WORMS! WORMS!!

Startling Facts.

UNDREDS of children and adults some other cause has been supposed to be the true one. It is admitted by all Doctors that scarce a man, woman or child exists but what are sooner or later troubled with worms, and in hundreds of cases, sad to relate, a supposed fever, scarlatina, cold, or some other ailing carries off the flowers of the whole human family-while in truth they die of Worms! and these could have been eradicated in a day, by the use of a bottle of

Kolmstock's Vermifuge,

At the cost of a quarter of a dollar! -How sickening the thought that these things should be-and who can forgive themselves for not trying this Worm Ex terminator, when they know that even it the case was not worms, this remedy could not by any possibility do hurt-but always good as a purgative-let the disease be what it may. How important then to use it, and who will dare take the responsibility to do without it? Let eve ry parent that is not a brute, ask them selves this question in truth & soberness.

In some of the best families in the neighborhood of St. John's Park, it has been extensively used, from the circumstance of having eradicated a large quantity of worms, after all other remedies had failed, which was extensively known in that iy removed by a few doses of Brandreth's part of the city.

In numerous cases other complaints fying the blood. were supposed to exist, and the persons treated for fever, &c. but finally a trial of this Vermifuge discovered the true cause of the sickness, by bringing away almost an innumerable quantity of Worms, large and small, and the persons recovered with great despatch. lastances of this kind might be cited to an immense extent, but it is useless, one trial for 25 cents will show any one with astonish ment the certain effects of this Vermifuge

Caution .- Never buy this article unless it have "Dr Kolmstock's Vermifuge' handsomely engraved on the outside label. and the fac-simile of Comstock & Co. thus-Comstock & Co., New York, are the sole agents for it.

GEO. HOWARD Tarboro', June 3 1841.

Doctor Wm. EVANS' SOOTHING SYRUI

For children Teething, PREPARED BY HIMSELF. -000-

To Mothers and Nurses.

THE passage of the Teeth through the gums produces troublesome and dangerous symptoms. It is known by moth-Grief, great anxieties of mind, much or summer complaint, fainting, oppression ers that there is great irritation in the mouth and goms during this process. The gums swell, the secretion of saliva is increased, the child is seized with frequent and sudden fits of crying, watchings, starting in the sleep, and spasms of peculiar parts, the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally sopervene, and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms, would apply Dr. William Evans's Celebrated Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from never attack those whose blood is in a whooping cough, asthma, tightness of being suddenly attacked with that fatal

This infallible remedy has preserved hundreds of Children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacions, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to without the Syrup in the nursery where scrofulous and other tumours, ulcers, sore there are young children; for if a child legs, old and fresh wounds, sprains and wakes in the night with pain in the gums, bruises, swellings & inflammations, scalds the Syrup immediately gives ease by open- and burns, scald head, women's sore ing the pores and healing the gums; there- breast, rheumatic pains, tetters, eruptions by preventing Convolsions, Fevers, &c.

To the Agent of Dr. Evans' Soothing and external diseases generally. Syrup: Dear Sir-The great benefit afforded to my suffering infant by your Elixir, prepared from the recipe of the Soothing Syrup, in a case of protracted celebrated Dr. Blake, of London, adopted and painful dentition, must convince every and recommended by the London Medical feeling parent how essential an early ap- Society in 1839. It is believed to be the plication of such an invaluable medicine best compound for the tooth ache ever inis to relieve infant misery and torture, My vented, and able to cure it in all cases exinfant, while teething, experienced such cept when connected with a rheumatic acute sufferings, that it was attacked with affection. convulsions, and my wife and family supposed that death would soon release the babe from anguish till we procured a bot- led for the cure of scrofula or king's evil, tle of your Syrup; which as soon as applied to the gums a wonderful change was scalds, chilblains, breaking out on chilproduced, and after a few applications the dren's heads, eruption, or pimples on the child displayed obvious relief, and by con- face, breaking out on the mouth, scorbule tinning in its use. I am glad to inform pleers, & ulcerated sore legs, sore breasts, you, the child has completely recovered, and cancerous humors. and no recurrence of that awful complaint has since occurred; the teeth are emanating daily and the child enjoys perfect health. I give you my cheerful permission to make this acknowledgment public, and be discharged from the body by their na- hue, fits, bad taste in the mouth, difficult will gladly give any information on this

When children begin to be in pain with their teeth, shooting in their gums, put a little of the Syrup in a tea-spoon, and with the finger let the child's gums be rubbed for two or three minutes, three times a day. It must not be put to the breast immediately, for the milk would take the syrop off too soon. When the teeth are just coming through their gums, mothers should immediately apply the syrup; it will prevent the children having a fever, and undergoing that painful operamakes the tooth much harder to come Bitter Root, Golden Seal, Clivers, through, and sometimes causes death.
