

DR. HULL'S
VEGETABLE FEVER AND AGUE
AND ANTI FEVER
PILLS.

A certain and effectual Cure for Ague and Fever; also used successfully in the treatment of Bilious Fever, Nausea, General Debility, and Nervous Weakness.

THE most flattering recommendations of this Medicine have been received from many eminent physicians and others who have used it. And it is presumed that no medicine has ever been used whose action has been more beneficial, pleasant, and invigorating, and called forth from afflicted sufferers such expressions of heartfelt gratitude and thankfulness. Persons taking the pills soon find themselves relieved—Chill broken! Fever gone!! Stomach and head free and healthful!!! Strength and appetite increasing and improving, and all nervous weakness fled.

When taken according to the directions accompanying them, they never fail to cure the Chill and Fever the first day, and never sicken the stomach or operate upon the bowels.

Their action upon the whole system is so charming, that persons are invariably surprised and pleased with their rapid and complete restoration to health.

The pills are purely and solely Vegetable; and the happy combination of the ingredients and their proportions are such as to produce a medicine which never fails to relieve when relief is at all attainable.

Each box contains 20 doses of pills—Price, One Dollar. Apply to Geo. Howard, Agent, Tarboro'.

DR. SPENCER'S
Vegetable Pills,
A PUBLIC BLESSING.

THESE Pills whenever they have been fairly tried, have established an enviable celebrity, and are daily superseding all other preparations of medicine in curing those diseases for which they are recommended. It is believed that the rapidity of the sale of this invaluable medicine (in those States of the Union where they have been introduced) and the reputation it has acquired in the brief space of twelve months, has heretofore been unprecedented in the annals of Medicine since the days of Hippocrates, the father of the healing art, to the present time.

Numerous testimonials in favor of these Pills might here be given, but let the following suffice:—

[From Mr. Isaac M. Thomas, Merchant, at Talladega Springs, Alabama.]
Talladega Springs, Talladega Co. Ala.
August 17, 1842.

This is to certify, that I have been afflicted with Sick Headache, Dyspepsia and Liver Complaint, and Costiveness for the last eight or nine years; during which time I had taken as well as I recollect, a bout sixty boxes of Beckwith's pills, twelve boxes of Peter's pills, and a number of boxes of Champion's and Brandreth's pills, all of which afforded me but little or no relief. At last I was recommended to try Dr. Spencer's Vegetable pills, AND WELL I DID: for I never had but one attack of the Sick Headache after I commenced taking the pills, (now about six months,) and I candidly confess, that I have derived more real benefit from the use of Spencer's pills, than from all the other medicines and pills that I have ever taken, and I would earnestly recommend them to ALL, as being in my opinion, the best medicine in use for all lingering complaints. The pills have done me so much good, that I would not feel willing to be without them for five dollars a box; and I cannot but feel very grateful to Dr. Spencer for having prepared such a valuable medicine, and the distribution of it is conferring a very great favor on the public, as it is a thing of the utmost importance that every family should have a supply of Dr. Spencer's truly valuable pills constantly on hand.

To all the world who use Leather in any form.

Oil of Tannin,
Or, **Leather Restorer.**

A NEW CHEMICAL DISCOVERY.

MOST people know, that Skins and Hides are converted into Leather by the use of Tannin extracted from certain barks, &c.

When the force and strength of the Tannin is worn out, leather becomes dead, hard, dry, brittle, cracked, covered with a crust, &c. THIS ALL KNOW.

To restore then life, softness, moistness, strength, smoothness, and remove all crusts, fly, or blister—restore the tannin. This substance the leather never can receive the second time; but the whole virtues of it are in this article, THE OIL OF TANNIN—which penetrates the stiffest and hardest leather, if it has been twenty years in use; and if it tears easily with the fingers, it imparts at once a strength that is utterly incredible until seen. It becomes like new leather, in all respects, with a delightful softness and polish, and makes all leather completely and perfectly impervious to water—particularly boots, shoes, carriage tops, harness, borse, trunks, and in fact all things made of leather, giving a splendid polish, even higher than new leather has, and at least doubling its wear and durability, in whatever manner the leather is used.—

THESE ARE FACTS.

Those who will wear old shoes, groan with corns, ride with old carriage tops—have old harness and throw them away half used—look filthy themselves, and all about them—expend double what is necessary for articles of leather, to their hearts' content, for what we care, if their prejudices are so strong they will not try a new discovery. We have no favors to ask of them, they are the greatest sufferers, and we beg for nobody's custom or patronage. Now, gentlemen, please yourselves.

None genuine unless with the fac-simile signature of Comstock & Co.

Dr. John Sappington's
ANTI-FEVER PILLS,
ARE offered to the Public as a certain and effectual remedy for Fevers of every description.

In addition to the numerous testimonials in their favor heretofore made public, the following letter, from Mr. C. B. Hassell, of Williamston, N. C. is respectfully submitted.

Williamston, N. C. 20 Sept., 1842.
DOCT. JOHN SAPPINGTON:

Dear Sir,—In 1834, if I mistake not, one of your agents, arrived at this place and left with me near a hundred Boxes of your Anti-fever Pills. I sold them. In the winter of 1838 and '39, perhaps, another agent arrived and I with a friend of mine bought of him 100 boxes more. In January, 1841, another agent (Mr. Stephenson) made his appearance, and my friend and I purchased of him all the Pills he had, (he was gathering up all left in this State and Virginia.) After leaving here for home, he returned in a day or two with another lot, which he had gathered along the way, and we bought all of them. I am now nearly out of those Pills again, and am at a complete loss to know where to obtain them. The only resource left me is to apply to you for direction.

I deal in Pills to a very considerable extent, but yours are the only ones that I can recommend on my own authority, or that are worth having, in my estimation. I would not give two cents for all the Pills in America for my own use; but if sick with the Billious, or Ague and Fever, (which so much prevail here,) I would not exchange your's for their weight in gold. The truth is, I believe they never have failed to cure, if taken according to directions, where the case was curable by human skill; and therefore approach intal libility nearer than any remedy ever yet discovered, for the diseases mentioned in your advertisement. Respectfully, yours

C. B. HASSELL.

WORMS! WORMS!!
Startling Facts.

HUNDREDS of children and adults are lost yearly with Worms, when some other cause has been supposed to be the true one. It is admitted by all Doctors that scarce a man, woman or child exists but what are sooner or later troubled with worms, and in hundreds of cases, sad to relate, a supposed fever, scarlatina, cold, or some other ailment carries off the flowers of the whole human family—while in truth they die of Worms! and these could have been eradicated in a day, by the use of a bottle of

Kolmstock's Vermifuge,

At the cost of a quarter of a dollar!—How sickening the thought that these things should be—and who can forgive themselves for not trying this Worm Exterminator, when they know that even if the case was not worms, this remedy could not by any possibility do hurt—but always good as a purgative—let the disease be what it may. How important then to use it, and who will dare take the responsibility to do without it? Let every parent that is not a brute, ask themselves this question in truth & soberness.

In some of the best families in the neighborhood of St. John's Park, it has been extensively used, from the circumstance of having eradicated a large quantity of worms, after all other remedies had failed, which was extensively known in that part of the city.

In numerous cases other complaints were supposed to exist, and the persons treated for fever, &c. but finally a trial of this Vermifuge discovered the true cause of the sickness, by bringing away almost an innumerable quantity of Worms, large and small, and the persons recovered with great despatch. Instances of this kind might be cited to an immense extent, but it is useless, one trial for 25 cents will show any one with astonishment the certain effects of this Vermifuge.

Caution—Never buy this article unless it have "Dr. Kolmstock's Vermifuge" handsomely engraved on the outside label, and the fac-simile of Comstock & Co., thus—Comstock & Co., New York, are the sole agents for it.

B. Brandreth's Pills.

THESE PILLS are so well known for a mild yet effectual purgative, that it is almost useless to say any thing about their excellent qualities. At the present season they will be found to be very valuable to all who wish to secure themselves against sickness. As a general family and antibilious medicine they are without a rival. The lowness of spirits, acute headache, &c. &c., to which all are more or less subject in this climate, are removed immediately by a dose of the

Brandreth Pills.

They are alike safe for children as to every other period of life, and require no extra attention in diet or clothing. Their virtues may be summed up as a medicine which straightens the teetle, and consolidates the muscle of the strong; and will be found of its finite value to females of all classes who wish to be secure from sickness.

OBSERVE—No Brandreth Pills are genuine unless each box has upon it three labels, and on each label two signatures of Dr. Benjamin Brandreth. So that each box to be genuine must have six signatures of Dr. Brandreth upon it. A fresh supply of the above Pills just received and for sale by

Strengthening Plasters.

THESE plasters, greatly improved, and having the preference of all others, are warmly recommended by all doctors as invaluable for all invalids having pains in the breast, back or side. Weakness and lameness are relieved at once by their use, and the parts restored to strength and a natural warmth and health. Any person wearing one of these plasters, will be astonished and delighted at the comfort it affords. Those threatened with Lung Complaints should never trust themselves a day without wearing a plaster. It removes the irritation of incipient consumption from the lungs to the surface of the body, and draws off the internal affection. So in liver complaints, and Coughs and Colds. Children with Whooping Cough should always have one, to prevent the cough settling on the lungs. Their excellence will be understood by all on a trial.

Health and long life.

THE immense number of letters which Dr. Moffat has received, and is daily receiving from individuals in different parts of the Union, in testimony of the excellent virtues of the Life Pills and Phœnix Bitters, precludes the possibility of his laying them before the public in a printed form.

The Life Medicines

Have in many cases been recommended and used by physicians. They have stood the severest test, and proved the most unfailing remedy ever offered to the sufferer, under almost every disease. As a general family medicine they are most invaluable.

The Life Medicines have been used with success in almost every disease to which mankind is liable, and for bilious and liver complaints, with their many well known attendants, bilious and sick headache, pain and oppression after meals, giddiness, dizziness, ringing noise in the head and ears, drowsiness, heartburn, loss of appetite, wind, spasms, &c., they are acknowledged to be vastly superior to any thing ever before offered to the public, and for those of a full habit of body, they will prove invaluable; while as a general family aperient, for either sex, they cannot fail to ensure the universal satisfaction.

The efficacy of the
LIFE PILLS
And Phœnix Bitters

Is most certain, if freely given on the attack of fever, influenza, measles, sore throat, recent colds, with cough, and other inflammatory disorders. In rheumatism and chronic complaints they have also performed the most extraordinary cures, when used with perseverance.

Since the first introduction of Dr. Moffat's Life Medicines to his fellow citizens, they have in every case, fully maintained the high character they so well deserved. Patients who had for years drawn on a miserable existence, and many who had lost the use of their limbs by rheumatism and paralysis, have been restored to health, strength and comfort, after the usual remedies had been found useless. Its astonishing and almost miraculous effects have also been experienced, in the cure of nervous and rheumatic pains of the head and face, paralytic affections, contracted and stiff joints, glandular swellings, pains of the chest and bones, chronic rheumatism, palpitation of the heart, difficult respiration, &c.

Complaints arising from a vitiated state of the blood are easily subdued by the powerful efficacy of these mild and salutary medicines.

In addition to the numerous testimonials in their favor, which accompany the above medicines, many references in this vicinity of their beneficial effects can be given on application to the subscriber, who offers them for sale.
