GEO. HOWARD,
Tarboro', May 7, 1845

\$100 Reward

WILL BE PAID for the apprehension of my fellow
LEWIS,

Who absconded about the 4th of July last. He was purchased of Mr. Josiah Taylor; but I have understood since, his owner's name was Kitchen Taylor. Lewis is a stout, able bodied fellow, about 5 feet 10 inches high and about 23 or 24 years of age. The above reward will be paid on his being lodged in the Wilmington Jail and notice given me to that effect, or if delivered to me in Charleston, S. C., at my residence, No. 60 Tradd Street.

JOHN T. MARSHALL,

Millinery line.

All of which will be sold on her usual liberal and accommodating terms.
Tarboro', May 6, 1845.

Land for Sale.

THE subscriber being desirous to remove South, offers for sale

All of his Land,

Consisting of one tract containing 800 acres, whereon I now live, 10 miles south-east of Tarboro', on the public road leading from Tarboro' to Washington, it being a pleasant, healthy situation, with a most excellent well of water. The land lies adjoining the lands of Mr. Jesse Stancill, Mr. Frederick Hopkins and Col. Daniel Hopkins, on the great Conetoe creek, and adjoining the lands of Mr. Jesse Thomas and others on Grindle swamp. On said swamp I have a small farm of fresh land, that will make with suitable seasons some more than 100 barrels of corn annually. It is well adapted to the culture of cotton, corn, peas, and wheat; and has a considerable portion of high up land to clear. The land is well timbered with pine and oak, and if put in cultivation would produce well.

The Plantation on which I live is in part worn land, and it lies on Conetoe creek, where there is an immense quantity of made soil, and that very convenient to get; which I think to be the best manure I have ever tried. And from the experiments I have made, I believe I can make two acres of my worn land as rich as any person need to want, with less expense than I could clear one acre. I therefore view my worn land to be worth more, than if it was standing in a woodland growth of oak and hickory. I have

A part of a Swamp,

my part of which, I think, would contain 100 acres; it lies in a beautiful form for cultivation, is nearly half a mile in width, & agreeably to the estimate that has been made, the said swamp would have a descent of at least 4 or 5 feet. The growth is principally cypress and gum, the soil deep and pulverized. A canal half a mile in length would, I think, reach the border of said swamp and obtain the aforementioned descent. Also, I own

A SWAMP.

Which is nearly connected with the aforementioned swamp, all of which might be drained by the same canal. The situation of said land combines many advantages, some of which is out of my power to describe. The range for stock of every description is hard to excel. I will give a liberal credit, and will sell on accommodating terms. All persons, having a wish to buy, are requested to apply to the subscriber, examine the land and judge for themselves.

On reasonable and accommodating terms.
GEO. HOWARD,
Tarboro', Jan 25, 1845.

The N. C. Standard,

W. W. Holden, Editor and Proprietor.

When the undersigned took charge of the Standard, on the 1st of June, 1843, its list numbered about one thousand subscribers. Since that time this number has considerably increased, but it is still insufficient to support such a paper as the democracy of the State desire to have at the seat of government. All the friends of the paper, with whom the undersigned has conversed and corresponded on the subject, think that the list may be increased to at least four thousand. Cannot this be accomplished? The undersigned respectfully submits whether, out of 40,000 democratic voters in North Carolina, there cannot be obtained for the Central Journal a permanent circulation of four thousand copies?

It is needless, perhaps, to say that the Standard will be constantly devoted to the support and promulgation of democratic principles, and that its Editor will labor, month by month, & year by year, with whatever abilities he may possess, to destroy the odious and dangerous doctrines of the Federal party. And it may not be improper to state here, that at a late meeting of the Democratic State (Central Committee for North Carolina, a Resolution was passed heartily and entirely approving of the Standard since it has been under the control of the undersigned, and recommending to the party throughout the State the importance of increasing its circulation. The Standard will continue to give attention as heretofore, to miscellaneous reading, and to the general news of the day; and no efforts nor pains will be spared to render it an useful and interesting sheet. To those who, at the commencement of his labors, gave to the undersigned a generous support and confidence, and who continue to cheer him by their patronage and friendship—and indeed to the whole democratic party of the State—he tenders his sincere thanks.

Terms of the Standard.

For a single copy, three dollars per annum in advance. One copy for two years, or two copies for one year, for five dollars, in advance. For four copies ten dollars; for ten copies twenty dollars—in advance. Any person procuring and forwarding five subscribers with the cash (\$15) will be entitled to the paper one year free of charge.

GEO. HOWARD,
Tarboro', March 7.

JAYNE'S Carminative Balsam.

IS a certain, safe and effectual remedy for dysentery, diarrhoea, or looseness, cholera morbus, SUMMER COMPLAINT, colic, griping pains, sour stomach, sick and nervous headache, heartburn, waterbrash, pain or sickness of the stomach, vomiting, spitting up of food after eating, and also where it passes through the body unchanged, want of appetite, restlessness and inability to sleep, wind in the stomach and bowels, hysterics, cramp, nervous tremors and twitchings, sea sickness, faintings, melancholy and lowness of spirits, fretting and crying of infants, and for all BOWEL AFFECTIONS & NERVOUS DISEASES.

This is one of the most efficient, pleasant and safe compositions ever offered to the public for the cure of the various derangements of the STOMACH and BOWELS, and the only article worthy of the least confidence for curing CHOLERA INFANTUM or SUMMER COMPLAINT; and in all the above diseases it really acts like a charm.

All persons are requested to try it, for without exception it is the most valuable family medicine ever yet discovered. Hundreds, nay, thousands, of certificates have been received from physicians, clergymen, and families of the first respectability, bearing the strongest testimony in its favor, too numerous to publish.

Certificates.

Dr. D. Jayne.—Dear Sir, having made use of your Carminative Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the public generally, believing those who are afflicted with any of these complaints will find relief in the use of this valuable medicine.

JONATHAN GOING, D. D.,
President of Granville College, Ohio.

From the Rev. Asa Shinn, of the Protestant Methodist church.

The undersigned having been afflicted during the past winter with a disease in the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and having tried various remedies with little effect, was furnished with a bottle of Dr. D. JAYNE'S CARMINATIVE BALSAM. This he used according to the directions, and found invariably that this medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every evening, and sometimes in the morning, and in a few weeks health was so far restored, that the sufferer was relieved from a large amount of oppressive pain. From experience, therefore, he can confidently recommend Dr. D. Jayne's Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels.
A. SHINN,
Allegheny city, July 16th, 1843.

From the Rev. Dr. Bacon.

From a long acquaintance with Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as bowel affections of children, colic, cramps, looseness, dyspeptic disorders of the stomach, coughs, and affections of the breast, together with all those diseases attended with sourness of the stomach; and believe that physicians will often find it a useful remedy in their hands, and one that is proper for domestic use, and can be put into the hands of persons at large with perfect safety.
WM. BACON, M. D.,
Woodstown, Salem County, N. J. May, 1837.

JAS. M. REDMOND, Agent.

Astonishing.

AMONG the thousand Medicines advertised as certain cures for pulmonary complaints,

Jayne's Expectorant

Stands alone. Its path to public confidence has been paved, not with puffs, but CURE; and the vouchers for its efficacy include an array of names which, for character and respectability, cannot be surpassed in this country. Dr. JAYNE, being himself a physician, does not profess to perform physical impossibilities; but he does assert, and he is borne out by well authenticated facts, that in all DISEASES OF THE LUNGS AND CHEST, which are susceptible of cure without miraculous interference, his EXPECTORANT will restore the patient to health. No other medicine will remove mucus or pus from the throat so thoroughly as this. It effectually loosens the coagulated masses from the membrane which lines the trachea, and at every cough the patient will bring up portions of the disengaged matter. IN ALL COMPLAINTS OF THE PULMONARY ORGANS, even where nature seems to be making no effort to throw off the disease, JAYNE'S EXPECTORANT imparts vigor to the machinery of respiration, and enables them to disencumber themselves of the obstructions which had impeded their free operation. It has restored hundreds to perfect health, after their physicians had given them up as incurable, with CONSUMPTION, Coughs, Colds, Asthma, Influenza, Bronchitis, Hooping Cough, Spitting Blood, in a word, all diseases of a PULMONARY nature yield to this preparation, if properly administered.

Names and Prices of Dr. D. Jayne's Family Medicines, viz:
Jayne's Expectorant, per bottle, \$1 00
" Hair Tonic " 1 00
" Tonic Vermifuge " 0 50
" Carminative Balsam, large, 0 50
