DR. SPENCER'S Vegetable Pills, A PUBLIC BLESSING.

THESE pills whenever they have been fairly tried, have established an envia- simile signature of Comstock & Co. ble celebrity, and are daily superceding all other preparations of medicine in curing those diseases for which they are recommended. It is believed that the rapidity of the sale of this invaluable medicine (in those States of the Union where they have been introduced) and the reputation it has acquired in the brief space of twelve months, has heretofore been unprecedented in the annals of medicine since the days gularly kept on hand and for sale by of Hippocrates, the father of the healing art, to the present time.

Numerous testimonials In favor of these pills might here be given, but let the following suffice:-

[From Mr. Isaac M. Thomas, merchant, SOOTHING SYRUP at Talladega Springs, Alabama.] Talladega Springs, Talladega Co. Ala.

August 17, 1842. This is to certify, that I have been afflicted with costiveness for the last eight or nine years; during which time I had taken as well as I recollect, about sixty boxes of Beckwith's pills, twelve boxes of Peters' pills, and a number of boxes of Chamaton and Brandreth's pills, all of which afforded me but little or no relief. At last I was recom-mended to try Dr. SPENCER'S VEGETABLE PIDLS, AND WELL I DID; for I never had but one king the pills, (now about six months,) and I candidly confess, that I have derived more real benefit from the use of Spencer's pills, than from all the other medicines and pills that I have ever taken, and I would earnestly recommend them TO ALL, as being in my opinion, the best medicine in use for all lingering complaints. The pills have done me so much good, that I would not feel willing to be without them for five dellars a box; and I cannot but feel very grateful to Dr. Spencer for having prepared such a valuable medicine, and wor on the public, as it is a thing of the utmost importance that every family should have a supply of Dr. Spencer's truly valuable pills constantly on ISAAC M. Shepherd's Town, Va. Oct. 10, 1843. Dear Sir,-You inquire of me whether I have

used your Hair Tonic, and the effects. Several years ago my hair began to fall rapidly from the scalp, and I had the prospect of prema-ture baldness. During several years I used various preparations recommended for the hair, from which I derived no benefit. At length a friend recommended your Hair Tonic. I used three or four bottles according to the printed directions, and at the end of six months, my hair was thick t, & since its tendency to turn grey was arrested.

I have never before given a certificate, recommending patent medicines, which indiscriminately used, as they often are, do much injury, but in a case like the present, where I know the article to be beneficial, and that it can do no harm; I have no scruples in stating facts within my own knowledge.
