Asthma cured by Jayne's Expectorant.

Lambertville, N. J. April 27, 1844.

Dr. Jayne—Dear Sir—By the blessing of God, your Expectorant has effected a cure in me of a most distressing complaint. In December last, I was seized with great severity by a paroxysm of Asthma; a disease with which I had been afflicted for many years past. It was attended with a shortness and soreness of the lungs and ecoughs together with a laborious cough, and complete prostration of strength, and worn out with suffocation, when a bottle of your Expectorant was sent to my house. At first I thought it was nothing but quackery, but seeing it was so highly recommended by Dr. Going, with whom I was well acquainted, I was induced to try it, and in a few days it completely cured me, nor have I ever had any return of the disease since. I have now formed so high an opinion of your medicine, that if I had but a few bottles of it, and could obtain no more, I would not part with them for ten dollars each.

Yours, most respectfully,

JOHN SEGER,

Pastor of the Baptist church at Lambertville, N. J.

No excuse for a Bald head.

From the Somerville, N. J. Whig.

Sometime since I called upon Mr. P. Mason, of Somerville, for Dr. Jayne's celebrated Hair Tonic, to restore my hair, which was then falling out daily. I procured one bottle, and applied its contents according to the directions. When the bottle was exhausted, I discovered to my great surprise and satisfaction, that the young hair was starting handsomely; I therefore purchased another, and so on till I had used three bottles, and now, as a compensation, my hair is as thick as ever. And what is more surprising, my baldness was not occasioned by sickness, in which case there is a greater hope of restoration—but was hereditary.

MITCHELL'S EYE SALVE.

To the Public.

THE concurrent testimony of men of integrity and worth is the best evidence we can have of any fact of which we have no cognizance ourselves. The great advantages possessed by this article over every other, are—ITS CERTAINTY, SAFETY, CONVENIENCE and ECONOMY. All physicians admit that great danger is to be apprehended from dragging the eye when in an inflamed and unhealthy state. In the use of this salve this objection is entirely removed, as no harm can possibly result from its use: it being in all cases applied to the external portions of the eye, thereby avoiding all the inconvenience, pain and danger, which necessarily attend the introduction of any pungent article into the eye. Its activity in subduing inflammation is so great that but few cases require the use of more than one bottle to effect a perfect cure. One physician remarked to us, after having witnessed its effects in several instances, that it was a "PERFECT FIRE KILLER." We might multiply reasons why this salve should be preferred above every thing else in the treatment of diseases of the eye, but we prefer it should stand on its own merits. All we ask is that its virtues be thoroughly tested, and that the directions be strictly followed.

Every bottle of the genuine salve has the name MITCHELL'S EYE SALVE.

blown in the sides of the bottle, and the written signature of the proprietor, D. MITCHELL, on the outside wrapper.

First, in all cases stops the hair falling out or restores it in most if fallen, and in all cases if lost by sickness, and keeps off dandruff and scurf on infants and adults. Second, perfumes the hair and preserves it to old age from turning gray. Should always be used at toilet. Third, gives great vigor and rapid growth to the hair, and causes it to curl beautifully. Lastly, prevents all filth of its co sequence on children's heads, and exceeds all other articles for the hair in quality, quantity and cheapness. Many articles have been started on the reputation of this, and are without merit though they have been and are sold at double the prices of this balm.

LETTER OF ACCEPTANCE—HON. ASA BIGGS.

Washington, 10 June 1848.

Dear Sir: At a convention composed of delegates from the Counties comprised within this electoral district held at Greenville, you were selected as an Elector on the democratic ticket for President and Vice President of the U. States, and the duty was imposed on the undersigned to inform you of the nomination and to request your acceptance of it. We trust you will not withhold it; the occasion calls on all who love their country, and believe, as we do, that the success of the democratic party is essential to the prosperity and happiness of the country, to give their talents and energies in its behalf.

We remain very respectfully, yours.

KENNETH THIGPEN.

MACON MOYE.

MCG. M. STATEN.

A. W. ERNUL.

Hon. Asa Biggs.

Williamston, June 15, 1848.

Gentlemen: I have received yours of the 10th instant, notifying me that at a Democratic Electoral Convention of this District I was nominated an Elector.

As a response to your letter may be expected, I remark that I accept the nomination thus made, and shall endeavor to promote the success of the principles, distinctly, boldly and frankly avowed by the Democratic convention recently held at Baltimore, by the triumph of Cass & Butler the able and distinguished nominees of that Convention and representatives of those principles. I entertain an abiding confidence that the enlightened judgment of the American people will rebuke that party whose only hope of success seems to be an abandonment of all domestic questions discussed, and some of which were pressed in 1844 as indispensable to the prosperity of the Country—who avow opposition to the Mexican War as the great issue in the present canvass—and who by the rejection of a favorite statesman heretofore considered the embodiment of their principles, claim public confidence and support under the lead of one, who will not communicate to the people his political opinions if he has any—one who has had no experience in civil life and whose controlling recommendation is the military eclat he has gained in a War, denounced by his party, and without which he never would have been thought of as a candidate for the Presidency.

I have the honor to be respectfully your ob't servant,

ASA BIGGS.

Sad Casualty.—On Saturday last the schr. Charleston, belonging to Mr. James E. Hoyt, of this town, and bound to New York, was capsized in a squall, about sixteen miles down the river, and two of Mr. Hoyt's children were drowned. His family were in the Charleston, on their way to Portsmouth to pass the summer. Mr. H. was in company in his lighter, the Gazelle, which was a mile and a half from the Charleston when the squall struck. He soon got to her, and succeeded in saving all on board, except the two children who were in the cabin, drowned. One of his children that had crawled up on the steps of the cabin above the water, was saved by cutting into the cabin. Great praise, we understand, is due to the crew of the Charleston for their exertions in saving the

ladies, who were in the cabin when the squall struck, and were rescued almost miraculously as the vessel was going over. The survivors returned in the Gazelle, with the remains of the children, who were buried on Sunday.

Reform.—The Salisbury Watchman, accounting for the cause of the large indebtedness of Rowan county, says: If we were asked the cause of embarrassment to this county and several others in this section, and which will eventually create heavy burthens on all the counties in the State, we would say it was to be found in the act of the Legislature giving to all criminals the right of appeal to the Supreme Court without giving security for the costs. It is not to be expected, that under this act, any criminal will be finally sentenced without one or more appeals to the Supreme Court, and from one to three years' imprisonment; and as this class of persons are almost universally insolvent, the whole expense attending their prosecution falls on the county in which the offence was committed. That this evil should be lessened there cannot be a doubt, and we leave it to the wisdom of the Legislature to say how and in what way it shall be done."

Jones' Springs, Warren county, N. C.—As this is the season of the year when all who can do so leave town for some watering place or country retreat, we call the attention of our friends, and particularly to those having families, to Jones' Springs. These Springs are situated in Warren county, N. C., in a beautiful, and healthy country, and by rail road within a trifling distance of Petersburg. Leaving here in the afternoon train of cars, the Springs may, with ease, be reached by 7 o'clock the next morning. When there, you will find a beautiful place, excellent fare and good society, and all for the cheap price of \$16 a month for a grown person, and half that sum for children and servants. We had occasion to try Jones' last season for the health of our children, and realized from their sojourn there all the advantages we anticipated.—Petersburg Int.

Emigrants and Specie.—The New York True Sun of the 27th ult. has the following: At least 35,000 emigrants arrive weekly in the United States, many of them belonging to the middle classes of Europe, who cross the Atlantic to enjoy their wealth in security. The wealth they bring is principally in gold and silver, and being brought as baggage, but a very small part is entered at the Custom house. The total amount ranges from \$2,300,000 to \$5,000,000 every week. This is what has enabled us to bear, without serious inconvenience, a drain of half a million of dollars a week.

From the Fayetteville Carolinian.

The present whig Governor of Ohio has refused to give up to the authorities of Kentucky, fifteen persons known to have stolen five slaves from their masters in Kentucky. Of what benefit to the Southern people is the Constitution of the United States? Can any man point to such an act as that by a democratic Governor?

Shocking state of society.—It is estimated by the police of Philadelphia, that two squares of the population of St. Mary's street, on the southern line of the city, which thoroughfare is two squares in extent, with numerous alleys, are thieves—males and females, blacks & whites alike.

The Baltimore Sun of the 22d ult. announces the death of Gov. Shunk of Pennsylvania on the 20th.

The Republic of Sierra Madre.—A project to establish a new Republic, to be formed out of the States of Mexico, lying north of the Sierra Madre range of mountains, and running along the Gulf of Mexico down to Tampico, which has been alluded to heretofore, begins to be freely canvassed, and is said to be rapidly gaining strength in the Northern Mexican States. According to an article in the New Orleans Delta, an organized plan is on foot to dissolve their connection with the National Government, and to establish a separate organization preparatory to the formation of a new Republic.
