

FOR PRESIDENT,  
**LEWIS CASS of Michigan.**  
FOR VICE PRESIDENT,  
**W. O. BUTLER, of Kentucky.**  
FOR GOVERNOR,  
**DAVID S. REID, of ROCKINGHAM.**

**TARBOROUGH:**  
SATURDAY, JUNE 10, 1848.

We are authorized to announce **WYATT MOYE** as a candidate to represent the county of Edgecombe in the next Legislature in the Senate.

**Peace! Peace!!**

The New Orleans Delta, of the 27th ult. contains certain intelligence of the ratification of the treaty of peace, by the Mexican Chamber of Deputies, on the 18th of May, by a vote of 51 yeas to 35 nays. The impression in Mexico was, that it would pass through the other House by an almost unanimous vote.

The Delta adds that orders have been issued calling in the outposts of the army, and it was expected to march for the coast between the 1st and the 15th of June. Gen. Persifer F. Smith has been appointed by Gen. Butler superintendent of the embarkation of the forces at Vera Cruz.

**North Carolina Regiment.**

The Raleigh Standard says: We are indebted to Maj. Wilder for a number of the Sallio Sentinel, dated April 27, 1848, from which we extract the following article in relation to the North Carolina Regiment:—

"The North Carolina Regiment passed through this place on Monday, on their march to Ceralvo, a town some hundred and thirty miles below here, on the direct route to the Rio Grande. We cannot allow this opportunity to pass, without justly complimenting the soldierly bearing of this excellent corps of men. Few if any of the various volunteer regiments that have sought distinction in this land of adventure, have maintained a better discipline or been guilty of fewer acts of even the smallest outrage, than that of the Old North State. This movement towards the seaboard, appears indicative of peace, but these small signs, may turn out like those of favorable weather, in this most uncertain of all the months in the year.

"Which now shows all the beauties  
Of the sun, and by and by,  
A cloud takes all away."

**Tarboro' Female Academy.**

The semi-annual Examination of the pupils in this institution, under the care of Rev. T. R. Owen and Lady, took place on Tuesday and Wednesday last, closing with a Concert on Wednesday evening. A large concourse of visitors were in attendance as usual, and the exercises and performances of the students were extremely creditable to them, and highly flattering to their talented and accomplished Principals.

**White Sulphur Springs.**

We would call the attention of such of our readers as travel abroad for health or recreation during the summer months, to the advertisement respecting this delightful Watering Place. To those who have been there it is deemed only necessary to say, it is open again for their reception; and to others it may confidently be said, one trial will establish in their minds its superiority over most other places of a similar character.

**National Whig Convention.**

This body assembled in Philadelphia on Wednesday last, and was organized by the appointment of Ex-Gov. John M. Morehead of this State as President—thirty Vice Presidents, among whom was the Hon. Edmund Deberry of this State—and twelve Secretaries.

On Thursday, the balloting for a candidate for President of the U. S. commenced, the first of which resulted as follows: For Taylor 111, Clay, 97, Sept 43, Webster 22, Clayton 4, McLean 4. 2nd balloting—Taylor 118, Clay 86, Scott 49, Webster 22, Clayton 4—no choice.

We learn verbally, that on the fourth balloting Gen. Taylor received the nomi-

nation for the Presidency—and subsequently Mr. Fillimore, formerly member of Congress from New York, was nominated for the Vice Presidency.

**Congress.**

In the Senate, on the 9th ult. Mr. Atchison of Missouri, offered a joint resolution, which lies over, that the President of the Senate and Speaker of the House, adjourn their respective Houses on the first Monday in July to meet again on the first Monday in October.

In the House, the annual appropriation bill for the service of the post office department in committee, were agreed to and the bill was read the third time and passed.

The naval appropriation bill was under consideration at our last advices.

*From the Raleigh Standard.*

WM. F. DANCY, Esq.—The last Tarboro' Press contains a card from this gentleman to the electors of Edgecombe, in which he announces himself a candidate for re-election to the House of Commons from that county. Mr. Dancy, to our mind, takes a correct and very sensible view of the duties and obligations of a Representative of the people; and at the conclusion of his address he pronounces a just and most eloquent eulogium upon the lamented WILSON. It affords us much pleasure to have an opportunity to bear our personal testimony to the efficiency and usefulness of Mr. Dancy as a member of the Commons, and to the soundness of his principles. No man could have served Edgecombe better or with more fidelity than he did at the last session of the Legislature.

**Foreign.**

The steamship Niagara has arrived at Boston, with Liverpool dates to the 20th ult. The markets were without material change.

An unsuccessful attempt had been made by the Communists in Paris, to create a new Revolution. Although for some time they had possession of the hall of the National Assembly, they were at length expelled by the National Guard, and the leaders of the movement arrested.

The Chartist National Assembly in London is dissolved, and the members have dispersed.

There had been some hard fighting near Verona, between the Italians and Austrians, in which a severe loss was suffered on both sides.

The prospect of an adjustment of the dispute between Denmark and Prussia, through the intervention of England, is still favorable. A suspension of active operations with a view to that result, had already taken place.

The Boston Mercantile Journal, of March 25, 1846, gives the following notice of the most popular remedy of the day:

**WILD CHERRY BALSAM.**

We speak in praise of

*Wistar's Balsam of wild Cherry,*

because we believe from our own knowledge of the article, that it is one of the best in the market for the complaints for which it is recommended.

This medicine, coming from such a respectable source, and carefully prepared by an experienced and skilful physician, is received by the public with confidence. Its efficacy has been proved in many obdurate cases of disease, and its fame has rapidly extended. It has been extensively used in every part of the country, particularly in the middle and Northern States; and strong testimony from intelligent and highly respectable persons, has been adduced in favor of its merits as a remedy for

colds and coughs, affections of the chest, diseased liver and dyspepsia.

None genuine, unless signed I. BUTTS on the wrapper.

For sale by **Dr. A. H. Macnair**, Agent for Tarboro', and by dealers in medicines generally.

**Brandreth's Pills.**

Thousands who have kept their beds for years have been restored by the use of this medicine. They are as harmless as a piece of bread, yet all powerful for the removal of disease whether chronic or recent infectious, or otherwise. By the use of Brandreth's Pills, the blood is gradually purified, and becomes too strong for all impediments to its free course, and thus the body is restored to perfect health and usefulness. The idea of two spirits, the one good and the other evil, having power over man, is thus given a corporeal application; and, what is better, we know how to assist the good principle, the blood, to conquer the bad humors, and thus produce health and cheerfulness, where before there was nothing but sadness and despair.

Be exceedingly afraid of COUNTERFEIT PILLS. The Agent is the only person from whom Brandreth's Pills should be purchased.

*An Important Cure by Dr. Jayne's Alternative.*

We have been informed by Mrs. Mahan, (a grand-daughter of old Gen. Wayne) that she suffered for a number of years from the growth of a large Goitrous Tumor, which besides great deformity, produced both a difficulty of deglutition, and of breathing. Indeed, she says, the pressure upon the wind-pipe was so great, as to prevent her from sleeping in a recumbent position, and often suffocation appeared inevitable. She also laboured under severe indisposition from Liver Complaint and Jaundice, with a horrible train of nervous affections, for which she used Dr. Jayne's Alternative, which she took regularly for six or seven weeks, with occasional doses of his Sanative Pills, her health was completely re-established, and now perceiving some diminution in the size of the Goitrous Tumor, she was encouraged to persevere in the use of the Alternative, until every vestige of the painful Tumor was entirely removed.

We cannot speak too highly of this important preparation of Dr. Jayne, and for the sake of suffering humanity, hope that it may become more generally known.

*Public Ledger.*

**Worms! Worms! Worms!**

To remove those troublesome and dangerous inhabitants of the stomach and bowels, which so often impair the health and destroy the lives of children, use Jayne's Tonic Vermifuge, a certain and safe preparation for the removal of the various kinds of worms, dyspepsia, sour stomach, want of appetite, infantile fever and ague, and debility of the stomach and bowels and organs of digestion. It is without exception one of the best preparations in the world.

**MR. EDITOR:** For reasons best known to myself, I will take this opportunity to request you to stop my advertisement for a Classical School in Tarboro'.

Allow me, Sir, through your paper to express my thanks to my patrons in Tarboro' and vicinity, and to say I should like to serve them longer, but circumstances, over which I have no control, have induced me to leave Tarboro' and locate in a different place.

I shall be able to pay a visit to Tarboro' in the course of twelve months, at which time I hope to renew my acquaintance and intimacy with my many kind friends there.

**Jayne's Medicines.**

*Whooping Cough and Croup.*

**To Parents.**—Jayne's Expectorant, is without exception the most valuable preparation in use, for the above diseases. It converts whooping cough into a mild and tractable disease, and shortens its duration more than one-half, and produces a certain and speedy recovery. From half to one tea spoonful, will certainly cure croup in infants and young children, in half an hour's time. The lives of hundreds of children will be saved annually, by always keeping it on hand ready for every emergency.

*Bowel and summer complaint.*

**Dr. Jayne**, No. 8 South Third street, is willing to guarantee that his Carminative Balsam will cure diarrhoea, colics, cramps, griping pains, cholera morbus, summer complaint, and other derangements of the stomach and bowels, in ninety-nine cases out of a hundred, and in less than half the time that can be effected by any other means.

It is extremely pleasant, and children are fond of it. It is equally as effectual for adults as children, and when the directions are followed, and a cure is not effected, the money will be cheerfully returned. Price 25 and 50 cts. a bottle.

*Another Physician's opinion.*

The following additional testimony in favor of Dr. Jayne's Medicines has recently been received from a physician of high standing in Lauderdale Co. Miss., under date of August 9, 1846.

"Dr. D. Jayne—Dear Sir—I am intimately acquainted with some of your preparations, and can safely recommend them. Your Expectorant and Carminative Balsam I have used extensively in my own practice, and I state unhesitatingly that I have used no article, or combination of medicines, that have better answered the purpose for which they were prepared than the above, &c.
