Highly Important News from the South.

The following extract of a letter is from a very respectable mercantile house, dated

Washington, Rappahannock Co. Va., }
May 26, 1846 }

Dr. D. Jayne—Dear Sir,—Our Mr. Jones has been in a very bad state of health for more than a year; he has had the benefit of the best medical advice our country affords, and also visited your city during last summer, but found no relief. On the 15th of April last, we purchased half dozen bottles of your Tonic Vermifuge, and half dozen boxes of Sanitive Pills. Through carelessness in packing the articles in a dry goods box, one half the Vermifuge was broken. Mr. Jones commenced with the Pills, and after taking a few doses, felt a decided improvement. The three bottles of Vermifuge, which came safe to hand, brought from him, he thinks, not less than one thousand worms, and perhaps many more. He is now in better health than he has been in for years, and we hope a few more bottles of your Vermifuge and Pills, will effect a permanent cure. All our physicians have entirely mistaken his case, Prof. Samuel Jackson, of your city, at the head. Mr. Jones is most anxious to get more of your Pills and Vermifuge as soon as possible.

Respectfully, J. B. JONES & Co.
Prepared only by Dr. D. JAYNE, Philadelphia, and sold on agency by

GEO. HOWARD.

Where may also be had Jayne's Ague Pills, warranted to cure Fever and Ague, Intermittent Fever, &c. Also the American Hair Dye, also warranted to change the hair to a beautiful auburn or jet black color, without staining the skin.

An unequalled Remedy

1ST, for colds and feverish feelings and prevailing Fevers. 2nd. For asthma, liver complaint and bilious affections. 3d. For diarrhoea, indigestion and loss of appetite. 4th. For constiveness in females and males. 5th. For stomach affections, dyspepsia and piles. The great point here, it is not bad to take, never gives pain, and never leaves one costive!! For all these things it is warranted unequalled; and all who do not find it so may return the bottle and get their money back. This medicine is LONGLEY'S

Western Indian Panacea.

We assert there is no family medicine of half its virtues, and none that will so delight the users of it, and to convince all that these are facts, we offer as above. Try it without price, if you are not charmed by its effects. Fuller descriptions and an Almanac for 1848 gratis, with the agents for the county. (See below.)

The Human Hair

Is admitted by civilized as well as barbarous nations to be when full, flowing and perfect, the greatest ornament, and when imperfect or wanting the greatest disadvantage to the personal appearance of male or female. That it is a duty to preserve and beautify it, all will admit. This article has been for more than 20 years used extensively. It has the testimony of many of the most respectable citizens in this country, who certify to the fact that the

BALM OF COLUMBIA

First, in all cases stops the hair falling out or restores it to most if fallen, and in all cases is lost by sickness; and keeps off dandruff and scurf on infants and adults. Second, perfumes the hair and preserves it to old age from turning gray. Should always be used at bedtime. Third, gives great vigor and rapid growth to the hair, and causes it to curl beautifully. Lastly, prevents all itch or its consequence on children's heads, and exceeds all other articles for the hair in quality, quantity and cheapness. Many articles have been started on the reputation of this, and are without merit though they have been and are sold at double the prices of this balm.

The piles, all sores, rheumatism, &c.

Hays' Liniment

Is an article more justly celebrated as a cure for the above, than any or all others. The cases of cure are almost innumerable, and it is only necessary to let those who know the article and have used it with such great success, know that it is to be had true and genuine; (for there are counterfeiters) of Dr. Lucius Comstock, 21 Cortlandt st, New York, and so of the rest of the articles here named.

To the halt and lame—Dr. Hewes' nerve and bone liniment is the most effectual cure for rheumatism and contracted cords and muscles.

The gray haired will find the Indian Hair Dye perfect and effectual.

For worms—Kohnstock's Vermifuge—not Fish-neelstock's—will eradicate and cure all children and adults who have worms. Caution. Beware of all unless the name is spelled Kohnstock's, the old Dutch name of the inventor.

Sold wholesale by Comstock & Co. 21 Cortlandt st. New York—by Geo. Howard, Tarboro'.—M. Weston, Gaston—F. St. Marshall, Halifax—Beaumont & Hyman, Hamilton—F. W. Moore, Williamston—and by one person in every village in the United States and Canada. Nov. 9.

Abyssinian Mixture.

FOR GONORRHEA, GLEET, FLUOR ALBUS, GRAVEL, &c.

Letter from Dr. James R. Callum, dated Milton, N. C. August 14, 1847.

Dr. J. Kuhl—Dear Sir: Your medicines have given entire satisfaction in this section of country, the Abyssinian Mixture especially, is highly approved of, it has never failed to cure in every case. It sells like hot cakes. I have never had enough to supply the demand. You will please send me a large supply of it as soon as you arrive at home. Yours, respectfully, J. P. CALLUM, Milton Drug Store.

From the Milton Chronicle.

Laurel Grove, (near Milton) Jan. 15, 1848.

Dr. Kuhl—Dear Sir:

We have now been about seven years, Agents for the sale of your Restorer of the Blood, and other Medicines, and are happy to state they have given in all cases general satisfaction, particularly the Abyssinian Mixture has given universal satisfaction, so that every one, who has used it, has received that relief that you guaranteed in your directions. Mr. James M. Vernon, to whom you recommended your Aromatic Extract, for Rheumatism, bought a bottle of it at 50 Cents, and two embrocations cured him entirely, and the disease has never returned. Yours, respectfully, KIRBY & ANDERSON.

Jayne's Medicines.

Q. P. O. Yes! more Evidence of the increasing popularity of Dr Jayne's Family Medicines. J. F. Conklin, Batavia, N. Y., says—You will observe that I am out of the Hair Dye, the Hair Tonic and Vermifuge. Your Sanative Pills are getting a very good circulation. We have very many cases of consumption in this climate, and the Expectorant is becoming very celebrated.

Henderson & Punderson, Cleveland, Ohio, say—Your Vermifuge sells well, as also your Hair Tonic and Expectorant.

Mr. N. Holden, Marietta, Ohio, says—I have been out of your Sanative Pills for several weeks. I could have sold, perhaps, five or six dozen in that time. I can sell large quantities of your Pills, Vermifuge and Expectorant.

Mr. Francis Lamb writes—Wilkesbarre, June 12, 1848—Please send me, by the first opportunity six dozen Jayne's Expectorant and six dozen of the Alternative. These preparations find ready sale, and are daily becoming more popular with the community.

The Rev. John Peck of Cazenovia, N. Y., says: That a thousand dollars would be no equivalent for the great benefit his wife has derived from the use of Jayne's Carminative Balsam, and that he finds the Expectorant so uniformly successful in Pulmonary affections, (he being subject to a Cough and hemorrhage from the lungs) that he never leaves home without carrying it with him.

Messrs. Slosson & Williams, Oswego, N. Y., say—We want some more of your medicines, particularly the Expectorant, which gives universal satisfaction.

Mr. Benj Green, Binghamton, N. Y., says—Your Expectorant is in great demand and sells well, and is very popular; your Vermifuge is much used, also your Sanative Pills.

Dr. W. S. Wilkerson, Somerville Tenn., says—I have found your medicines—the Sanative Pills and Carminative Balsam—excellent articles.

Prepared only by Dr. D. JAYNE, Philadelphia, and sold on agency by Geo. Howard, Tarboro'.

Now every solid part of the human frame is made from the blood, and the food we eat is converted into blood to supply the waste, our bodies are continually sustaining. So in the ordinary course of nature we manufacture our entire bodies in about nine years from the food taken into our stomachs.—Suppose the blood made this stomach of ours is unsound, impure, occasioned by some cause or other; it may refer to the preceding generation; no matter, we make impure blood, and if so cannot be healthy.

Or suppose the air we have lived in for some time has been loaded with matters detrimental to health, or our food for a long period has been of an unwholesome kind, or that the mind has been much troubled—for grief, anxiety, or great attention to any particular point is sure to occasion bad effects on the blood. Any of these causes existing, good blood cannot be supplied to the body. But let

Brandreth's Pills

be used daily under these circumstances in doses of from two to six pills, or as the case shall determine. What is their effect? It is to carry off the impure matters from the blood, leaving only the good to renew every part of the body. What was unsound now becomes sound, and the stomach soon gets into so healthy a condition, that even bad air or unwholesome food for a time are unable to injure the health

materially. Even when the climate or food continue unhealthy, the occasional use of the Brandreth Pills will separate the impure parts and cause their expulsion, leaving what is good to supply life and strength to the body.

POETRY.

GOLD—by Thomas Hood.

"Gold! gold! gold! gold!
Bright and yellow, hard and cold,
Molten, graven, hammered and rolled,
Heavy to get, and light to hold,
Hoarded, bartered, bought and sold,
Stolen, borrowed, squandered, doled,
Spurned by the young, but hugged by the old,
To the very verge of the church-yard mould;
Price of many a crime untold.
Gold! gold! gold! gold!
Good or bad, a thousand fold,
How widely its uses vary;
To save, to ruin, to curse, to bless;
Now stamped with the image of good Queen Bess,
And now of bloody Mary."

From the Raleigh Register.

The Panama Rail Road.—Our readers have been informed that a Company of American citizens, has obtained from the Government of New Grenada, the privilege of constructing a Rail Road across the Isthmus of Panama, with a charter for ninety-nine years. A bill is now before Congress, authorizing the Government to contract with the same Company for carrying the Mails, and also for the transportation of Troops and Military Stores. There is no doubt but that this project will be immediately carried out, and that the contemplated Road will be the grand thorough-fare of nations. The Sea voyage to California, around Cape Horn, from our Atlantic ports, is some sixteen or seventeen thousand miles; but by way of Panama, it is only about five thousand. The only objection to the shorter route, is the necessity of transshipment; but with a Rail Road to transport merchandize and passengers from one sea to the other, the saving in time, in expense, and in the risk incurred, is immense. The Commerce of Europe, as well as that of this country with Eastern Asia, will doubtless pass over it. California and Oregon, in ten or twenty years will have a large population, with splendid Cities studing the coast of the Pacific; they will look across the broad expanse of water upon the shores of Asia, and reflect back, in an improved form, that civilization which had its birth there—a civilization wedded to liberty, and sanctified by the Religion which is true.

The mind is bewildered in contemplating the great destiny which awaits our country, and the great changes in the affairs of mankind which a few brief years will develop. The children are now born who will live to see this Nation the most powerful and prosperous of any on the Globe! May that power be wielded for the good of human kind—may we not be what Rome was, and England is, the Conqueror and the oppressor of other Nations;—but may we become the Benefactor, Peace-maker and common Friend of all the families of men.

The Isthmus of Darien.—As this is the most direct route to California and as the U. S. Mail Steamers will soon form a monthly line from New York to San Francisco via Chagres and Panama, we have made some inquiry in relation to the journey across the Isthmus. The whole distance is sixty miles, forty of which is up the Chagres river, and is performed in canoes, the balance of twenty miles is made on mules—the whole journey takes about two days. We understand that the steamboat Orus has been purchased at New York, and will be placed permanently on the Chagres river in connection with the mail steamers, and thus will reduce

the journey time across to sea to ten hours.—Pennsylvanian.

From the Petersburg Republican.

Railroad Across the Isthmus of Panama.—A memorial of this important subject, from Wm. H. Aspinwall, John L. Stephens and Henry Chauncey, was presented to the lower House of Congress on Monday last. These gentlemen propose to establish a railroad across the Isthmus of Panama, and ask that they may be intrusted with the transportation of the mails, and the conveyance of troops, munitions of war, &c.

The memorialists state that they have obtained a charter for ninety-nine years from the government of New Grenada. They ask no appropriation of money. They will make the road from their own resources, and only ask that, when made, they shall be aided by the transportation and freightage of the United States government.

The memorial was ordered to be printed.

Execution of William Dandridge Epes.—From the Petersburg Republican of the 25th inst. we learn that on the 22d December, in pursuance of sentence passed by the Hon. Judge Nash, William Epes suffered the penalty of the law for the crime of murder, perpetrated on the body of Francis Adolphus Muir, Esq. on the 2d day of Feb., 1846. The prisoner made a short speech immediately before his execution took place. He said:

"I have been charged with many crimes. I have been charged with the murder of a hog drover—I have been charged with the murder of my mother-in-law—I have been charged with the murder of my son—and I have been charged with the murder of my own servant—but gentlemen, all these charges are false—all false. Would to God I could say as much of that other charge. But of that I am guilty—I murdered Francis Adolphus Muir. I murdered him. He fell by my hand. I have regretted the act ever since it was committed—it has been before my eyes ever since. I have the gratification to state that I believe he is in heaven, and I trust I may meet him there. In his dying moments he said he hoped to meet me there. I hope I shall meet him there, and I believe I will meet him there, for I trust in God's promises.

"Gentlemen—I have seen better days, and many of you know it. But when the tempter is aroused we know not what we may do. I hope that my fate may be a warning for you to shun my example. I leave this world at peace with all mankind. I feel that I am at peace with my God. I trust to meet you all in heaven."

The Cincinnati papers state that a Mr. Hathaway, a wealthy resident of that city, has been declared by a commission de lunatico inquirendo, incompetent to manage his estate, which is valued and valued at \$750,000. It has accordingly passed into the hands of guardians, for the benefit of his children. Mr. H. purchased this property in 1810 for \$1,100!

Emigration to Texas.—The Alexandria (Red River) Republican of the 9th says: "The emigration to Texas is very great at this time, and if it continues as at present for any space of time, our sister State will soon be swelled immensely in population. Ever since the Presidential election, a constant range of wagons has passed here on the road to Texas. They are mostly from Mississippi, and appear to have started immediately after the election. We understand that both the upper and lower roads, as well as this one, are well crowded with emigrants bound thitherward."

From the Union.

Wisconsin.—The Exemption Law of this State goes into operation on the 1st of January. The Madison Argus thinks it a reasonable estimate to suppose the exemption from legal liability will cover \$1000 worth of personal property. Add to this 40 acres of land with all the buildings and improvements thereon, or a village lot with its improvements, and an estimate can be formed of the aggregate amount of property to which legal liability will not attach hereafter.
