

**DR. HULL'S**  
VEGETABLE FEVER AND AGUE  
AND ANTI FEVER  
**PILLS.**

*A certain and effectual Cure for Ague and Fever; also used successfully in the treatment of Bilious Fever, Nausea, General Debility, and Nervous Weakness.*

THE most flattering recommendations of this medicine have been received from many eminent physicians and others who have used it. And it is presumed that no medicine has ever been used whose action has been more beneficial, pleasant, & invigorating, and called forth from afflicted sufferers such expressions of heartfelt gratitude and thankfulness. Persons taking the pills soon find themselves relieved—Chill broken! Fever gone!! Stomach and head free and healthful!!! Strength and appetite increasing and improving, and all nervous weakness fled.

When taken according to the directions accompanying them, they never fail to cure the Chill and Fever the first day, and never sicken the stomach or operate upon the bowels.

Their action upon the whole system is so charming, that persons are invariably surprised and pleased with their rapid and complete restoration to health.

The pills are purely and solely Vegetable; and the happy combination of the ingredients and their proportions are such as to produce a medicine which never fails to relieve when relief is at all attainable.

Each box contains 20 doses of pills—Price, One Dollar. Apply to  
*Geo. Howard, Agent, Tarboro'.*

**DR. SPENCER'S**  
**Vegetable Pills,**  
A PUBLIC BLESSING.

THESE pills whenever they have been fairly tried, have established an enviable celebrity, and are daily superceding all other preparations of medicine in curing those diseases for which they are recommended. It is believed that the rapidity of the sale of this invaluable medicine (in those States of the Union where they have been introduced) and the reputation it has acquired in the brief space of twelve months, has heretofore been unprecedented in the annals of medicine since the days of Hippocrates, the father of the healing art, to the present time.

Numerous testimonials in favor of these pills might here be given, but let the following suffice:—

[From Mr. Isaac M. Thomas, merchant, at Talladega Springs, Alabama.]  
*Talladega Springs, Talladega Co. Ala., August 17, 1842.*

This is to certify, that I have been afflicted with sick headache, dyspepsia and liver complaint, and costiveness for the last eight or nine years; during which time I had taken as well as I recollect, about sixty boxes of Beekwith's pills, twelve boxes of Peters' pills, and a number of boxes of Champion's and Brandreth's pills, all of which afforded me but little or no relief. At last I was recommended to try Dr. SPENCER'S VEGETABLE PILLS, AND WELL I DID: for I never had but one attack of the sick headache after I commenced taking the pills, (now about six months), and I candidly confess, that I have derived more real benefit from the use of Spencer's pills, than from all the other medicines and pills that I have ever taken, and I would earnestly recommend them to all, as being in my opinion, the best medicine in use for all lingering complaints. The pills have done me so much good, that I would not feel willing to be without them for five dollars a box; and I cannot but feel very grateful to Dr. Spencer for having prepared such a valuable medicine, and the distribution of it is conferring a very great favor on the public, as it is a thing of the utmost importance that every family should have a supply of Dr. Spencer's truly valuable pills constantly on hand.

To all the World who use Leather  
IN ANY FORM.

**Oil of Tannin,**  
Or, **Leather Restorer.**

A NEW CHEMICAL DISCOVERY.

MOST people know, that skins and hides are converted into leather by the use of Tannin, extracted from certain barks, &c. When the force and strength of the Tannin is worn out, leather becomes dead, hard, dry, brittle, cracked, covered with a crust, &c. THIS ALL KNOW. To restore then life, softness, moistness, strength, smoothness, & remove all crusts, fly, or blister—*restore the tannin.* This substance the leather never can receive the second time; but the whole virtues of it are in this article, the

**Oil of Tannin,**

Which penetrates the stiffest and hardest leather, if it has been twenty years in use; and if it tears easily with the fingers, it imparts at once a strength that is utterly incredible until seen. *It becomes like new leather,* in all respects, with a delightful softness and polish, and makes all leather completely and perfectly impervious to water—particularly boots, shoes, carriage tops, harness, hose, trunks, and in fact all things made of leather, giving a splendid polish, even higher than new leather has, and at least doubling its wear and durability, in whatever manner the leather is used. THESE ARE FACTS.

Those who will wear old shoes, groan with corns, ride with old carriage tops—have old harness and throw them away half used—look filthy themselves, and all about them—expend double what is necessary for articles of leather, to their hearts' content, for what we care, if their prejudices are so strong they will not try a new discovery. We have no favors to ask of them, they are the greatest sufferers, and we beg for nobody's custom or patronage. Now, gentlemen, please yourselves.

None genuine unless with the fac-simile signature of *Comstock & Co.*

**Doctor Wm. EVANS'**

**SOOTHING SYRUP**

For children Teething,

PREPARED BY HIMSELF.

To Mothers and Nurses.

THE passage of the teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is great irritation in the mouth and gums during this process. The gums swell, the secretion of saliva is increased, the child is seized with frequent and sudden fits of crying, watchings, starting in the sleep, and spasms of peculiar parts, the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant. Mothers who have their little babes afflicted with these distressing symptoms, should apply Dr. William Evans' celebrated Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady, convulsions.

**Evans' Family Aperient Pills**

Are purely vegetable, composed with the strictest precision of science and of art; they never produce nausea, and are warranted to cure the following diseases, which arise from the impurities of the blood, viz: Consumption, coughs, and colds, nervous diseases, liver complaint, dyspepsia, bilious diseases, piles, ulcers, female weakness, & all cases of hypochondriacism, low spirits, palpitation of the heart, nervous irritability, nervous weakness, fluor albus, seminal weakness, chlorosis or green sickness, flatulency, hysterical faintings, hysterics, head aches, hiccup, sea-sickness, night mare, rheumatism, asthma, tic douloureux, cramp, spasmodic affections, and those who are victims to that most excruciating disorder, Gout, will find relief from their sufferings by a course of Dr. Evans' medicines.

**Dr. Evans' Tonic Pills.**

This tonic medicine is for nervous complaints, general debility, indigestion and its consequences, as want of appetite, distension of the stomach, acidity, unpleasant taste in the mouth, rumbling noise in the bowels, nervous symptoms, languor, when the mind becomes irritable, desponding, thoughtful, melancholy and dejected. In hypochondriacism, consumption, dimness of sight, delirium, and all other nervous affections, these pills produce a safe and permanent cure.

**No Apology for Wigs.**

PLEASE to read without prejudice the following communications, which in addition to hundreds of others equally respectable should remove the doubts of every reasonable person of the uniform and singular efficacy of

**Jayne's Hair Tonic.**

SHAFTSBURY, Bennington county, Vt. Aug. 4, 1840.  
Dr. Jayne: Dear Sir,—Being acquainted with some of those recommending your HAIR TONIC, to wit: Rev. C. C. Park, Rev. Dr. Babcock, and Rev. L. Fletcher, I purchased two bottles, with a view to make an experiment. I have been quite bald for about four years, and obliged to wear a wig. Indeed it is constitutional with my family to be bald in early life. I confess, I had but little confidence in the attempt, having been so long bald, and being near 46 years of age, and that part of my head destitute of hair exceedingly smooth. I, however, commenced agreeably to your directions, and used one bottle faithfully, and with very little effect; but before I had used the second bottle, a very fine fuzzy hair became perceptible, which continued to grow, and now having used the third bottle, I have had three cuttings performed, and the prospect is very flattering that I shall again be blessed with a fine head of hair, ornamental and useful. I am extremely gratified with the prospect, and from observations made, many of my friends and acquaintances, who have heretofore regarded the preparation as deceptive, and only a catch-penny concern, are now well satisfied that it is "TRUTH—NO FICTIO."  
J. W. SAWYER.  
Pastor of the Baptist church, Shaftsbury, Vt.

We know Dr. Quigly personally, and there is no man in the country, whose opinion is entitled to more respect. He is on all subjects honest and sincere, and his high character as a Physician can be attested by the first medical men in this city.—*Philadelphia Sun.*

SHEPHERD'S TOWN, Va. Oct. 10, 1843.  
Dear Sir,—You inquire of me whether I have used your Hair Tonic, and the effects.

Several years ago my hair began to fall rapidly from the scalp, and I had the prospect of premature baldness. During several years I used various preparations recommended for the hair, from which I derived no benefit. At length a friend recommended your Hair Tonic. I used three or four bottles according to the printed directions; and at the end of six months, my hair was thick set, & since its tendency to turn grey was arrested.

I have never before given a certificate, recommending patent medicines, which indiscriminately used, as they often are, do much injury, but in a case like the present, where I know the article to be beneficial, and that it can do no harm; I have no scruples in stating facts within my own knowledge.  
Yours, &c. JOHN QUIGLY, M. D.  
DR. D. JAYNE, Philadelphia.

Tarboro', Jan 25, 1844.

**Worms! Worms!!**

Startling Facts.

HUNDREDS of children and adults are lost yearly with worms, when some other cause has been supposed to be the true one. It is admitted by all Doctors that "scarce a man, woman or child exists but what are sooner or later troubled with worms, and in hundreds of cases, sad to relate, a supposed fever, scarlatina, cold, or some other ailing carries off the flowers of the whole human family—while in truth they die of WORMS! and these could have been eradicated in a day, by the use of a bottle of

**Kolmstock's Vermifuge,**

At the cost of a quarter of a dollar!—How sickening the thought that these things should be—and who can forgive themselves for not trying this *Worm Exterminator*, when they know that even if the case was not worms, this remedy could not by any possibility do hurt—but always good as a purgative—let the disease be what it may. How important then to use it, and who will dare take the responsibility to do without it? Let every parent that is not a brute, ask themselves this question in truth and soberness.

In some of the best families in the neighborhood of St. John's Park, it has been extensively used, from the circumstance of having eradicated a large quantity of worms, after all other remedies had failed, which was extensively known in that part of the city.

In numerous cases other complaints were supposed to exist, and the persons treated for fever, &c. but finally a trial of this Vermifuge discovered the true cause of the sickness, by bringing away almost an innumerable quantity of worms, large and small, and the persons recovered with great despatch. Instances of this kind might be cited to an immense extent, but it is useless, one trial for 25 cents will show any one with astonishment the certain effects of this Vermifuge.

Caution.—Never buy this article unless it have "Dr. Kolmstock's Vermifuge" handsomely engraved on the outside label, and the fac-simile of Comstock & Co., thus—*Comstock & Co., New York,* who are the sole agents for it.

**Dr. O. C. Lin's**  
Improved patent machine spread  
**Strengthening Plasters.**

THESE plasters, greatly improved, and having the preference of all others, are warmly recommended by all doctors as invaluable for all invalids having pains in the breast, back, or side. Weakness and lameness are relieved at once by their use, and the parts restored to strength at a natural warmth and health. Any person wearing one of these plasters, will be astonished and delighted at the comfort it affords. Those threatened with Lung complaints, should never trust themselves a day without wearing a plaster. It removes the irritation of incipient consumption from the lungs to the surface of the body, and draws off the internal affection. So in liver complaints, and coughs and colds. Children with whooping cough should always have one, to prevent the cough settling on the lungs. Their excellence will be understood by all on a trial.
