powers of life could not repel the impurity of the blood when it settled upon it. Soon the acidity or serosity excoerates the fibres and opens the ulcers. Here we have a drain or outlet opened for the bad humors, for the impurity of the blood to pass out of the body. Salves and all kinds of applications are applied to it, but it don't get well. But let *Brandreth's Pills* be used, say four or six of them to be taken daily, the Pills will open another drain, i. e. the bowels; the bad humors contained in the blood will thus be discharged from the body by their natural outlet, and none will be left to keep up the irritation and burning in the ulcer, and it will get well. In like manner are white swellings, unnatural enlargements, liver complaints, gravel, salt rheum, disease of the prostate gland, cured by abstracting with the *Brandreth Pills* the impurities from the blood. All persons who do not feel well should use these Pills. No man was ever sick long whose blood was kept pure. No man can be in good health if his blood be impure.

Attract then the impurities of your blood to your bowels with *Brandreth's Pills* and you will be as strong and healthy as the life within you is capable of sustaining.

Agents are appointed in every county in the state, for the sale of *Dr. Brandreth's Pills*. Each agent has an engraved certificate of agency, signed B. Brandreth, M.D. R. HAZLEWOOD, trav. ag't.

Just received, a fresh supply of the above invaluable medicine.

Doctor Wm. EVANS'

SOOTHING SYRUP

For children Teething,

PREPARED BY HIMSELF.

To Mothers and Nurses.

THE passage of the Teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is great irritation in the mouth and gums during this process. The gums swell, the secretion of saliva is increased, the child is seized with frequent and sudden fits of crying, watchings, starting in the sleep, and spasms of peculiar parts, the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms, would apply Dr. William Evans's Celebrated Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady, convulsions.

This infallible remedy has preserved hundreds of Children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores. Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums; thereby preventing Convulsions, Fevers, &c.

To the Agent of Dr. Evans' Soothing Syrup: Dear Sir—The great benefit afforded to my suffering infant by your Soothing Syrup, in a case of protracted and painful dentition, must convince every feeling parent how essential an early application of such an invaluable medicine is to relieve infant misery and torture. My infant, while teething, experienced such acute sufferings, that it was attacked with convulsions, and my wife and family supposed that death would soon release the babe from anguish till we procured a bottle of your Syrup; which as soon as applied to the gums a wonderful change was produced, and after a few applications the child displayed obvious relief, and by continuing in its use. I am glad to inform you, the child has completely recovered, and no recurrence of that awful complaint has since occurred; the teeth are emanating daily and the child enjoys perfect health. I give you my cheerful permission to make this acknowledgment public, and will gladly give any information on this circumstance.

When children begin to be in pain with their teeth, shooting in their gums, put a little of the Syrup in a tea-spoon, and with the finger let the child's gums be rubbed for two or three minutes, three times a day. It must not be put to the breast immediately, for the milk would take the syrup off too soon. When the teeth are just coming through their gums, mothers should immediately apply the syrup; it will prevent the children having a fever, and undergoing that painful operation of lancing the gums, which always makes the tooth much harder to come through, and sometimes causes death.

MOFFAT'S

Vegetable Life Pills

And Phenix Bitters.

THESE Medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, and to the undoubted fact that at a very early period in their history they had rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day, prescribed by physicians, had utterly failed, in which cases they also permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great indeed had their efficacy invariably proved, that it was scarcely less than miraculous to those who were unacquainted with the beautifully philosophical principles upon which they were compounded, and upon which they consequently act.

The following are among the distressing variety of human diseases, to which

The Vegetable Life Pills

Are well known to be infallible:—

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind: **Flatulency**, **Palpitation of the heart**, **Loss of appetite**, **heart-burn** and **headache**, **restlessness**, **ill temper**, **anxiety**, **languor** and **melancholy**, which are the general symptoms of **Dyspepsia**, will vanish as a natural consequence of its cure. **Costiveness**, by cleansing the whole length of the intestines with a solvent process and without violence; all violent purges leave the bowels costive within two days. **Diarrhoea** and **cholera**, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretions of the mucous membrane. **Fevers of all kinds**, by restoring the blood to a regular circulation through the process of perspiration in some cases, and the thorough solution of all intestinal obstructions in others.

The Life Medicines

Have been known to cure **Rheumatism** permanently in three weeks, and **Gout** in half that time, by removing local inflammation from the muscles and ligaments of the joints. **Dropsies of all kinds**, by freeing and strengthening the kidneys and bladder; they operate most delightfully on those important organs, and hence have ever been found a certain remedy for the worst cases of **gravel**. Also **Worms**, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere; **Asthma** and **consumption**, by relieving the air vessels of the lungs from the mucus, which even slight colds will occasion, which if not removed becomes hardened, and produces those dreadful diseases. **Scurvy**, **Ulcers**, and **inveterate Sores**, by the perfect purity which these Life Pills give to the blood, and all the humors; **Scorbutic Eruptions** and **bad complexions**, by their alterative effect upon the fluids that feed the skin, the morbid state of which occasions all **Eruptive complaints**, **sallow**, **cloudy**, and other **disagreeable complexions**. The use of these pills for a very short time, will effect an entire cure of **Salt rheum**, **Erysipelas**, and a striking improvement in the **clearness of the skin**. **Common colds** and **Influenza**, will always be cured by one dose, or by two, even in the worst cases. **Piles**—as a remedy for this most distressing & obstinate malady, the Vegetable Life Pills deserve a distinct and emphatic recommendation. It is well known to hundreds in the city of New York, that the originator of these invaluable Pills was himself afflicted with this complaint for upwards of thirty five years, and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica.—He however, at length, tried the Medicine which he now offers to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial.

In addition the numerous testimonials in their favor, which accompany the above medicines, many references in this vicinity of their beneficial effects can be given on application to the subscriber, who offers them for sale.
