POLITICAL.

From the Raleigh Standard.

UNION AND HARMONY!

We present below the Card of Dr. Watson to the Democracy of North Carolina, his letter to Mr. Leak and Mr. Leak's reply, from which it will be seen that James B. Shepard, Esq. has again been nominated for Governor, and that Mr. Leak most cheerfully acquiesces in the nomination. We have always accorded to Mr. Leak honesty of purpose and candor and manliness of character; and as a friend to him and his friends, we point with a just pride to his admirable letter. That gentleman arrived in this city on Thursday last, and was immediately waited upon by a number of his democratic friends; and, among others, we conversed with him frequently and freely upon our past differences, upon the circumstances which then surrounded us, and upon the prospects of the Republican party in North Carolina. On Monday last the action of the Committee was frankly and fully laid before Mr. Leak by the Chairman: whereupon Mr. Leak stated that he was entirely satisfied with the nomination, and announced his determination to give to Mr. Shepard a cordial and hearty support. That pledge he will carry out; and his friends, we feel convinced, will unite with him and with their democratic brethren the State over, in the great contest now going on for the political redemption of our beloved Commonwealth.

Now that the breach in our ranks has been healed, let the democrats redouble their exertions. They have a Candidate for Governor who has given evidence wherever he has been, of his ability to explain and enforce the great principles and doctrines of the party, and who has provided himself the superior in popular debate to both Mr. Stanly and Gov. Graham. That candidate will start next week for the West, and we call upon our friends from Orange to Cherokee, to "hold up his hands" and to second his exertions, until the battle is won. Let our strongest and best men be brought out in every county for the Legislature; and in the language of Mr. Leak, let the contest on our part be, "a long pull, a strong pull, and a pull altogether," and our word for it, the day will be ours.

RALEIGH, May 18, 1846.

To the Democracy of North Carolina:

Fellow Citizens: At a meeting of the Democratic State Committee this day held, the respective claims of Messrs. Leak and Shepard have been again placed before that body, on counting the votes James B. Shepard, Esq. of Wake, was duly nominated as the Democratic Candidate for Governor of North Carolina; and as the organ of that Committee, I hereby announce to you that result.

Permit me, fellow citizens, most respectfully to express the earnest hope, that all differences of opinion among ourselves as to men will be speedily buried and forgotten, and that the Republicans of North Carolina, united upon principles, will now move forward as one body, and under one common banner, to the achievement of a brilliant and glorious victory. Let the motto of the campaign be: "We CAN and we WILL."

JOSIAH O. WATSON,
Chm'n Dem. State Committee.

RALEIGH, May 18, 1846.

Walter F. Leak, Esq.

Dear Sir: At a meeting of the Democratic State Committee held this day, your name and the name of Mr. Shepard having been again before that body, Mr. Shepard was duly nominated as the Democratic Candidate for Governor of North Carolina. I deem it respectful to you, and a part of my duty as Chairman of the Committee, to apprise you of the result.

With many wishes for your happiness and welfare, I am, dear Sir, truly yours,

JOSIAH O. WATSON,
Chm'n Dem. State Committee.

RALEIGH, May 18, 1846.

Josiah O. Watson, Chm'n, &c.

My dear Sir: Your letter as Chairman of the Democratic State Committee, announcing the decision of that Committee as between James B. Shepard and myself, has been received; and although it calls not for a reply, yet such may not be considered (under all the circumstances) as obtrusive.

Prompted by an earnest desire to avoid a rupture in our party, and to heal a breach which threatened the success of our principles, I was induced to submit to Mr. Shepard the proposition which has called your body together.

The Committee having now acted, and that decision through you being made known, I should be untrue to the whole principles of my life, if I did not cheerfully acquiesce in the nomination made. I have always been ready to conform to the wishes of my party, when fairly expressed, and I now the more willingly consent to the sacrifice required, from the consideration that the post assigned me has been given by those whose motives are unquestioned, and whose judgment I had deliberately invoked. Principles, and not men, have hitherto been a part of my political creed, nor shall it be less so, when brought to bear against myself.

In conclusion allow me to say I sincerely hope that nothing may arise on the part of our respective friends, which will have the least tendency to probe a wound that ought to cicatrize, or to awaken animosities that should slumber, but on the contrary, the animating principle may be: "A long pull, a strong pull, and a pull all together." Nothing short of this can redeem the "Old North State" from her present political alliance, which I hold to be as unnatural to her position as it is inimical to her interests.

Respectfully, your ob't servant,

WALTER F. LEAK.

Singular and Fatal Accident.—An interesting little son of Mr. Solomon Brown, of this vicinity, aged seven years, was killed in a most extraordinary manner, a few days since. A little companion was whirling round with great rapidity, a piece of wood notched like a saw, attached to a string (called a whirlingig) when the string broke, and the notched piece struck little Brown on the throat, and punctured the windpipe; making an aperture not larger than the head of a good sized pin. It was thought a slight hurt, but soon the body began to swell, from the diffusion of air under the cellular tissue of the skin, and presented so frightful an appearance, that a physician was sent for. He arrived only to announce that there was no hope, and his afflicted parents had to witness the speedy death of a darling child, who was perfectly conscious of his situation, and who spent his last breath in imploring relief at their hands.—*Raleigh Reg.*

Died, at Halifax, N.C. on the 21st ult., Col. Thomas K. Morisey, of Sampson county, aged 53. He left home on Monday in apparent health, and went to Halifax Court on business. On Tuesday evening, he and his friends were making preparations to return home by Wednesday morning train. He complained of a headache, and feeling wearied—directed the servant to wake him up if he should sleep over his time—then was left alone. In about half an hour afterwards, his brother went to his room; and opening the door, found him dead, as if he had fallen asleep and died without a struggle. A physician was called, but was of no service. His remains were brought to his residence on Wednesday.—*Fayetteville Car.*

Emigration.—The tide of emigration to America, from Ireland, has set out this year earlier than usual. The quays at Cork are crowded to inconvenience with passengers and their luggage. Already one vessel has sailed with a full complement of passengers; and twenty three others, with nearly four thousand emigrants, are preparing at that port for sea.

Mail Robber caught.—A man named Wm. Vaughan, has been arrested at Memphis, Tenn., charged with having robbed the U. S. Mail at various times, between Memphis, Tenn. and Huntsville, Alabama, in sums, it is supposed, of not less than

\$10,000 in all. It is computed that not less than 2,000 letters have been abstracted from the mail bags, by means of false keys, and Vaughan had in his pocket, when arrested, three keys which fitted each of the three patent mail locks. He is supposed to have numerous accomplices.—*Richmond Her.*

Santa Anna.—A gentleman who has recently arrived here, (says the N. O. Picayune of the 19th inst.) from Havana, talked freely with Gen. Santa Anna upon Mexican affairs. He deprecated the war with the United States, as sure to be disastrous to Mexico. He spoke of the monarchical projects in Mexico as destined to certain failure, he believing that a majority of the people would prefer even annexation to the United States to the rule of a Spanish prince. Santa Anna had, it is said, no intention of returning to Mexico at present, and has recently rented a new house.

Gen. Almonte regards the insurrectionary attempt of Gen. Alvarez as one of great moment and difficult to be put down.

A whole Family murdered.—The Rockbridge (Va.) Register of the 16th inst. gives the following account of a dreadful murder which was committed in Pendleton county:—

On the morning of the 11th inst. in this county, the most unparalleled and brutal murder was committed by Wm. Hudson on his own family. When discovered, his wife and two children were dead; his other two children and Jane Clift and Robert Clift, most horribly cut and mutilated with an axe, but still breathing; the house set on fire, but was discovered and put out before it had done much damage. The wounds of three of the latter are said to be mortal by the examining physician. Hudson is a small man, a little over five feet high, well set, little stoop shouldered, broad visage and red complexion, down look and polite when spoken to. Had on when he left, a black Jeans coat or blue wrapper, black pantaloons and white wool hat. The public will do well to be on the alert to apprehend & bring him to justice.

P. S.—Jane and Robert Clift and another child have since died of their wounds. No cause, but a misunderstanding, was as-

the use of these pills. They are recommended to the attention of those afflicted with Liver Complaint, Dyspepsia, Bilious habits, Costiveness, Cholera Morbus, Rheumatism, Scrofula, Foul Stomach, Depraved Appetite, Worm, Jaundice, Headache and Sick Stomach, Palpitation of the Heart, Diarrhoea, Nervous affections, obstructed Menstruation, Dysentery or Flux, Heart-burn, White Swelling, and all those diseases arising from impure blood. Price twenty-five cents per box. A pamphlet accompanies each box with full directions and ample testimonials of the good effects of these pills.

Belleville, Feb. 17, 1846. We the undersigned citizens of Belleville, Illinois, hereby certify that we are personally acquainted with Dr. Champion of this place & have been for several years, and have the utmost confidence in him as a physician. That he is in this community, and deservedly so, a popular physician.

We further certify that we have used his pills in our families for several years & find them to be a valuable, efficient and safe medicine for the cure of diseases for which they are recommended, that they are in high repute in this community, and of the celebrity and good effects of these pills we have heard much from this and the various other States, in which they are so extensively used. We think them worthy of high recommendation.

W. F. Boyakin, Pastor of the Baptist Church.
T. Harrison, Minister Methodist Episcopal Church.
John Reynolds, Ex-Governor of Illinois.
W. McClintock, Clerk of the County Court.
W. C. Kinney, Clerk St. Clair County Cir.

They were starving at that place, for want of food, and an extraordinary interposition of Providence has been manifested in their behalf. A glutinous substance, or manna, of which they make bread, has fallen in immense quantities in a district in that country. This food is selling publicly at 16s. per quarter. This is stated in a letter from Smyrna, dated March 7, 1846, in the papers received by last steamer, which, if true, will create a great sensation in the religious world, being an event very similar to the raining of manna to the starving Israelites in the desert.
