PROSPECTUS OF THE
District Democrat.
(Henderson, North Carolina)

The undersigned propose to publish in the Town of Oxford, Granville County, North Carolina, a paper to be entitled the "District Democrat," devoted to Politics, Agriculture, & General Intelligence, provided a sufficient number of subscribers can be obtained to justify them in the undertaking. They deem it unnecessary to enter into a minute detail of their political tenets, but think it will suffice to say, that they are opposed to the political measures of the miscalled *whig* Party; believing them to be subversive of our Constitution, dangerous to our civil liberty, injurious to the welfare of our country, and our peace and prosperity as a nation. With such belief, we will oppose by every fair and honorable means, the election of Henry Clay of Kentucky, to the Presidential Chair, as he is the head and leader of that party, and has pledged himself to pursue the Federal policy, and to carry out to their full extent, the ruinous measures, and dangerous political experiments of the same. Moreover, having openly pledged himself to tamper with the Constitution, under which we have lived so long and so prosperously, and to destroy or mutilate that power (the Veto) which is now and was created for its safeguard, we cannot keep from viewing, as must every other true democrat, his elevation to that seat, which he is now, and has been seeking for so many years, by every means in his power, as an era in the political history of our government, that must be regarded by every true patriot with fear and apprehension, for the consequences that must ensue. Such being our opinions with regard to Mr. Clay's political character, we shall insist at the head of our columns for President and Vice President of the United States, the nominees of the Democratic National Convention, James K. Polk of Tennessee, and George M. Dallas of Pennsylvania; and shall use every fair and honorable means to ensure their election. To do this, we earnestly solicit at the hands of the democrats of the 7th Congressional District, a reasonable and competent support; being more numerous they are better able to support a press than the opposite party; and yet in the district where the democrats have a majority, the whigs support 3 newspapers, and they have not a single one with the exception of one small sheet.

Taking these things into consideration, we humbly submit, whether justice to themselves, the cause and principles they profess, and a regard for the credit of the district to which they belong does not demand at their hands some local vehicle of information on political subjects.

Farmers, Read This!

The No. Carolina Agriculturist.

We have been frequently solicited to publish an agricultural paper, and after mature deliberation, have concluded to send out proposals for such a publication to the farmers of this State for their consideration. That a work of this character is wanted in this State, no one will deny. It is now for the farmers to say whether they will have such a work, devoted entirely to their interests, or not, as this paper, if published, will be devoted exclusively to the interests of the farming community, and will discuss every subject that can possibly be of interest to that class.

The Agriculturist will be published every week, on a beautiful sheet 17 by 24 inches, at the low price of Two Dollars per annum, payable on receipt of the first number—or two dollars and fifty cents during the year.

With these brief remarks we commit the proposed paper to the hands of the friends of agriculture throughout the State, and respectfully ask their aid in sustaining the enterprise.

P. S.—It is proper to say that the Agriculturist will have no connection with the Messenger whatever; other than be printed in the same office—what appears in one will not in the other.

Subscriptions to be sent in by the 1st of September. The first number to be issued as soon thereafter as possible, provided a sufficient number be obtained to warrant the undertaking.

Every Editor in this State is requested to copy the above advertisement (together with this note,) and send a copy of his paper containing the same (marked) to the Highland Messenger. The favor will be cheerfully reciprocated, whenever desired.

JAYNE'S

Carminative Balsam.

IS a certain, safe and effectual remedy for dysentery, diarrhoea, or looseness, cholera morbus, SUMMER COMPLAINT, colic, griping pains, sour stomach, sick and nervous headach, heartburn, waterbrash, pain or sickness of the stomach, vomiting, spitting up of food after eating, and also where it passes through the body unchanged, want of appetite, restlessness and inability to sleep, wind in the stomach and bowels, hysterics, cramp, nervous tremors and twitchings, sea sickness, faintings, melancholy and lowness of spirits, fretting and crying of infants, and for all BOWEL AFFECTIONS & NERVOUS DISEASES. This is one of the most efficient, pleasant, and safe compositions ever offered to the public for the cure of the various derangements of the STOMACH and BOWELS, and the only article worthy of the least confidence for curing CHOLERA INFANTUM or SUMMER COMPLAINT; and in all the above diseases it really acts like a charm.

All persons are requested to try it, for without exception it is the most valuable family medicine ever yet discovered. Hundreds, nay, thousands, of certificates have been received from physicians, clergymen, and families of the first respectability, bearing the strongest testimony in its favor, too numerous to publish.

Certificates.

Dr. D. Jayne.—Dear Sir, having made use of your Carminative Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the public generally, believing those who are afflicted with any of these complaints will find relief in the use of this valuable medicine.

JONATHAN GOING, D. D.
President of Granville College, Ohio.

From Dr. Rev. Asa Shinn, of the Protestant Methodist church.

The undersigned having been afflicted during the past winter with a disease in the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and having tried various remedies with little effect, was furnished with a bottle of Dr. D. JAYNE'S CARMINATIVE BALSAM. This he used according to the directions, and found invariably that this medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every evening, and sometimes in the morning, and in a few weeks health was so far restored, that the sufferer was relieved from a large amount of oppressive pain. From experience, therefore, he can confidently recommend Dr. D. Jayne's Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels. A. SHINN.
Allegheny city, July 16th, 1843.

From the Rev. Dr. Bacon.

From a long acquaintance with Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as bowel affections of children, colic, cramps, looseness, dyspeptic disorders of the stomach, coughs, and affections of the breast, together with all those diseases attended with sourness of the stomach; and believe that physicians will often find it a useful remedy in their hands, and one that is proper for domestic use, and can be put into the hands of persons at large with perfect safety.

Astonishing.

AMONG the thousand Medicines advertised as "certain certain cures for pulmonary complaints,"

Jayne's Expectorant

Stands alone. Its path to public confidence has been paved, not with puffs, but CURES; and the vouchers for its efficacy include an array of names which, for character and respectability, cannot be surpassed in this country. Dr. JAYNE, being himself a physician, does not profess to perform physical impossibilities; but he does assert, and he is borne out by well authenticated facts, that in all DISEASES OF THE LUNGS AND CHEST, which are susceptible of cure without miraculous interference, his EXPECTORANT will restore the patient to health. No other medicine will remove mucus or pus from the throat so thoroughly as this. It effectually loosens the coagulated masses from the membrane which lines the trachea, and at every cough the patient will bring up portions of the disengaged matter. IN ALL COMPLAINTS OF THE PULMONARY ORGANS, even where nature seems to be making no effort to throw off the disease, JAYNE'S EXPECTORANT imparts vigor to the machinery of respiration, and enables them to disencumber themselves of the obstructions which had impeded their free operation. It has restored hundreds to perfect health, after their physicians had given them up as incurable, with CONSUMPTION, Coughs, Colds, Asthma, Influenza, Bronchitis, Hooping Cough, Spitting Blood, in a word, all diseases of a PULMONARY nature yield to this preparation, if properly administered.
