

TARBOROUGH:

SATURDAY, APRIL 7, 1849.

The Wilson Committee are requested to meet at Dr. Thomas's Drug Store on Wednesday 11th April next at 2 o'clock, P. M. By the Chairman.

Town Officers.

On Monday last, Robt. R. Bridgers, Esq. was elected Magistrate of Police—and Messrs. John S. Dancy, Joseph H. Bowditch, and Robt. Norfleet, Commissioners of the town of Tarboro' for the ensuing year.

Counterfeiter Arrested.—We learn from the Wadesboro' Argus, that a man calling himself John Geasley, hailing from Rockingham county, N. C., was arrested and committed to jail in that place for passing \$80 in counterfeit \$10 notes on the Bank of Cape Fear, and \$20's on the Bank of the State of South Carolina. These notes were wretchedly executed. He had also other spurious bills, among them two 10's on the Bank of Louisville, Ky.—Fayetteville Observer.

A New Counterfeit.—We learn that a counterfeit \$20 Note on the Fayetteville Branch of the Bank of the State, was detected in Raleigh a week or two ago. The signatures are very good imitations, except that they are engraved. The filling up, I Wetmore and Fayetteville, are admirable imitations. The plate is not correct—the vignette being an eagle on the right hand instead of a wheat field.—ib.

From the Wilmington Journal.

Conviction of Murder.—The Jury in the case of Robert Hildreth, tried at the last Superior Court of Richmond County, for the murder of William Taylor, in Anson County, on the 15th day of September last, returned a verdict of guilty of murder, on the 21st inst.

Conviction of Hyer.—Hyer, the pugilist, who whipped Sullivan, has been found guilty of assault and battery, and sentenced to pay a fine of \$700, together with the costs of prosecution, amounting in all to about \$1,000.—ib.

Drowned.—Five negroes, in attempting to cross the River to Point Peter, in a small flat boat yesterday, were upset, and two were drowned. One belonging to Mr. Sam'l Potter and the other to Mr. Edward Hall.—Wilmington Commercial.

Horrid Rape.—We understand that a few nights ago, a rape of the most atrocious character was committed in this county, on the body of an unmarried white woman of irreproachable character, by a negro man belonging to Mrs. Wilson, living about ten miles South of Charlotte. The proof is said to be irresistible, but as the case is to be brought before the judicial tribunals of the country, we shall say nothing more on the subject at this time. Charlotte Journal.

Hard to Beat.—Mr. Micajah Lassiter, of Randolph county, aged ninety years, has twenty living children, sixty-nine grand children, and fifty-two great grand children—all living within fifteen miles of his residence.—Randolph Herald.

A Happy Expression.—We learn that a gentleman of Washington city called at the White House, a few days since, accompanied by his family, consisting of three sons and six daughters, to pay his respects to President Taylor. They were received very cordially, and after shaking hands with each, he turned to the father and remarked:—"Sir, you are a rich man, and a nation's strength consists in the number of her people, and a parent's wealth in the number of his children."—Ral. Reg.

The Mayor of Washington city received through the post office of that city the following curious epistle:

Washington, March 20, 1849.

W. Seaton—Sir—For the last time an offer will be made to you for the release of Webb from prison. Your life will depend upon your success in the matter. The moment he is released, the Jewels of the Patent Office, and also the entire stock of Jewelry that was taken from the store of Eckle, on the 19th of January, and the money and gold watch that was taken

from the body of the man that was murdered between Georgetown and Alexandria, on the 9th of March, will be forwarded to you per Adams & Co's Express. This is the last offer that will ever be made to you. Your acceptance will be your life. I have been in Washington and found out your every move, and if you fail in having Webb liberated, you must die.

When you get this I will be in Philadelphia.—Liberate Webb and send him to Philadelphia, and the jewels, goods and money shall be forthcoming. Respectfully, R. REESE.

[Addressed on outside: "W. Seaton, Mayor of Washington, D. C."]

Threatening Letters.—Mr. Wm. B. Astor, of New York, recently received certain threatening letters, stating that unless he paid over \$50,000, his life and property were to suffer. A similar letter was received by Mrs. Astor. Mr. Astor placed the communications in the hands of the police, who recommended some play on his part, and the deposit of a package to the writers, which resulted in the arrest of Franklin G. Bragg, of No. 6, and Isaac A. Biggs, of No. 21, Morton street. Both were committed for examination.—Ral. Times.

Later from Col. Fremont.—Dreadful sufferings of his Party.—An arrival at St. Louis brings Santa Fe dates to the 2d of February. The independence Republican contains letters from New Mexico, representing the winter there to have been of unusual severity. Col. Fremont, whom last accounts left on his way to California several miles beyond Puebla, lost one hundred and thirty mules in one night. Being thus left on foot, the party could proceed no farther. Three of their number were then sent back in search of a settlement, and as they did not return in twenty days, Col. Fremont himself started on foot to look for succor. He reached Taos in nine days, traversing, in that time, a distance of three hundred and fifty miles. Major Beall immediately dispatched a company of dragoons with mules and provisions for Col. Fremont's party. Col F. though much worn and emaciated, with his hands and feet badly frozen, insisted upon accompanying the relief party and did so. Upon reaching the camp they found the survivors in a horrible condition, broken down and starving, and compelled to feed upon the bodies of their dead comrades. One report goes so far as to say they were all frozen to death.

Foreign.

The following is a summary of the important foreign news received by the steamer Canada.

Russia.—March of the Imperial Guards.—The Continental news will be read with more than ordinary interest, and is, in fact, of the highest importance. Perhaps the most striking feature is the march of the imperial guards of Russia from St. Petersburg. These men, numbering 52,000 strong, have not quitted the capital since 1831. They have proceeded through Wilna to the frontier, and will no doubt take such a position as to be able to keep in check the disaffected Poles on the Prussian frontier, support the imperialists in the Hungarian struggle, and assume such an attitude as shall plainly indicate the intention of the Czar to control as much as possible any disposition to revive the scene which so unhappily occurred during the last year. A Russian Note has appeared in which the Czar declares his resolution of adhering firmly to the treaty of 1815, and any attempt to infringe it, he shall deem a casus belli.

The entrance of 10,000 Russians into Austrian Transylvania, only evinces the disposition of the Czar, who assuredly will not consent to any change in the territorial districts of Italy, unless with the entire consent of Austria.

Denmark.—The Schleswig Troubles.—The armistice of Malmo will cease after the 26th March, and the King of Prussia declares that he will no longer be bound by it. The Danes are ready to resume hostilities, and are concentrating large forces at Kolding. It is very doubtful, however, whether the belligerents will again come to blows. We cannot doubt that the Danish right to the Duchies will be maintained inviolate. Russia has refused to admit the Schleswig Holstein vessels into her ports unless under the Danish flag.

Hungary.—Austria.—Severe battle in Hungary.—The Austrian war in Hungary has proceeded with variable success in the south of Hungary. The German pop-

ulation, finding the insurgents carrying destruction in every quarter, called on the Russians, who now occupy Cronstadt and Hermanstadt. Several severe battles have taken place, one in the neighborhood of Ollau, lasting two days, with considerable slaughter. The Imperialists seemed to have had the advantage.

As the insurgent troops amount to 140,000 men, split up into many divisions, it is difficult to ascertain the actual progress of the war, the termination of which seems still to be very remote.

Ferrara Seized.—While Austria is pushing on the war in Hungary, she is not unmindful of Italian affairs. She has marched a body of troops upon Ferrara, and seized upon the city and levied a fine upon the citizens of 200,000 scudi, which she handed over to the Pope.

Italy.—The Revolution in Tuscany.—The revolution of Tuscany is complete. The Republic has been proclaimed at Leghorn. Florence and a Central Italian Republic has been formed in upon with the Romans. The Grand Duke has protested against this revolution, and has entreated all the powers of Europe to refuse to recognize the new authority, which he declares to be a violation of the constitution agreed to by all parties last year, committed by a few factious men only.

Rome.—A Bonaparte Vice President The Prince of Canino has been elected Vice President of the republic of Rome.

The Pope after halting between abdication and soliciting foreign intervention, has now, it is said, made an application to Austria, and it is confidently stated that Spain is about to send a division of 10,000 men to aid in restoring his holiness.

The latest intelligence from Italy states that the Roman ministry had communicated to the assembly that a joint intervention of Austria, Spain and Naples is announced. France had not decided what part to take.

Latest from Austria.—Latest intelligence from Vienna is to the 4th inst. All at the capital agree in thinking that many such victories as the Austrians won at Ollau, would ere long bring the Magyars to the gates of Vienna.

BRANDRETH'S PILLS.

THE BEST FAMILY MEDICINE.

Ladies should use the Brandreth Pills frequently. They will ensure them from severe sickness of the stomach, and, generally speaking, entirely prevent it. The Brandreth Pills are harmless. They increase the powers of life—they do not depress them. Females will find them to secure that state of health which every mother wishes to enjoy. In the costiveness so often prevalent at this interesting period, the Brandreth Pills are a safe and effectual remedy.

There is no medicine so safe as this—it is more easy than castor oil, and is now generally used by numerous ladies through their confinement. Dr. Brandreth can refer to many of our first physicians who recommend his Pills to their patients to the exclusion of all other purgatives, and the Pills being composed entirely of Herbs or Vegetable matter, purify the blood, and carry off the corrupt humors of the body, in a manner so simple as to give every day ease and pleasure.

Dr. Brandreth's Pills.

In order to discriminate between Truth, which is eternal, and conjecture, which is like a transient vision, we must be guided by the light of EXPERIENCE. To what does experience direct? To the FREE USE OF Dr. Brandreth's Pills. In all cases of bodily suffering. As this advice is followed, so WILL THE HEALTH OF THE BODY BE. The writer has long used them and has never found them fail of imparting relief. In all acute diseases, let Brandreth's Pills and mild diet be used, and the patient will soon be restored to good health. In chronic complaints let the Pills be used as often as convenient, by which means the vitality of the blood will be improved, and the crisis will be generally brought about; the disease being changed to acute, a few large doses of Pills and a few days confinement to the house, will change the chronically diseased individual to a sound man. This is no figure of the imagination; it can be proved by a thousand matter-of-fact men who have experienced it. REMEMBER, in all cases of disease, no matter whether it be a cold or a cough; whether it be asthma or consumption; whether it be rheumatism or pleurisy; whether it be typhus or fever and ague, or bilious fever; or a cough or whooping cough or measles; whether it be scarlet fever or small pox; that the Pills known as Brandreth's Pills will surely do more than all the medicines of the Drugstores for your

restoration to health, and what is more will surely do you no harm.

All persons should carefully purchase BRANDRETH'S PILLS, only of the regularly appointed Agents. They would thus insure themselves the genuine article; otherwise they may often light upon a Counterfeit article. Be careful. For sale by GEO. HOWARD.

Dr. Wistar's Balsam of Wild Cherry.

From the Maine Democrat, (Saco,) June 22, 1847.

He ascribes his cure entirely to the Balsam, and recommends those who use it to persevere, even if they do not at once perceive any beneficial result. We are not in the habit of writing puffs for medicines, and only give this at the request of Mr. W. ED. DEMOCRAT. For sale by Geo. Howard, Tarboro'.
