BY GEORGE HOWARD, JR.
Is published weekly at Two Dollars per year if paid in advance—or, Two Dollars and Fifty Cents at the expiration of the subscription year. Advertisements not exceeding a square will be inserted at ONE DOLLAR the first insertion, and 25 Cents for every succeeding one. Longer ones at that rate per square. Court Orders and Judicial advertisements 25 per cent. higher.

POETRY.

LOVE NEVER SLEEPS.

Love never sleeps! The mother's eye
Bends o'er her dying infant's bed;
And as she marks the moments fly,
When death creeps on with noiseless tread,

Faint and distressed she sits and weeps,
With beating heart. Love never sleeps.

Yet e'en that sad and fragile form,
Forgets the tumults of her breast;
Despite the horrors of the storm,
O'erburdened nature sinks to rest;
But o'er them both another keeps
His midnight watch. Love never sleeps.

Around—above—the angel bands
Stoop o'er the careworn sons of men;
With pitying eyes and eager hands
They raise the soul to hope again.
Free as the air their pity sweeps
The storm of Time! Love never sleeps.

Around—beneath—and over all,
O'er men and angels, earth and heaven,
A higher bends! the slightest call
Is answered, and relief is given
In hours of woe, when sorrow steeps
The heart in pain. He never sleeps.

MISSISSIPPI.

From the N. Y. Jour. of Commerce.

Hayti.—We find in the *Moniteur Haytien*, published at Port au Prince, an official account of the commencement of the expedition undertaken by President Soulouque against the Dominicans. The President left the capital on the 6th of March, and repaired first to Mirebalais, and then to Lescahobes, where he arrived on the 9th, and put himself at the head of the army there concentrated. He was received with much enthusiasm by all classes, and remained in the town until the 14th, when preparations for marching having been matured, he ordered an advance to Lamatte. Respect for persons and property on the route was enjoined and maintained. "The campaign is undertaken," says the order of the day, "to the end of maintaining the principle of the indivisibility of the country, by restoring to the bosom of the republic those of our fellow-citizens, now unhappily estranged from it. A major portion of the inhabitants of the East wish to re-unite with us, but deprived of support, they await our presence to manifest that disposition. On the 18th the Haytian army encountered at Cajul, the advanced posts of the enemy which covered Lamatte. The main body of the Dominicans did not wait the advance of the Haytian army, but retired upon St. Jean. In this movement they were attacked by the columns under the command of Generals Bobo, Vincent, and L. Michel, beaten and put to flight, abandoning to their pursuers five pieces of artillery with a large quantity of munitions of war. Their loss in killed and wounded, said to be considerable, was not ascertained. Of the Haytiens an officer of the 9th infantry was killed, and there were ten persons wounded.

In the afternoon of the 18th the President of Hayti entered Lamatte. On the 19th he passed in review all the troops, and addressed to them an order of the day, congratulating them on their victorious progress, and reiterating his immutable determination to tolerate no government upon the Island other than that of the Republic of Hayti. On the evening of the 20th the army of the Republic entered St. Jean, having encountered no resistance.

The only objection we ever heard made to a turkey, was that it was too much for one man and not enough for two.

Bowel complaints, Colics, &c

POSITIVELY CURED BY
Jayne's Carminative Balsam.

Chicago, Ill., March 27, 1845.

Dr. D. JAYNE—Dear Sir, You ask me what proofs I meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the summer complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such and such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours. I may say in a few minutes. In fine it is a valuable medicine, and no family should be without it.

Respectfully,
M. L. KNAPP, M. D.

Professor of Materia Medica in the
Laporte University, Indiana.

Prepared only by Dr. D. JAYNE, Philadelphia,
and sold on agency by **GEO. HOWARD,**
Tarboro', Feb. 14, 1849.

A scientific Medicine.

GREAT experience and judgment are required to make a valuable, and at the same time, innocent purgative. This is possessed only by few.

The great majority of the remedies advertised of this class are manufactured by persons who have no idea of the relative or individual powers of the drugs they use. It is this cause, more than any other, which occasions the inertness and often injurious effects, produced by advertised remedies. And hence the general prejudice which prevails against them. Now there is a great difference in this respect, with regard to the pills made by Dr. B. Brandreth, and consequently, their superior claims upon the public. Each of the articles composing the

Brandreth Pills

Are prepared in that way which will secure their beneficial effects to the system in the safest and easiest manner. For instance, some ingredients have to be prepared in the vacuum; that is, the air is exhausted in the vessel, and remains so until a combination is effected with other ingredients, which afterwards prevents the air from acting injuriously upon the medicine. Again, the proportion of each ingredient depends upon its multiplying power upon other ingredients—For the power of different vegetable purgatives upon each other is governed by similar laws that govern the power of figures by multiplication. Nine added to nine, make eighteen; but nine times nine are eighty-one. So it is with some vegetable purgatives. By adding nine parts of one ingredient, and nine parts of another ingredient together, the power is increased, not to eighteen, but to eighty-one. For example, either of the articles to produce any purgative effect, would have to be used to the extent of eighty-one grains; by combining them, only eighteen grains have to be used. Again, another ingredient is found to multiply this power again, which in a proportion of two grains, would have no effect upon the animal economy, but which, added to eighteen grains of a compound of two parts of nine grains, each of two ingredients, will again multiply the power which they have gained of eighty-one, to one hundred and sixty-two. So again, the mixture of twenty grains can be again multiplied by an addition of two grains, to the power of three hundred and twenty-four grains of the original power of the two first ingredients. Here we have twenty-two grains, which as a purgative, contain the power equal to three hundred and twenty-four grains of either of the articles alone; nevertheless, also so powerful after being thus combined, are safe in any quantity—always having a beneficial effect, and in no case capable of doing injury, of which thousands bear ample witness.

Let those in any way out of health use these Pills. They will find it much to their advantage.

Beware of Counterfeits! the safest course is to buy of the regular agents only.
For sale by **Geo. Howard.**

CABINET FURNITURE.

FROM the IMMENSE INCREASE of our business, we have been under the necessity of taking the whole up-story over L. Pender's Store, at the sign of Pender & Brother, where may be found

AN IMMENSE Stock of Furniture,

Consisting of the same articles which will be seen advertised at the Old Stand. Persons that have not had an opportunity of seeing a magnificent stock of furniture, are respectfully solicited to call, as prices and quality shall surely suit. Furniture repaired at either place at the shortest notice.
F. L. BOND.

N. B. In order that a man may do himself justice, let him see articles of Furniture before purchasing. No body likes to buy a cat in a bag.
Tarboro', Sept. 29, 1845.

Only 25 cents per box,

FOR the cure of Headache, Giddiness, Salt Rheum, Rheumatism, Piles, Heartburn, Worms, Dyspepsia, Cholera Morbus, Pains in the Back and Limbs, Liver complaint, Rising in the throat, Fevers of all kinds, colds, Gout, Gravel, Female Complaints, Nervous complaints, and all other diseases arising from impurities of the blood, and morbid secretions of the liver and Stomach.

Every disease to which the human frame is subject, originates from impurities of the blood or derangement of digestive organs.

Dr. Gordon's Family Pills, being compounded exclusively of such ingredients as nature intended should operate on the impurities of the Human System. Strike at the root of the disease, removing all impurities from the body, opening the pores externally and internally, separating all foreign and obnoxious particles from the chyle, so that the blood, of which it is the origin, must be thoroughly pure and necessarily securing a free and vigorous action to the Heart, Lungs, Liver and Stomach, thereby restoring health, by opening the pores, cleansing the veins and arteries, unimpeding all the natural veins and purifying the blood; they render the system not only thoroughly sound, but also impervious to disease, even when all other means have failed.

Within the last twelve months, more than one hundred cases of the most aggravated forms of Dyspepsia have been cured by the medicine, where rigid dieting, the Blue Pill, and almost every other means had been resorted to without any benefit, and when death stared its miserable victim fully in the face. If Dr. Gordon's Pills were not adapted to the cure of any but this horrid malady, their uniform success in this disease alone would be sufficient to 'waft on to fame' the name of their inventor, as a benefactor of his species. This medicine never fails to cure the worst cases of piles in one week!

Dr. Kuhl's Abyssinian Mixture.

From the Milton Chronicle.

Laurel Grove, (near Milton) Jan. 15, 1848.
Dr. Kuhl—Dear Sir:

We have now been about seven years, Agents for the sale of your Restorer of the Blood, and other Medicines, and are happy to state they have given in all cases general satisfaction, particularly the *Abyssinian Mixture* has given universal satisfaction, so that every one, who has used it has received that relief that you guaranteed in your directions. Mr. James M. Vernon, to whom you recommended your *Aromatic Extract*, for Rheumatism, bought a bottle of it at 50 Cents, and two embrocations cured him entirely, and the disease has never returned. Yours, respectfully,
KIRBY & ANDERSON.

Townsend's Sarsaparilla.

From the Wilmington Journal.

The following statistics which has been handed to us by Mr. Crandall, Messrs. Clapp & Townsend's travelling agent, will furnish the reading public some idea of the magnitude of their Sarsaparilla business at their manufactory which is erected at Albany, at an expense of seventy thousand dollars.

They prepare and put up 5,000 bottles every day; to perform this labor it requires from 70 to 100 hands. In order to supply the large quantity of bottles used, two of the largest glass establishments in the United States are kept in constant operation. This single item alone amounts to \$100,000 per annum. Three Napier steam printing presses, with a double set of hands each, are constantly running on Circulars and Almanacs. They published last year 4,000,000 for gratuitous circulation, containing a great variety of useful information, besides their own advertisements. It took 50 females six months to fold and stitch them. Their Almanacs cost \$30,000. Independent of all this, they publish a full column of their medicine matter in over 400 papers in the United States, British Colonies, West India Islands, and South America, where they have extensive sales: this costs them over \$80,000 per annum. They have a large number of men and boys engaged in collecting root and other ingredients. Indeed all the hands they employ directly and otherwise, in making glass, paper, corks, sealing wax, packing boxes, together with their agents in selling the medicine, cannot be less than 2,000 persons. The amount of capital employed to keep all the Agents supplied, and their whole business in successful operation, is not less than 500,000 dollars.

It would seem that a medicine which has gained such a high reputation, and such unprecedented sales, swelling to the enormous sum of \$800,000 a year, must possess, in and of itself, intrinsic medicinal virtues for the cure of many diseases to which the human flesh is heir to.

Dr. Wistar's Balsam of Wild Cherry.
From the Maine Democrat, (Saco) June 22, 1847.

Wistar's Balsam.—A few days ago, Mr. Elijah Witham, of Sanford, in our county, being in our office, requested us to publish, for the benefit of the public, his testimony in favor of

Wistar's Balsam of wild Cherry

In the fall of 1846, Mr. W. was attacked with a very bad cold, which continued to grow worse till March, when he was confined to the house, with little hope of recovery. Hearing of

Wistar's Balsam of wild Cherry

he resolved to try it. He soon found relief—and after taking four bottles, was able to go out and attend to business. He ascribes his cure entirely to the Balsam, and recommends those who use it to persevere, even if they do not at once perceive any beneficial result. We are not in the habit of writing puffs for medicines, and only give this at the request of Mr. W.

ED. DEMOCRAT.

DR. KUHLS

Abyssinian Mixture.

FOR GONORRHEA, GLEET, FLUOR ALBUS, GRAVEL, &c.

Letter from Dr. James R. Callum, dated Milton, N. C. August 14, 1847.

Dr. J. Kuhl—Dear Sir:

Your medicines have given entire satisfaction in this section of country, the Abyssinian Mixture especially, is highly approved of, it has never failed to cure in every case. It sells like hot cakes. I have never had enough to supply the demand. You will please send me a large supply of it as soon as you arrive at home. Yours, respectfully,
J. P. CALLUM,
Milton Drug Store.

AGENTS—**GEO. HOWARD,** Tarboro'; F. S. Marshall, Halifax; James Simmons, Weldon; C. C. Pugh, Gaston; F. E. Cook, Warrenton; Henry Goodloe, Warrenton; P. C. Brown, Louisburg; John H. Brodie, Franklin; Louis H. Kittle, Henderson; R. H. Mitchell, Oxford. May 16

The Press, Types and Fixtures OF THE Warrenton (N. C.) Reporter.

OFFICE FOR SALE.

HAVING determined on quitting the Printing Business, we now propose selling our Printing Press, Types and Fixtures, at a very low price for cash, or on a short credit for a part of the purchase money, with bond and approved security.

The Press and a part of the Type are considerably worn, but will do pretty fair work for two or three years to come. The Job and Advertising Type are in better condition, and will last many years. The Cases, Stands and other fixtures are very good. There is a sufficiency of type of all kinds for a village establishment. Warrenton is a desirable place to reside in, being remarkably healthy, and has as good society as any village in the State. We have been engaged in the publication of the Reporter for 21 years, and have been tolerably well sustained. We will sell at a price so low, that any one wishing to engage in the business would do well to call and see us, or address the Editor, post paid, Warrenton, N. C.

R. N. VERELL, Editor & Prop.
April 21, 1849.

BRANDRETH'S PILLS.

THE BEST FAMILY MEDICINE.

Ladies should use the Brandreth Pills frequently. They will ensure them from severe sickness of the stomach, and, generally speaking, entirely prevent it. The Brandreth Pills are harmless. They increase the powers of life—they do not depress them. Females will find them to secure that state of health which every mother wishes to enjoy. In the costiveness so often prevalent at this interesting period, the Brandreth Pills are a safe and effectual remedy.

There is no medicine so safe as this—it is more easy than castor oil, and is now generally used by numerous ladies through their confinement. Dr. Brandreth can refer to many of our first physicians who recommend his Pills to their patients to the exclusion of all other purgatives, and the Pills being composed entirely of Herbs or Vegetable matter, purify the blood, and carry off the corrupt humors of the body, in a manner so simple as to give every day ease and pleasure.

In order to discriminate between Truth, which is eternal, and conjecture, which is like a transient vision, we must be guided by the light of EXPERIENCE. To what does experience direct? to the FREE USE OF

Dr. Brandreth's Pills.

in all cases of bodily suffering. As this advice is followed, so WILL THE HEALTH OF THE BODY BE. The writer has long used them and has never found them fail of imparting relief. In all acute diseases, let Brandreth's Pills and mild diet be used, and the patient will soon be restored to good health. In chronic complaints let the Pills be used as often as convenient, by which means the vitality of the blood will be improved, and the crisis will be generally brought about; the disease being changed to acute, a few large doses of Pills and a few days confinement to the house, will change the chronically diseased individual to a sound man. This is no figure of the imagination; it can be proved by a thousand matter-of-fact men who have experienced it. REMEMBER, in all cases of disease, no matter whether it be a cold or a cough; whether it be asthma or consumption; whether it be rheumatism or pleurisy; whether it be typhus or fever-and-ague, or bilious fever; cramp or whooping cough or measles; whether it be scarlet fever or small pox: that the Pills known as Brandreth's Pills will surely do more than all the medicines of the Drug stores for your restoration to health, and what is more will surely do you no harm.

All persons should carefully purchase BRANDRETH'S PILLS, only of the regularly appointed Agents. They would thus insure themselves the genuine article; otherwise they may often light upon a Counterfeit article. Be careful.
