

THE TARBOROUGH PRESS

Whole No. 1185.

Tarborough, Edgecombe County, N. C. Saturday, May 19, 1849.

Vol. III, No. 9.

The Tarborough Press.

BY GEORGE HOWARD, JR.

Is published weekly at Two Dollars per year if paid in advance, or, Two Dollars and Fifty Cents at the expiration of the subscription year. Advertisements not exceeding a square, will be inserted at ONE DOLLAR the first insertion, and 25 Cents for every succeeding one. Longer ones at that rate per square. Court Orders and Judicial advertisements 25 per cent. higher.

CABINET FURNITURE.

FROM the IMMENSE INCREASE of our business, we have been under the necessity of taking the whole up-story over L. Pender's Store, at the sign of Pender & Brother, where may be found

AN IMMENSE Stock of Furniture.

Consisting of the same articles which will be seen advertised at the Old Stand. Persons that have not had an opportunity of seeing a magnificent stock of furniture, are respectfully solicited to call, as prices and quality shall surely suit. Furniture repaired at either place at the shortest notice.

F. L. BOND.

N. B. In order that a man may do himself justice, let him see articles of Furniture before purchasing. No body likes to buy a cat in a bag.

Tarboro', Sept. 29, 1848.

DR. GORDON'S VEGETABLE ANTI-BILIOUS FAMILY PILLS.

Only 25 cents per box.

FOR the cure of Headache, Giddiness, Salt Rheum, Rheumatism, Piles, Heartburn, Worms, Dyspepsia, Cholera Morbus, Pains in the Back and Limbs, Liver complaint, Rising in the throat, Fevers of all kinds, colds, Gout, Gravel, Female Complaints, Nervous complaints, and all other diseases arising from impurities of the blood, and morbid secretions of the liver and Stomach.

Every disease to which the human frame is subject, originates from impurities of the blood or derangement of digestive organs.

Dr. Gordon's Family Pills, being compounded exclusively of such ingredients as nature intended should operate on the impurities of the Human System. Strike at the root of the disease, removing all impurities from the body, opening the pores externally and internally, separating all foreign and obnoxious particles from the chyle, so that the blood, of which it is the origin, must be thoroughly pure and necessarily securing a free and vigorous action to the Heart, Lungs, Liver and Stomach, thereby restoring health, by opening the pores, cleansing the veins and arteries, unimpeding all the natural veins and purifying the blood; they render the system not only thoroughly sound, but also impervious to disease, even when all other means have failed.

Within the last twelve months, more than one hundred cases of the most aggravated forms of Dyspepsia have been cured by the medicine, where rigid dieting, the Blue Pill, and almost every other means had been resorted to without any benefit, and when death stared its miserable victim fully in the face. If Dr. Gordon's Pills were not adapted to the cure of any but this horrid malady, their uniform success in this disease alone would be sufficient to "walk on to fame" the name of their inventor, as a benefactor of his species. This medicine never fails to cure the worst cases of piles in one week!

For sale in Tarboro' by A. H. Macnair & GEO. HOWARD.

February 6, 1849.

Notice.

For coughs and lung complaints use Dr. Bartholomew's Pink Expectant syrup.

Sick head ache, though constitutional or incidental, is cured by Dr. Spohn's head ache remedy.

Lin's balm of China, for the cure of all diseases that require external application.

The gray haired will find the Indian Hair Dy perfect and effectual.

For sale by Geo. Howard.

A Good Chance to clear from \$500 to \$1000 a year.

AGENTS wanted in every Town and County throughout the Union, to procure Subscribers to "Sears' Pictorial and Illustrated Family Magazine," and to sell Sears' New and Popular Pictorial Works universally acknowledged to be the best and cheapest ever published, as they certainly are the most saleable. Any active agent may clear \$500 or \$1000 a year. A cash capital of at least \$25 or \$50 will be necessary. Full particulars of the principles and profits of the Agency will be given on application, either personally or by letter. The postage must in all cases be paid. Please to address, ROBERT SEARS, Publisher, No. 128 Nassau street, New York.

Bowel complaint, Cries, &c

POSITIVELY CURED BY Jayne's Carminative Balsam.

Chicago, Ill., March 27, 1845.

Dr. D. JAYNE—Dear sir, You ask me what proofs I meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the summer complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such and such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine it is a valuable medicine, and no family should be without it.

Respectfully, M. L. KNAPP, M. D.

Professor of Materia Medica in the Laporte University, Indiana.

Prepared only by Dr. D. JAYNE, Philadelphia, and sold on agency by GEO. HOWARD, Tarboro', Feb. 14, 1849.

A scientific Medicine.

GREAT experience and judgment are required to make a valuable, and at the same time, innocent purgative. This is possessed only by few.

The great majority of the remedies advertised of this class are manufactured by persons who have no idea of the relative or individual powers of the drugs they use. It is this cause, more than any other, which occasions the inertness and often injurious effects, produced by advertised remedies. And hence the general prejudice which prevails against them. Now there is a great difference in this respect, with regard to the pills made by Dr. B. Brandreth, and consequently, their superior claims upon the public. Each of the articles composing the

Brandreth Pills

Are prepared in that way which will secure their beneficial effects to the system in the safest and easiest manner. For instance, some ingredients have to be prepared in the vacuo; that is, the air is exhausted in the utensil, and remains so until a combination is effected with other ingredients, which afterwards prevents the air from acting injuriously upon the medicine. Again, the proportion of each ingredient depends upon its multiplying power upon other ingredients. For the power of different vegetable purgatives upon each other is governed by similar laws that govern the power of figures by multiplication. Nine added to nine make eighteen; but nine times nine are eighty-one. So it is with some vegetable purgatives. By adding nine parts of one ingredient, and nine parts of another ingredient together, the power is increased, not to eighteen, but to eighty-one. For example, either of the articles to produce any purgative effect, would have to be used to the extent of eighty-one grains; by combining them, only eighteen grains have to be used. Again, another ingredient is found to multiply this power again, which in a proportion of two grains, would have no effect upon the animal economy, but which, added to eighteen grains of a compound of two parts of nine grains, each of two ingredients, will again multiply the power which they have gained of eighty-one, to one hundred and sixty-two. So again, the mixture of twenty grains can be again multiplied by an addition of two grains, to the power of three hundred and twenty-four grains of the original power of the two first ingredients. Here we have twenty-two grains, which as a purgative, contain the power equal to three hundred and twenty-four grains of either of the articles alone; nevertheless, also so powerful after being thus combined, are safe in any quantity, ways having a beneficial effect, and in no case capable of doing injury, of which thousands bear ample witness.

Let those in any way out of health use these Pills, they will find it much to their advantage. Beware of Counterfeits! the safest course is to buy of the regular agents only for sale by Geo. Howard.

Townsend's Sarsaparilla.

From the Wilmington Journal.

The following statistics which has been handed to us by Mr. Crandall, Messrs. Clapp & Townsend's travelling agent, will furnish the reading public some idea of the magnitude of their Sarsaparilla business at their manufactory which is erected at Albany, at an expense of seventy thousand dollars.

They prepare and put up 5,000 bottles every day; to perform this labor it requires from 70 to 100 hands. In order to supply the large quantity of bottles used, two of the largest glass establishments in the United States are kept in constant operation. This single item alone amounts to \$100,000 per annum. Three Napier steam printing presses, with a double set of hands each, are constantly running on Circulars and Almanacs. They published last year 4,000,000 for gratuitous circulation, containing a great variety of useful information, besides their own advertisements. It took 50 females six months to fold and stitch them. Their Almanacs cost \$30,000. Independent of all this, they publish a full column of their medicine matter in over 400 papers in the United States, British Colonies, West India Islands, and South America, where they have extensive sales; this costs them over \$80,000 per annum. They have a large number of men and boys engaged in collecting root and other ingredients. Indeed all the hands they employ directly and otherwise, in making glass, paper, corks, sealing wax, packing boxes, together with their agents in selling the medicine, cannot be less than 2,000 persons. The amount of capital employed to keep all the Agents supplied, and their whole business in successful operation, is not less than 500,000 dollars.

It would seem that a medicine which has gained such a high reputation, and such unprecedented sales, swelling to the enormous sum of \$800,000 a year, must possess, in and of itself, intrinsic medicinal virtues for the cure of many diseases to which the human flesh is heir to.

For sale by Geo. Howard, Tarboro', March 31, 1849.

Dr. Wistar's Balsam of Wild Cherry.

From the Maine Democrat, (Saco,) June 22, 1847.

Wistar's Balsam.—A few days ago, Mr. Elijah Witham, of Sanford, in our county, being in our office, requested us to publish, for the benefit of the public, his testimony in favor of

Wistar's Balsam of wild Cherry

In the fall of 1846, Mr. W. was attacked with a very bad cold, which continued to grow worse till March, when he was confined to the house, with little hope of recovery. Hearing of

Wistar's Balsam of wild Cherry

he resolved to try it. He soon found relief—and after taking four bottles, was able to go out and attend to business. He ascribes his cure entirely to the Balsam, and recommends those who use it to persevere, even if they do not at once perceive any beneficial result. We are not in the habit of writing puffs for medicines, and only give this at the request of Mr. W.

ED. DEMOCRAT.

DR. KUHL'S

Abyssinian Mixture.

FOR GONORRHOEA, GLEET, FLUOR ALBUS, GRAVEL, &c.

Letter from Dr. James R. Callum, dated Milton, N. C. August 14, 1847.

Dr. J. Kuhl—Dear Sir:

Your medicines have given entire satisfaction in this section of country, the Abyssinian Mixture especially, is highly approved of, it has never failed to cure in every case. It sells like hot cakes. I have never had enough to supply the demand. You will please send me a large supply of it as soon as you arrive at home. Yours, respectfully, J. P. CALLUM, Milton Drug Store.

AGENTS—GEO. HOWARD, Tarboro'; F. S. Marshall, Halifax; James Simmons, Weldon; C. Pugh, Gaston; F. E. Cook, Warrenton; Henry Goodloe, Warrenton; P. C. Brown, Louisburg; John H. Brodie, Franklin; Louis H. Kittle, Henderson; R. H. Mitchell, Oxford, May 16

The Press, Types and Fixtures

Warrenton (N. C.) Reporter

OFFICE FOR SALE.

HAVING determined on quitting the Printing Business, we now propose selling our Printing Press, Types and Fixtures, at a very low price for cash, or on a short credit for a part of the purchase money, with bond and approved security.

The Press and a part of the Type are considerably worn, but will do pretty fair work for two or three years to come. The Job and Advertising Type are in better condition, and will last many years. The Cases, Stands and other fixtures are very good. There is a sufficiency of type of all kinds for a village establishment. Warrenton is a desirable place to reside in, being remarkably healthy, and has as good society as any village in the State. We have been engaged in the publication of the Reporter for 21 years, and have been tolerably well sustained. We will sell at a price so low, that any one wishing to engage in the business would do well to call and see us, or address the Editor, post paid, Warrenton, N. C.

R. N. VERELL, Editor & Prop.

BRANDRETH'S PILLS.

THE BEST FAMILY MEDICINE.

Ladies should use the Brandreth Pills frequently. They will ensure them from severe sickness of the stomach, and, generally speaking, entirely prevent it. The Brandreth Pills are harmless. They increase the powers of life—they do not depress them. Females will find them to secure that state of health which every mother wishes to enjoy. In the costiveness so often prevalent at this interesting period, the Brandreth Pills are a safe and effectual remedy.

There is no medicine so safe as this—it is more easy than castor oil, and is now generally used by numerous ladies through their confinement. Dr. Brandreth can refer to many of our first physicians who recommend his Pills to their patients to the exclusion of all other purgatives, and the Pills being composed entirely of Herbs or Vegetable matter, purify the blood, and carry off the corrupt humors of the body, in a manner so simple as to give every day ease and pleasure.

In order to discriminate between Truth, which is eternal, and conjecture, which is like a transient vision, we must be guided by the light of EXPERIENCE. To what does experience direct? to the FREE USE OF Dr. Brandreth's Pills.

in all cases of bodily suffering. As this advice is followed, so WILL THE HEALTH OF THE BODY BE. The writer has long used them and has never found them fail of imparting relief. In all acute diseases, let Brandreth's Pills and mild diet be used, and the patient will soon be restored to good health. In chronic complaints let the Pills be used as often as convenient, by which means the vitality of the blood will be improved, and the crisis will be generally brought about; the disease being changed to acute, a few large doses of Pills and a few days confinement to the house, will change the chronically diseased individual to a sound man. This is no figure of the imagination; it can be proved by a thousand matter-of-fact men who have experienced it. REMEMBER, in all cases of disease, no matter whether it be a cold or a cough; whether it be asthma or consumption; whether it be rheumatism or pleurisy; whether it be typhus or fever-and-ague, or bilious fever; or cramp or whooping cough or measles; whether it be scarlet fever or small pox; that the Pills known as Brandreth's Pills will surely do more than all the medicines of the Drug stores for your restoration to health, and what is more will surely do you no harm.

All persons should carefully purchase BRANDRETH'S PILLS, only of the regularly appointed Agents. They would thus insure themselves the genuine article; otherwise they may often light upon a Counterfeit article. Be careful.

POETRY.

Burns' Poems.

ON SENSIBILITY.

Sensibility, how charming,
Thou, my friend, can truly tell;
But distress with horrors arming,
Thou hast also known too well.

Fairest flower, behold the lily,
Blooming in the sunny ray;
Let the blast sweep o'er the valley,
See it prostrate on the clay.

Hear the woodlark charm the forest,
Telling o'er his little joys;
Hapless bird! a prey the surest,
To each pirate of the skies.

Dearly bought the hidden treasure,
Finer feelings can bestow;
Chords that vibrate sweetest pleasure,
Thrill the deepest notes of woe.

From the Petersburg Republican.

The immense wealth said to have been seized by the British army after the late battle between the British and Sikhs (the particulars of which were brought by the steamer before the last) is hardly credible. This wealth was found in what was called the garrison of Mooltan, the surrender which took place on the 24th January last. The account, as published says:

On the 23d, Major Wheeler commenced his researches for the reputed wealth contained within these walls. He was accompanied on the occasion by an old bed-ridden Mistress of Sawun Mull's time. Thus was a clue obtained to the whereabouts of those vast subterranean store-houses of which we have heard. The treasures discovered in the subterranean chambers of the citadel appear to be altogether of oriental magnificence and of Asiatic profusion—and all these treasures have been awarded as prize to the captors by the will of his excellency the governor general. Descending into the cavities in which the treasures of the fortress had been accumulated, the inspecting officer is said to have found opium, and salt, and sulphur, and drugs of every description heaped together in endless profusion; enormous hoards of wheat on one hand, on the other almost inexhaustible stores of rice; stacks of ghee vessels brimming with their unctuous contents; bales upon bales of costly shawls and gorgeous silks; chest after chest crammed with scabbards, blazing with gold and jewels; tiers of copper canisters filled to the brim with gold mohurs. "My poor pen," says a correspondent of the Delhi Gazette, "cannot describe the variety of wealth displayed to the inquisitive eye. Tumbrils, under strong guards, have been moving to and fro with coin all the day. And, in addition to this, three or four crores of specie were still known to be concealed beyond the amount already discovered—one crore of rupees being one million of pounds sterling! The quantity of loose gunpowder in every hole and corner is surprising; the largest collections are those in the vicinity of the heaps of arms thrown away by the garrison before making their exit. Camp followers and others appear utterly regardless of danger, for blazing fires of logs are met with at every turn. Some small explosions have occurred; but no one has been killed, though many have been seriously burnt. The soil appears made of lead. Bullets strew the ground like pebbles; the supply would have lasted for years had the garrison held out; cannon balls are equally common, from those stones ones of Brobdignagian proportion to the Lilliputian forty one pounders thirty-nine cannon have been counted, and four mortars. There is abundance of wall-pieces of all sizes and lengths; zambourks and muskets innumerable with piles of matchlocks of every weight and size. Talwars by thousands, and heaps of wooden and leather accoutrements for all the above weapons.

The great mob, riot, and arson, in Canada, is of thrilling interest.
