Dr. Jayne's Family Medicines.

Ho! Ho! you're getting bald, are you? Well, that is a misfortune and not a crime; but to remain bald, when so fine an opportunity offers to restore your hair, by a faithful and liberal use of *Jayne's Hair Tonic*, is but little short of crime. This valuable preparation excites the scalp to a new and healthy action, cleanses it from scurf and dandruff, prevents the hair from falling off, cures those eruptive diseases which often appear on the head, and in a majority of cases produces a fine growth of new hair. It also gives the hair a rich and beautiful appearance, unequalled by any thing of the kind.

"Is this Medicine?"

We exclaimed the other day, on tasting some of *Jayne's Tonic Vermifuge*. It certainly has none of the nauseous flavor, which one associates with the idea of physic. Children consider it quite a treat, and in taking it their palates are gratified, and their health restored at the same time. *Jayne's Tonic Vermifuge* not only destroys worms, but carries off the mucus in which they are imbedded, and effects a radical and permanent cure. Every mother knows the prominent symptoms of worms, such as voracity, leanness, fetid breath, grinding of the teeth during sleep, paleness of the lips, itching of the nose, &c.; but there is other indicia not so generally recognized. A dry cough, dull eyes, enlargement of the abdomen, and many other symptoms common to other diseases, frequently denote the presence of worms. If their existence is even suspected, the *Vermifuge* should be administered, because it can do no harm in any case, and may do incalculable good.

Prepared only by Dr. D. JAYNE, Philadelphia, and sold on agency by **GEO. HOWARD, Tarboro', Nov. 9, 1847.**

From the Raleigh Standard.

Progress of the Canvass.—We have received from various quarters in the East, gratifying accounts of the progress Mr. Reid is making in the canvass for Governor. He is making fine headway among all classes; not only among his democratic friends, who are in the highest hopes and most sanguine spirit, but with the sober and reflecting portion of the people who have been heretofore classed as whigs. In every county in which he has pressed and advocated the question of Equal Suffrage, he has met with the most enthusiastic congratulations of his friends and the commendations of all for the gallant manner in which he bears aloft the democratic banner, while battling for the true republican principle of equal rights and equal privileges.

We learn that Mr. Reid addressed the people of Greene at Snow Hill, on the 18th instant, and from the forcible and lucid manner in which he laid before them questions of both State and National policy, in the advocacy of democratic principles he made a most favorable impression upon all present. We also learn that he has proceeded on to meet his other appointments, and that he will reach Louisburg in time to address his fellow citizens of Franklin on the 1st day of June; after which we presume arrangements will be made at an early period for meeting and addressing the people of Wake at Raleigh, and other sections of the State, of which due notice will be given. We are happy to hear that Mr. Reid has greatly improved in health, and no doubt is entertained that he will be able to canvass the State thoroughly—lighting up the flame that will ere long lead the democracy to success and victory.

The Canvass.—We understand our democratic candidate for Governor, has vigorously entered on the canvass. He met Mr. Manly (the inimitable Charley) at Waynesborough, on Monday last, and were told by a gentleman who was present, and heard the discussion which occupied the entire afternoon of that day, that whig-

gery and its embodiment was properly held up to merited reprobation. As we have no doubt, however, the whig journals will have quite a different account of this matter, we are willing the result in Wayne should be told in August next.

While on this subject, we will assure our friends in other parts of the State, that the most favorable impression exists in behalf of Mr. Reid, in this section of the State; and it is our belief that he will receive a much larger vote than any democratic candidate did in this district before.

With others, we have conversed with some whigs who say they believe a defeat of their party will be productive of good to the State. They admit their enterprising men have no influence, and that their party is in the leading strings of an aristocracy which is opposed to every thing liberal, as evinced by our unequal and oppressive laws. With these views, they go for a change, believing that it will result in good to our people and the State. And we confess we believe those opinions are based on sound logic—and we say change too, and vote for David S. Reid, and we assure our whig friends who do it, that they will not only evince independence but they will do much to redeem our State from the Rip Van Winkle doze, of which we have been accused. We have nothing to hope from the present dynasty in power, and we say turn them out and put in those who will pursue a different policy.—*Wilmington Gaz.*

From the Wilmington Journal.

Our Candidate.—We place at the head of our columns, with pride and pleasure, the name of David S. Reid, of Rockingham, as our candidate for the office of Governor of North Carolina. Mr. Reid is exactly the man for the times. In the very prime of life, about 38 or 40 years of age—his democracy of the most sterling and tried stamp—talented and energetic, and a self-made man, we say again, he is the very man for the times. He has served the State in her own legislative halls and in the halls of Congress, with distinguished ability, and with unswerving integrity. He represented Rockingham District in the House of Representatives during the 28th and 29th Congresses, and whilst in the discharge of the duties of this high position, he was distinguished for his ability and his untiring devotion to the business of his constituents. "Davy" Reid is the very man to beat "Charley" Manly.

We present his name to our Democratic friends, and ask them if they will not, with heart and hand labor for his election. The good people of North Carolina are, at least a large majority of them, Democrats at heart and only require to be enlightened to be so in name. Will, then, our brethren throughout the State put their shoulders to the wheel between this and the first Thursday in August, and labor like men for the success of their principles? As we have a gallant leader, a good cause, and bright skies, and surely it will be our own fault if we do not succeed. Let us then, brethren, rally around the standard of our principles, and battle like men for "the faith that is in us." Would it not be a glorious thing to redeem the old North State from the thralldom of Federal misrule? Is there a Democrat who reads these lines who, in his heart, does not earnestly pray for such a glorious consummation? Why then will you not, with one voice and one will, as well in season as out of season, labor like patriots and men for the success of our glorious principles? Never has there been any period within our recollection when success was so surely within our grasp, if we will only do our duty, as just at this moment. The Whig party has brought before the people of North Carolina about the weakest candidate they could have selected. Their conduct during the last Legislature was of such a character as not only to exasperate the Democracy of the State, but to disgust a large number of their own party. Their treatment of the gallant spirits who compose the North Carolina Regiment, itself is enough to damn any party in the eyes of the intelligent voters of the State. In a word, brother Democrats, everything is for us. Let us then pledge ourselves to each other that we will work like men

who have the honor and the interest of the good old North State at heart, and we cannot fail to attain a glorious triumph!

From the Raleigh Register.

Mail Robbery.—We learn that a large amount of money, in drafts and bank notes, was abstracted from the mail between Petersburg and Weldon, on Saturday last. Some of the funds, we understand, were deposited in Petersburg, and other portions of them from places further north.

From the Wilmington Journal.

We are much pleased to learn from the Petersburg papers that the arrest of Mr. Erasmus N. Peterson, Mail Agent between Weldon and Richmond, on suspicion of dishonesty, in taking money from letters placed in his care, has turned out in his entire exculpation. After the most searching and careful examination, the Special Agent, Mr. Hale, and the two Justices who examined the case, join in publishing a card entirely exonerating him from any suspicion of the charge.

Episcopal Convention.—The Annual Convention of the Protestant Episcopal Church for the Diocese of North Carolina, convened at St. James' Church in this town on Wednesday last. Quite a number of clergymen are in attendance. We regret to learn that the venerable and distinguished Bishop of the Diocese, Bishop Ives, will not be present. His health is so feeble that he is not able to attend the Convention. We understand that the Rev. Dr. Mason of Raleigh, presides over the deliberations of the Convention.—*ib.*

Drowned.—On Friday night last, Mr. Nathan Drey, a merchant of this place, was drowned in the river near Mulberry street.—Mr. Drey, it seems, could not swim, and tried a Life-preserver, which by some means, got detached from his body, and he sank never more to rise in this life. His body was found on Sunday morning, near the dock from which he had jumped into the river. Mr. Drey belonged to the Jewish persuasion, and was a German by birth. He had lived in this place for several years, and had earned for himself a reputation for intelligence, industry and probity, which most men might envy. On Monday his remains were carried to Charleston, there to be interred in the burial ground of those of his faith. Mr. Drey was much esteemed by the people of our town. His sudden and untoward end has been a source of deep regret to all who knew him.—*ib.*

The Turpentine Trees.—We regret to learn from gentlemen of various sections of the country that the calamity which is impending over this region of North Carolina, in the death of the Pine Tree, is greatly on the increase. We can scarcely predict the consequences, should this calamity not be averted in some way. The Pine forest is the gold mine of Eastern North Carolina. Should it fail, the ruin which would follow to a large proportion of our people, would be incalculable. No remedy has yet been discovered. The evil is ascertained to be the work of a diminutive insect; but how to put a stop to his ravages is the question asked in vain by every body. It is not only those trees that have been boxed that are dying, but those that have never been touched. We hope the evil may abate, but we see no prospect of this at present.—*ib.*

More trouble in Hayti.—A letter from a respectable source, published in the Boston Advertiser, dated Aux Cayes, April 14, says: Our city and its environs are in arms. The people have determined to overthrow the President and the present order of things, and to elect another chief. The alarm gun has been fired in Cavallou, St. Louis, Aquin, and Aux Cayes, and business generally is suspended. Col. Louis Jaques, who is the chief of this insurrection, yesterday took forcible possession of Cavallou, twenty miles from Aux Cayes, and is reported to be marching on our city! All stores are closed. Every citizen is enrolled in the military ranks, and performs duty day and night. All is disorder and confusion, and fears are entertained that it may last for some time.
