President's Message. - We insert today the Message of President Tyler. But the financial condition of the country, appears to be getting worse and worse, and we i cline to the belief that the remedy suggested by the President, will not find favor in the sight of either of the great parties of the country. The Message is an able and well written document, and merits, as it doubiless will receive, an attentive and careful perusal.

PHE ninth Session of this Institution will commence on Monday, the Sth day of January, 1844. The terms of Board and I uition are the same as heretofore published

The Undersigned takes great pleasure in reforming the patrons and friends of the School and the public generally, that he has rented the large and commodious Building formerly occupied by Mrs. Jenkins as a Boarding House situated immediately opposite to the Academy, and that he will, by this means, be enabled to board as many students as may be sent to the village from a distance. He pledges himself to the public that the morals of all boys entrusted to his immediate care and control shall be scrictly goarded, and, to accomplish this desirable end, no student from the Boarding House shall visit the town except on special occasions & never without the permis. sion of the Teacher. It is desirable that all Boys, who have no near relatives in the town or its vicinity, shall board with the Principal, upon whom devolves the great responsibility of preserving the morals of the students. It is confidently hoped that the well established character of Warrenton for health, its contiguity to the lower regions of Virginia and North Carolina, its facility of access by the Rail Road, the long and attention, the reasonable terms of the institution, and the high order of morals FENIE Georgia, South Carolina, and this enforced, will all combine to secure to the school a large and generous patronage. For any information in relation to the pro essional standing of the Principal, he would most respectfully refer gentlemen to the l'rustees of this Institution, as well as to those of the Scotland Neck and Northampton Academies, in which he has taught for the last thirteen years.
