Jayne's Medicines.

Another proof of the efficacy of Dr. Jayne's Hair Tonic.—This will certify that I was entirely bald for about three years, when I was recommended to try Dr. Jayne's Hair Tonic. I procured two bottles of Mr. Mason, in Somerville, and using the Tonic for about fifteen months, my hair came in all over my head, and, although not quite as thick as before, yet it is constantly growing. This surprising restoration of my hair has excited the astonishment of all my acquaintances, and made me an object of curiosity to many. I am now 55 years of age, and have reason to regard the inventor of this matchless Hair Tonic as a public benefactor.

No cure, no pay! Fever and Ague.—Jayne's Ague Pills are warranted to cure the worst forms of Fever and Ague. The money will be refunded in all cases if they fail to cure—but they never do fail.

Among the thousand and one Medicines advertised as "certain cures for all pulmonary complaints," Jayne's Expecto-rant stands alone. Its path to public confidence has been paved not with puffs but cures; and the vouchers for its efficacy include an array of names which for character and respectability, cannot be surpassed in this country. Dr. Jayne, being himself a physician, does not profess to perform physical impossibilities—as for instance, to cure a man whose lungs are like a honey-comb, completely riddled, as it were, by disease, but he does assert, and we believe he is borne out by well authenticated facts, that in all diseases of the lungs and chest which are susceptible of cure without miraculous interference, his Expecto-rant will restore the patient to health. There is no medicine before the public which is so effective in removing coughs, colds, bronchitis, asthma, hoarseness, pleurisy, croup, influenza, quinsy, and all the orders of the machinery of respiration, as Jayne's Expecto-rant.

An unequalled Remedy

1ST, for colds and feverish feelings and preventing Fevers. 2nd, For asthma, liver complaint and bilious affections. 3d, For diarrhoea indigestion and loss of appetite. 4th, For costiveness in females and males. 5th, For stomach affections, dyspepsia and piles. The great joint-ache, it is not bad to take, never gives pain, and never leaves one costive! For all these things it is warranted unequalled, and all who do not find it so may return the bottle and get their money back. This medicine is LONGLEY'S

Western Indian Panacea.

We assert there is no family medicine of half its virtues, and none that will so delight the users of it, and to convince all that these are facts, we offer as above. Try it without price, if you are not charmed by its effects. Fuller descriptions and an Almanac for 1848 gratis, with the agents for the county. (See below.)

The Human Hair

Is admitted by civilized as well as barbarous nations to be when full, flowing and perfect, the greatest ornament, and when imperfect or wanting the greatest disadvantage to the personal appearance of male or female. That it is a duty to preserve and beautify it, all will admit. This article has been for more than 20 years used extensively. It has the testimony of many of the most respectable citizens in this country, who certify to the fact that the

BALM OF COLUMBIA

First, in all cases stops the hair falling out or restores it in most if fallen, and in all cases it lost by sickness; and keeps off dandruff and scurf on infants and adults. Second, perfumes the hair and preserves it to old age from turning gray. Should always be used at toilette. Third, gives great vigor and rapid growth to the hair, and causes it to curl beautifully. Lastly, prevents all filth or its consequence on children's heads, and exceeds all other articles for the hair in quality, quantity and cheapness. Many articles have been started on the reputation of this, and are without merit though they have been and are sold at double the prices of this balm.

The piles, all sores, rheumatism, &c.

Hair's Liniment

Is an article more justly celebrated as a cure for the above, than any of all others. The cases of cure are almost innumerable, and it is only necessary to let those who know the article and have used it with such great success, know that it is to be had true and genuine. (For there are counterfeiters) of Dr. Lucius Comstock, 21 Cornland st. New York, and so of the rest of the articles here named.

To the hilt and lame—Dr. Hewes' nerve and bone liniment is the most effectual cure for rheumatism and contracted cords and muscles.

The gray haired will find the Indian Hair Dye perfect and effectual.

For worms—Kola-stock's Vermifuge—Kola-stock's—will eradicate and cure all children and adults who have worms. Caution. Beware of all unless the name is spelled Kola-stock's, the old Dutch name of the inventor.

(EXTRAORDINARY)

A cure of Body and mind.

Philadelphia, Jan. 6th, 1846.

Dr. D. Jayne.—Dear Sir:—Justice compels me to make the following statement of the extraordinary effects of your valuable medicine—the Alternative.

I certify that my wife was afflicted for fourteen years, during which time her disease baffled the skill of several eminent physicians, and after finding that every means that were used failed to relieve her, I concluded to place her in the Pennsylvania hospital, hoping that the care and treatment she would there receive from the physicians in that institution, she might again be restored to health. But to my great disappointment she grew worse, and became entirely deranged in her mind, and I was obliged to take her home again "incurable" and bereft of reason. I will here mention that at this time the more prominent symptoms of her disease were Dyspepsia and Liver Complaint, attended with sickness of the stomach, and vomiting of a very offensive foetid mucus, pain in the head, back and stomach, and in the region of the heart, with violent attacks of Colic, a troublesome cough from large quantities of phlegm in her throat, which kept her continually gagging and retching to throw it up. She had no appetite, and was very weak. She also suffered very much from a uterine disease by which she was confined to her bed. Add to all the above, the deranged state of her mind, (which at this time was truly awful,) and you will be able to form some idea of her afflictions.

By the advice of a friend we commenced giving her your Alternative, in the doses of a tea-spoonful three times a day, and found that it helped her. We also gave her your Vermifuge to increase her appetite, and the Sanative Pills to regulate her bowels. She had not taken two bottles of the Alternative, before it operated upon her in a wonderful manner, filling her face with small red pimples, and caused her to expectorate large quantities of corruption, before which, her breath was so offensive we could not remain in the room with her unless the doors were open. Finding the Alternative doing her so much good, we increased the dose according to the directions, and she continued to improve daily, until finally she was restored to health, in body as well as in mind. I hope you will delay no time in laying this before the public, as I am willing to be qualified at any time to the truth of the above statement, and that it was your Alternative which cured her.

Samuel Fields,

Bedford above Marlboro St.

The above is from a well known and worthy citizen of Kensington, and a member of the Methodist Church, and hundreds of families in that neighborhood will testify to the truth of his statement.

POETRY.

From the Salem Advertiser.

THE CALIFORNIA EMIGRANT.

Tune—"Oh! Susannah!"

I come from Salem city,
With my wash bowl on my knee;
I'm going to California,
The gold dust for to see.
It rained all night the day I left,
The weather it was dry,
The sun so hot I froze to death—
Oh! brothers! don't you cry;
Oh! California!
That's the land for me!
I'm going to Sacramento;
With my wash bowl on my knee!

I jumped aboard the 'Liza ship,
An' traveled on the sea,
And every time I thought of home,
I wished it wasn't me!
The vessel reared like any horse,
That had of oats a wealth;
It found it couldn't throw me, so
I thought I'd throw myself!

I thought of all the pleasant times,
We've had together here;
I thought I ort to cry a bit,
But couldn't find a tear.
The pilot bread was in my mouth,
The gold dust in my eye,
And though I'm going far away,
Dear brothers, don't you cry!

I soon shall be in Francisco,
And then I'll look all 'round,
And when I see the gold lumps there,
I'll pick them off the ground,
I'll scrape the mountains clean, my boys,
I'll drain the rivers dry,
A "pocket full of rocks" bring home—
So brothers, don't you cry!

Troops for California.—We learn from the New York Express, of the 17th ultimo, that the ship Fanny Forester sailed from New York on the 15th for Monterey, California, having on board Company M., 3d Artillery, Officers—Brevet Capt. George P. Andrews, commanding; Lieutenant Jno. H. Lendrum, H. G. Gibson, and William G. Hill. Also, a detachment of recruits, in charge of Lieut. John Hamilton, 3d Artillery. Dr. H. S. Hewitt, Surgeon, and W. H. Chever, and J. R. Daniel, passengers.

Capt. George P. Andrews is a native of North Carolina, and the son of our highly valued friend, Dr. S. A. Andrews, of Wayne. He distinguished himself, as an Artillery Officer, in all the battles of the City of Mexico; and was not only favorably noticed by Gen. Scott, in his despatches, but promoted by the President for his gallant conduct and useful services. Mr. J. R. Daniel, who goes out with him, is the late 1st Lieutenant of the Wayne County Volunteers, and a worthy young man.

We learn that this expedition, which goes forward under the command of Capt. Andrews, has been liberally fitted out by the Government. All that was conceived to be necessary for establishing a new post and a settlement, at or about Yerba Buena, was furnished, including steam power for mills, implements of husbandry, and tools for mechanics, as well as a splendid battery of cannon for offensive or defensive purposes.

"Westward the star of Empire takes its way."

In less than twenty years from this day, the beautiful and fertile valleys of California will teem with an enlightened and industrious population, and State after State will present itself for admission into our glorious Union. Such is the progress, and such the wonderful destinies of the American people!

Rapine and murder in California.—Private letters, says the Boston Traveller received here from the gold mines of California, are rather discouraging to those about starting for that region. They con-

firm the former reports as to the abundance of gold, but at the same time state that those who are in possession of the precious ore in any quantities are marked, and often soon after disappear. Even some that have attached themselves to trains leaving the mines have been robbed, and trains on their way there have been plundered.

Another letter states that the mate of a vessel lying on the coast, who had deserted a month or two previous, had returned to the vessel with \$20,000 worth of gold.

Suicide.—Miss Emeline Johnson, daughter of Chas. H. Johnson, a respectable and esteemed citizen of this city, committed suicide in this vicinity, on Saturday last, by drowning herself in Walnut creek, at a place called Coman's Mill. The body was found on Sunday morning, about 11 o'clock. A deep gloom has been spread over a large circle of friends and acquaintances by this melancholy event; but there are circumstances of alleviation in this extraordinary and painful occurrence. The deceased was a deeply pious young lady; but by bodily affliction, and gloomy reflections upon her spiritual condition, her mind lost its balance, and she had long labored under painful derangement, ever attending, however scrupulously, to her religious duties; and it was in a fit of insanity, that she hurried her meek and gentle spirit into the presence of her maker, who judges and rewards according to the moral, not the mental condition of his creatures.

From the Fayetteville Carolinian.

A Gang of Villains.—We have received from Messrs. Geo. W. Watson, N. R. Bryan, Joseph Cook, and Winslip Bryan, a communication stating the considerable excitement existing in the lower and adjoining ends of Moore and Chatham counties, in consequence of the conduct of several men, believed to be a band of robbers and counterfeiters. Two of the men

and behaved suspiciously. In the morning they presented a ten dollar note to pay their fare. Mr. Cook thought it was counterfeit, (in which opinion he has since been confirmed) and would not receive it. They pretended to have no other money, and got off without paying at all. They have tried in various ways and with different persons to pass like notes, and get good money in return for change. One of them lodged a night with Mr. R. Bryan, and succeeded in passing one of the notes to him. They are all said to be young men. Two of them 25 or 30, and another about 20 years. About two weeks ago, the house of Mr. Wicker was entered by two men, who were seen by Mrs. Wicker. They had examined the side board in which was Mr. W.'s money, about \$200 but were frightened off before they had got it. They had previously lodged at Mr. Wicker's one night and saw him have the money and where he put it. The public are guarded against these men; and all good citizens are called on to exercise vigilance with a view to their apprehension. Two of them were tall, thin visaged men, very ordinarily clad; and the third was of middle stature. All of them had a sort of sheepstealer's appearance. They travelled on horseback.

Hootery Wake, Grand Senior Deacon; N. F. Reid, Rockingham, Grand Junior Deacon; Richard W. Ashton, Raleigh, Grand Tyler; Joseph A.
