

To all the world who use Leather in any form.  
**Oil of Tannin,**  
 Or, Leather Restorer.  
 A NEW CHEMICAL DISCOVERY.

**MOST** people know, that Skins and Hides are converted into Leather by the use of Tannin extracted from certain barks, &c.

When the force and strength of the Tannin is worn out, leather becomes dead, hard, dry, brittle, cracked, covered with a crust, &c. **THIS ALL KNOWN.** To restore their life, softness, moistness, strength, smoothness, and remove all crusts, fly, or blister—restore the tannin. This substance the leather never can receive the second time; but the whole virtues of it are in this article, **THE OIL OF TANNIN**—which penetrates the stiffest and hardest leather, if it has been twenty years in use; and if it tears easily with the fingers, it imparts at once a strength that is utterly incredible until seen. It becomes like new leather, in all respects, with a delightful softness and polish, and makes all leather completely and perfectly impervious to water—particularly boots, shoes, carriage tops, harness, hose, trunks, and in fact all things made of leather, giving a splendid polish, even higher than new leather has, and at least doubling its wear and durability, in whatever manner the leather is used—**THESE ARE FACTS.**

Those who will wear old shoes, groan with corns, ride with old carriage tops—have old harness and throw them away half used—look filthy themselves, and all about them—expend double what is necessary for articles of leather, to their hearts' content, for what we care, if their prejudices are so strong they will not try a new discovery. We have no favors to ask of them, they are the greatest sufferers, and we beg for nobody's custom or patronage. Now, gentlemen, please yourselves.

None genuine unless with the fac-simile signature of Comstock & Co. For sale in Tarboro' by Geo. Howard—in Washington, by Dr. F. Gallagher—in Raleigh by Dr. N. L. Stith. April 8, 1843.

**Dr. John Sappington's ANTI-FEVER PILLS,**

ARE offered to the Public as a certain and effectual remedy for Fevers of every description.

In addition to the numerous testimonials in their favor heretofore made public, the following letter, from Mr. C. B. Hassell, of Williamston, N. C. is respectfully submitted.

Williamston, N. C. 20 Sept., 1842.  
 Doct. JOHN SAPPINGTON:  
 Dear sir,—In 1834, if I mistake not, one of your agents, arrived at this place and left with me near a hundred Boxes of your Anti-fever Pills. I sold them. In the winter of 1838 and '39, perhaps another agent arrived and I with a friend of mine bought of him 100 boxes more. In January, 1841, another agent (Mr. Stephenson) made his appearance, and my friend and I purchased of him all the Pills he had, (he was gathering up all left in this State and Virginia.) After leaving here for home, he returned in a day or two with another lot, which he had gathered along the way, and we bought all of them. I am now nearly out of those Pills again, and am at a complete loss to know where to obtain them. The only resource left me is to apply to you for direction.

I deal in Pills to a very considerable extent, but yours are the only ones that I can recommend on my own authority, or that are worth having, in my estimation. I would not give two cents for all the Pills in America for my own use; but if sick with the Billious, or Ague and Fever, (which so much prevail here,) I would not exchange yours for their weight in gold. The truth is, I believe they never have failed to cure, it taken according to directions, where the case was curable by human skill; and therefore approach infallibility nearer than any remedy ever yet discovered, for the diseases mentioned in your advertisement. Respectfully, yours  
 C. B. HASSELL.

For sale by Geo. Howard, Tarboro', C. B. Hassell, Williamston, Joseph Waldo, Hamilton, May 4, 1843.

**For Sale.**

**Dr. McNair's Acoustic Oil,** a certain cure for deafness.

**Condition Powders,** for the cure of Bots, Worms, yellow water, &c. in horses.

**GEO. HOWARD,** Tarboro', April 20.

**WORMS! WORMS!! Startling Facts.**

**HUNDREDS** of children and adults are lost yearly with Worms, when some other cause has been supposed to be the true one. It is admitted by all Doctors that scarce a man, woman or child exists but what are sooner or later troubled with worms, and in hundreds of cases, sad to relate, a supposed fever, scarlatina, cold, or some other ailing carries off the flowers of the whole human family—while in truth they die of Worms! and these could have been eradicated in a day, by the use of a bottle of

**Kolmstock's Vermifuge,**  
 At the cost of a quarter of a dollar!—How sickening the thought that these things should be—and who can forgive themselves for not trying this **Worm Exterminator**, when they know that even if the case was not worms, this remedy could not by any possibility do hurt—but always good as a purgative—let the disease be what it may. How important then to use it, and who will dare take the responsibility to do without it? Let every parent that is not a brute, ask themselves this question in truth & soberness.

In some of the best families in the neighborhood of St. John's Park, it has been extensively used, from the circumstance of having eradicated a large quantity of worms, after all other remedies had failed, which was extensively known in that part of the city.

In numerous cases other complaints were supposed to exist, and the persons treated for fever, &c. but finally a trial of this Vermifuge discovered the true cause of the sickness, by bringing away almost an innumerable quantity of Worms, large and small, and the persons recovered with great despatch. Instances of this kind might be cited to an immense extent, but it is useless, one trial for 25 cents will show any one with astonishment the certain effects of this Vermifuge.

**Caution**—Never buy this article unless it have "Dr Kolmstock's Vermifuge" handsomely engraved on the outside label, and the fac-simile of Comstock & Co., thus—Comstock & Co., New York, are the sole agents for it.

For sale in Tarboro' by Geo. Howard—in Washington by Dr. F. Gallagher—in Raleigh by Dr. N. L. Stith. January 14, 1843.

**Recommended by the Faculty.**

**Drs. A. & J Harrell's**

CELEBRATED PREPARED MEDICINES. THESE NEW AND PLEASANT REMEDIES COMPRISE

**Turner & Hughes' NORTH CAROLINA ALMANAC, For 1843,**

Just received and for sale at this Office at the Raleigh prices, viz: 10 cents single, 75 cents per dozen, \$3 50 for half a groce, \$6 for a groce, &c. Oct. 1842.

**Dr. O. C. Lin's Improved patent machine spread Strengthening Plasters.**

**THESE** plasters, greatly improved, and having the preference of all others, are warmly recommended by all doctors as invaluable for all invalids having pains in the breast, back or side. Weakness and lameness are relieved at once by their use, and the parts restored to strength and a natural warmth and health. Any person wearing one of these plasters, will be astonished and delighted at the comfort it affords. Those threatened with Lung Complaints should never trust themselves a day without wearing a plaster. It removes the irritation of incipient consumption from the lungs to the surface of the body, and draws off the internal affection. So in liver complaints, and Coughs and Colds. Children with Whooping Cough should always have one, to prevent the cough settling on the lungs. Their excellence will be understood by all on a trial.

**Health and long life.**

**THE** immense number of letters which Dr. Moffat has received, and is daily receiving from individuals in different parts of the Union, in testimony of the excellent virtues of the Life Pills and Phoenix Bitters, precludes the possibility of his laying them before the public in a printed form.

**The Life Medicines** Have in many cases been recommended and used by physicians. They have stood the severest test, and proved the most unerring remedy ever offered to the sufferer, under almost every disease. As a general family medicine they are most invaluable.

The Life Medicines have been used with success in almost every disease to which mankind is liable, and for bilious and liver complaints, with their many well known attendants, bilious and sick headache, pain and oppression after meals, giddiness, dizziness, ringing noise in the head and ears, drowsiness, heartburn, loss of appetite, wind, spasms, &c., they are acknowledged to be vastly superior to any thing ever before offered to the public, and for those of a full habit of body, they will prove invaluable; while as a general family aperient, for either sex, they cannot fail to ensure the universal satisfaction.

**The efficacy of the LIFE PILLS And Phoenix Bitters**

Is most certain, if freely given on the attack of fever, influenza, measles, sore throat, recent colds, with cough, and other inflammatory disorders. In rheumatism and chronic complaints they have also performed the most extraordinary cures, when used with perseverance.

Since the first introduction of Dr. Moffat's Life Medicines to his fellow citizens, they have in every case, fully maintained the high character they so well deserved. Patients who had for years drawn on a miserable existence, and many who had lost the use of their limbs by rheumatism and paralysis, have been restored to health, strength and comfort, after the usual remedies had been found useless. Its astonishing and almost miraculous effects have also been experienced, in the cure of nervous and rheumatic pains of the head and face, paralytic affections, contracted and stiff joints, glandular swellings, pains of the chest and bones, chronic rheumatism, palpitation of the heart, difficult respiration, &c.

Complaints arising from a vitiated state of the blood are easily subdued by the powerful efficacy of these mild and salutary medicines.

In addition to the numerous testimonials in their favor, which accompany the above medicines, many references in this vicinity of their beneficial effects can be given on application to the subscriber, who offers them for sale.

**GEO. HOWARD, Agent** Tarboro', January 17, 1843.

**For Sale.**

**Bullard's Oil Soap,** for cleansing coat collars, woollen, linen, and cotton goods, from spots occasioned by grease, paint, tar, varnish, & oils of every description, without injury to the finest goods. It also possesses very healing and penetrating qualities, and is used with perfect safety for bathing various external complaints, upon man or beast. It is the best remedy, if thoroughly used, for sprains, chilblains, poisons, scalds, burns, sore lips, chapped or cracked hands, cutaneous eruptions, or pimples faces, that is known. For places chafed by the harness or saddle, sprained shoulders, scratches, &c. on horses, there is no composition that exceeds this.

**GEO. HOWARD,** Tarboro', March 25, 1843.

**\$100 Reward.**  
 RAN AWAY from the Subscriber, about eighteen months since, my negro boy **STEWART,**

About 35 or 40 years of age, 5 feet 8 or 9 inches in height, and dark complected. He is well known in the vicinity where I formerly resided, in Martin county, and has a wife at Riderick Purvis's, near where it is supposed he is lurking. The above reward will be paid on his delivery to Levi Howell, Halifax county. Should he be injured or killed in taking him, the person will not be held responsible.

**Notice.**

**THE** Subscriber offers for sale on very moderate and accommodating terms, **A good Cotton Gin,** Of 37 saws—it is in prime order and ready for immediate use.

**GEO. HOWARD,** Tarboro', June 3, 1841.

**Doctor Wm. EVANS' SOOTHING SYRUP**

For children Teething, PREPARED BY HIMSELF.

To Mothers and Nurses.

**THE** passage of the Teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is great irritation in the mouth and gums during this process. The gums swell, the secretion of saliva is increased, the child is seized with frequent and sudden fits of crying, watchings, starting in the sleep, and spasms of peculiar parts; the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms, would apply Dr. William Evans's Celebrated Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady, convulsions.

This infallible remedy has preserved hundreds of Children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months; though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores. Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums; thereby preventing Convulsions, Fevers, &c.

To the Agent of Dr. Evans' Soothing Syrup: Dear Sir—The great benefit afforded to my suffering infant by your Soothing Syrup, in a case of protracted and painful dentition, must convince every feeling parent how essential an early application of such an invaluable medicine is to relieve infant misery and torture. My infant, while teething, experienced such acute sufferings, that it was attacked with convulsions, and my wife and family supposed that death would soon release the babe from anguish till we procured a bottle of your Syrup which as soon as applied to the gums a wonderful change was produced, and after a few applications the child displayed obvious relief, and by continuing in its use. I am glad to inform you, the child has completely recovered, and no recurrence of that awful complaint has since occurred; the teeth are emanating daily and the child enjoys perfect health. I give you my cheerful permission to make this acknowledgment public, and will gladly give any information on this circumstance.

When children begin to be in pain with their teeth, shooting in their gums, put a little of the Syrup in a tea-spoon, and with the finger let the child's gums be rubbed for two or three minutes, three times a day. It must not be put to the breast immediately, for the milk would take the syrup off too soon. When the teeth are just coming through their gums, mothers should immediately apply the syrup; it will prevent the children having a fever, and undergoing that painful operation of lancing the gums, which always makes the tooth much harder to come through, and sometimes causes death.

**Beware of Counterfeits.**

**Caution.**—Be particular in purchasing to obtain it at 100 Chatham st., New York, or from the

**REGULAR AGENTS.** GEO. HOWARD, Tarboro'. M. RUSSEL, Elizabeth City. January 14.

**SHERMAN'S Camphor Lozenges,**

**GIVE** immediate relief in Nervous or sick Headache, palpitation of the heart, lowness of spirits, despondency, inflammatory or putrid sore throat, bowel or summer complaint, fainting, oppression or a sense of sinking of the chest, cholera, spasms, cramps of the stomach, cholera morbus, diarrhoea, lassitude, &c.

**Sherman's Cough Lozenges,**

Are the safest, most sure and effectual remedy for Coughs, colds, consumptions, whooping cough, asthma, lightness of the lungs or chest, &c.
