More about the Magical Pain Extractor.

THIS SALVE is doing wonders, and one half of the cures and benefits that come daily to our notice cannot be published. But we think that what already has been given here to the New York public, should impress upon every family the actual necessity of always keeping this salve in the house, as a little girl's (150 Washington street) life was saved on the 3rd of this month by this salve, from a dreadful scald, and we ask all who do not fully believe it, to go there and see the child and its mother. A mother will tell you what you must believe. Also in Newark was a child's life, in case of burn, saved by it last week.

Mr. John Lyons, carman, who rides for Wm. Me. Cormick, Esq., auction and commission merchant, No. 18 Cortlandt street, had his thumb badly bitten by his horse, so that the nail and ball of the thumb was split open. The pain from it was dreadful, extending through the whole system; and he thought he should have to give up work, when he went into Messrs. Comstock & Co.'s, 21 Cortlandt street, and had applied their MAGICAL PAIN EXTRACTOR, and in three minutes the pain entirely ceased, the inflammation all was allayed, and no inconvenience was felt at all from it, when at the time he first put it on, the flesh began to grow black, and the first joint very sore and stiff, so that he could not bear to bend or touch it. I think this salve saved me one week's work, or at least nothing could have relieved me so instantaneously. He invites all who are in any way skeptical to call on him at 18 Cortlandt street; as he will be pleased to show them his thumb, and tell them personally of its magic effect.

This only real family salve is counterfeited, and the name of Comstock & Co. must be found, or it is not genuine; it is impossible to be genuine, without their fac simile signature.—**New York Express.**

DR. HULL'S VEGETABLE FEVER AND AGUE AND ANTI-FEVER PILLS.

SOME "cry humbug from envy, some from jealousy cry humbug, and some from sheer ignorance of the thing cry humbug. I do not believe every thing that shines is gold, nor do I believe that which is hastily denounced is humbug. Prove a thing and then judge it." **HULL'S PILLS** are no humbug; wherever they have been used, they have invariably given the most decided and unequivocal satisfaction. The testimony exists on every side throughout this vast country—from the Log Cabin of the Western Wilds to the City Palace of the millionaire—there are thousands of witnesses to the unrivalled efficacy of this invaluable medicine. It generally cures the Chills and Fevers the first day, and does not sicken the stomach or produce any disagreeable sensation in the system. Obsolete cases of CHILLS and FEVERS, when other preparations have failed, have yielded at once to a few doses of Hull's Pills, without any disposition of a return. They require no puffing, it is unworthy of them. The Medical Faculty are now prescribing them with unexampled success, not only in Chills and Fevers, but in Fevers of all types, grades and character, and consider them the most safe and harmless yet the most certain and prompt febrifuge that can possibly be administered in the remediate management of Fevers peculiar to this country. Full directions for use accompany each box. Price One Dollar.

DR. SPENCER'S VEGETABLE PILLS

"Prove all things, and hold fast that which is good."—PAUL.

THESE PILLS have now become the domestic medicine of almost every family. They are considered by all who have given them a trial, to be the most pleasant, safe and effectual medicine in use. They have the sanction and approval of the most eminent Physicians who have adopted them in their practice, purchase them by the dozen boxes of the agents, administer them to their patients, and recommend them as being superior to any other vegetable Pills before the public. They are not only Vegetable in name, but in substance, and act as a friend to Nature in all her operations. They may be taken by persons of any age; and the feeble and the infirm, the nervous and delicate are strengthened by their operation; because they possess tonic and restorative properties, independent of their aperient effects. And Females will find them to be decidedly the best medicine in use for the complaints peculiar to their sex. In sick-headache, costiveness, and bowel-complaint, they stand unrivalled. The habitually costive should not fail to give them a trial, as their action is entirely different from most medicines recommended for this complaint, and they leave the bowels in a fine and healthy state, as may be seen by the following certificates:

Numerous testimonials in favor of these pills might here be given, but let the following suffice:— [From Mr. Isaac M. Thomas, merchant, at Talladega Springs, Alabama.] Talladega Springs, Talladega Co. Ala. August 17, 1842.

This is to certify, that I have been afflicted with sick headache, dyspepsia and liver complaint, and costiveness for the last eight or nine years; during which time I had taken as well as I recollect, about sixty boxes of Beckwith's pills, twelve boxes of Peters' pills, and a number of boxes of Champion's and Brandreth's pills, all of which afforded me but little or no relief. At last I was recommended to try **DR. SPENCER'S VEGETABLE PILLS,** and WELL I DID; for I never had but one attack of the sick headache after I commenced taking the pills, (now about six months,) and I candidly confess, that I have derived more real benefit from the use of Spencer's pills, than from all the other medicines and pills that I have ever taken, and I would earnestly recommend them to ALL, as being in my opinion, the best medicine in use for all lingering complaints. The pills have done me so much good, that I would not feel willing to be without them for five dollars a box; and I cannot but feel very grateful to Dr. Spencer for having prepared such a valuable medicine, and the distribution of it is conferring a very great favor on the public, as it is a thing of the utmost importance that every family should have a supply of Dr. Spencer's truly valuable pills constantly on hand. To all the World who use Leather IN ANY FORM. Oil of Tannin, or, Leather Restorer,

A NEW CHEMICAL DISCOVERY.

MOST PEOPLE KNOW, that skins and hides are converted into leather by the use of Tannin, extracted from certain barks, &c. When the force and strength of the Tannin is worn out, leather becomes dead, hard, dry, brittle, cracked, covered with a crust, &c. **THIS ALL KNOW.** To restore then life, softness, moistness, strength, smoothness, & remove all crusts, fly, or blister—restore the tannin. This substance the leather never can receive the second time; but the whole virtues of it are in this article, the **OIL OF TANNIN,** which penetrates the stiffest and hardest leather, if it has been twenty years in use; and if it tears easily with the fingers, it imparts at once a strength that is utterly incredible until seen. It becomes like new leather, in all respects, with a delightful softness and polish, and makes all leather completely and perfectly impervious to water—particularly boots, shoes, carriage tops, harness, hose, trunks, and in fact all things made of leather, giving a splendid and at least doubling its wear and durability. **THESE ARE FACTS.** Those who will wear old shoes, groan with corns, ride with old carriage tops—have old harness and throw them away half used—look filthy themselves, and all about them—expend double what is necessary for articles of leather, to their hearts' content, for what we care, if their prejudices are so strong they will not try a new discovery. We have no favors to ask of them, they are the greatest sufferers, and we beg for nobody's custom or patronage. Now, gentlemen, please yourselves.
