ADVICE TO WIVES.

Love is fickle, sages say,
Because they cannot hold him;
Love will steal himself away,
Maidens, if you scold him.
Love, he will not live with strife,
Even turns from beauty,
If the lady plagues his life,
With her household duty.
You can have him in your power,
Ladies if you try it;
Use him as you won him first,
Love, he can't deny it.
Do not fret and scold and pout,
Aggravating trouble;
Beauty kicking up a rout,
Makes misfortune double.

MISCELLANY.

From the N.Y. Jour. of Commerce.

A sum considerably surpassing, we believe the aggregate contributions to the same Societies in any previous year.

A World on Fire.—Lieut. Maury, Superintendent of the National Observatory, says, in a late address: "It may be that there is now, in the firmament above, a world on fire. Argus, a well-known Star in the Southern hemisphere, has suddenly blazed forth, and from a star of the second or third magnitude now glares with the brilliancy of the first."

Sensible to the Last.—The Wisconsin Tribune says that Mrs. Booth, aged seventy-two years, recently gave birth to a fine healthy son! The husband, John Booth, is only eighty years old.

Lockjaw.—The Baltimore Sun says, "I have noticed lately several deaths by lockjaw, and for the information of all, I will give a certain remedy. When one runs a nail or sharp piece of iron in any part of the body, take a common smoke pipe, fill it with tobacco, light it well, take a thin cloth or silk handkerchief, place it over the bowl of the pipe, and blow the smoke through the stem into the wound; two or three pipes full will be sufficient to start the wound discharging. I have tried it on myself and five others, and found it to give immediate relief. If the wound has been some days standing it will open it again if the tobacco is good. Try it any one who may chance to get such a wound."

Bowel Complaints, &c., &c.
POSITIVELY CURED BY
Jayne's Carmine Balsam.

Chicago, Ill., March 27, 1845.

Dr. D. JAYNE—Dear sir, You ask me what proofs I meet with of the efficacy of your Carmine. I can safely say that I never prescribed a medicine for Bowel complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the summer complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such and such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine it is a valuable medicine, and no family should be without it.

Respectfully,
M. L. KNAPP, M. D.
Professor of Materia Medica in the
Laporte University, Indiana.
Prepared only by Dr. D. JAYNE, Philadelphia,
and sold on agency by **GEO. HOWARD,**

A scientific Medicine.

GREAT experience and judgment are required to make a valuable, and at the same time, innocent purgative. This is possessed only by few. The great majority of the remedies advertised of this class are manufactured by persons who have no idea of the relative or individual powers of the drugs they use. It is this cause, more than any other, which occasions the inertness and often injurious effects, produced by advertised remedies. And hence the general prejudice which prevails against them. Now there is a great difference in this respect, with regard to the pills made by Dr. B. Brandreth, and consequently, their superior claims upon the public. Each of the articles composing the

Brandreth Pills

Are prepared in that way which will secure their beneficial effects to the system in the safest and easiest manner. For instance, some ingredients have to be prepared in the vacuum; that is, the air is exhausted in the utensil, and remains so until a combination is effected with other ingredients, which afterwards prevents the air from acting injuriously upon the medicine. Again, the proportion of each ingredient depends upon its multiplying power upon other ingredients—For the power of different vegetable purgatives upon each other is governed by similar laws that govern the power of figures by multiplication. Nine added to nine make eighteen; but nine times nine are eighty-one. So it is with some vegetable purgatives. By adding nine parts of one ingredient, and nine parts of another ingredient together, the power is increased, not to eighteen, but to eighty-one. For example, either of the articles to produce any purgative effect, would have to be used to the extent of eighty-one grains; by combining them, only eighteen grains have to be used. Again, another ingredient is found to multiply this power again, which in a proportion of two grains, would have no effect upon the animal economy, but which, added to eighteen grains of a compound of two parts of nine grains, each of two ingredients, will again multiply the power which they have gained of eighty-one, to one hundred and sixty-two. So again, the mixture of twenty grains can be again multiplied by an addition of two grains, to the power of three hundred and twenty-four grains of the original power of the two first ingredients. Here we have twenty-two grains, which as a purgative, contain the power equal to three hundred and twenty-four grains of either of the articles alone; nevertheless, also so powerful after being thus combined, are safe in any quantity—always having a beneficial effect, and in no case capable of doing injury, of which thousands bear ample witness.

Let those in any way out of health use these Pills. They will find it much to their advantage.

Beware of Counterfeits! the safest course is to buy of the regular agents only.

Tarboro', Sept. 29, 1848.

Only 25 cents per box,

FOR the cure of Headache, Giddiness, Salt Rheum, Rheumatism, Piles, Heartburn, Worms, Dyspepsia, Cholera Morbus, Pains in the Back and Limbs, Liver complaint, Rising in the throat, Fevers of all kinds, colds, Gout, Gravel, Female Complaints, Nervous complaints, and all other diseases arising from impurities of the blood, and morbid secretions of the liver and Stomach.

Every disease to which the human frame is subject, originates from impurities of the blood or derangement of digestive organs.

Dr. Gordon's Family Pills, being compounded exclusively of such ingredients as nature intended should operate on the impurities of the Human System. Strike at the root of the disease, removing all impurities from the body, opening the pores externally and internally, separating all foreign and obnoxious particles from the chyle, so that the blood, of which it is the origin, must be thoroughly pure and necessarily securing a free and vigorous action to the Heart, Lungs, Liver and Stomach, thereby restoring health, by opening the pores, cleansing the veins and arteries, unimpeding all the natural veins and purifying the blood; they render the system not only thoroughly sound, but also impervious to disease, even when all other means have failed.

Within the last twelve months, more than one hundred cases of the most aggravated forms of Dyspepsia have been cured by the medicine, where rigid dieting, the Blue Pill, and almost every other means had been resorted to without any benefit, and when death stared its miserable victim fully in the face. If Dr. Gordon's Pills were not adapted to the cure of any but this horrid malady, their uniform success in this disease alone would be sufficient to 'waft on fame' the name of their inventor, as a benefactor of his species. This medicine never fails to cure the worst cases of piles in one week!

Dr. Kuhl's Abyssinian Mixture.

From the Milton Chronicle.

Laurel Grove, (near Milton) Jan. 15, 1848.
Dr. Kuhl—Dear Sir:
We have now been about seven years, Agents for the sale of your Restorer of the Blood, and other Medicines, and are happy to state they have given in all cases general satisfaction, particularly the Abyssinian Mixture has given universal satisfaction, so that every one, who has used it has received that relief that you guaranteed in your directions. Mr. James M. Vernon, to whom you recommended your Aromatic Extract, for Rheumatism, bought a bottle of it at 50 Cents, and two embrocations cured him entirely, and the disease has never returned. Yours, respectfully,
KIRBY & ANDERSON.

Townsend's Sarsaparilla.

From the Wilmington Journal.

The following statistics which has been handed to us by Mr. Crandall, Messrs. Clapp & Townsend's travelling agent, will furnish the reading public some idea of the magnitude of their Sarsaparilla business at their manufactory which is erected at Albany, at an expense of seventy thousand dollars.

They prepare and put up 5,000 bottles every day; to perform this labor it requires from 70 to 100 hands. In order to supply the large quantity of bottles used, two of the largest glass establishments in the United States are kept in constant operation. This single item alone amounts to \$100,000 per annum. Three Napier steam printing presses, with a double set of hands each, are constantly running on Circulars and Almanacs. They published last year 4,000,000 for gratuitous circulation, containing a great variety of useful information, besides their own advertisements. It took 50 females six months to fold and stitch them. Their Almanacs cost \$30,000. Independent of all this, they publish a full column of their medicine matter in over 400 papers in the United States, British Colonies, West India Islands, and South America, where they have extensive sales: this costs them over \$80,000 per annum. They have a large number of men and boys engaged in collecting root and other ingredients. Indeed all the hands they employ directly and otherwise, in making glass, paper, corks, sealing wax, packing boxes, together with their agents in selling the medicine, cannot be less than 2,000 persons. The amount of capital employed to keep all the Agents supplied, and their whole business in successful operation, is not less than 500,000 dollars.

It would seem that a medicine which has gained such a high reputation, and such unprecedented sales, swelling to the enormous sum of \$800,000 a year, must possess, in and of itself, intrinsic medicinal virtues for the cure of many diseases to which the human flesh is heir to.

Dr. Wistar's Balsam of Wild Cherry.
From the Maine Democrat, (Saco,) June 22, 1847.

Wistar's Balsam.—A few days ago, Mr. Elijah Witham, of Sanford, in our county, being in our office, requested us to publish, for the benefit of the public, his testimony in favor of

Wistar's Balsam of wild Cherry
In the fall of 1846, Mr. W. was attacked with a very bad cold, which continued to grow worse till March, when he was confined to the house, with little hope of recovery. Hearing of

Wistar's Balsam of wild Cherry he resolved to try it. He soon found relief—and after taking four bottles, was able to go out and attend to business. He ascribes his cure entirely to the Balsam, and recommends those who use it to persevere, even if they do not at once perceive any beneficial result. We are not in the habit of writing puffs for medicines, and only give this at the request of Mr. W.

ARE NOW PUBLISHING

The Popular Cyclopaedia,

OF MODERN DOMESTIC MEDICINE,
BY **KEITH IMRAY, M. D.**
Fellow of the Royal College of Physicians and Licentiate of the Royal College of Surgeons, Edinburgh.

THIS work gives a clear and concise idea of the nature of the distinctive symptoms, of the premonitory signs of diseases, of their predisposing causes, and the methods of their treatment recommended by the most distinguished physicians.

The best modes of employing the medicines in general use are faithfully described; as are also the diet and regimen necessary under various diseases, and during convalescence.

Diet, Atmosphere, Temperature, Bathing, Climate, Clothing and Exercises are specially treated upon.

The publishers of the American Edition prefix to Dr. Imray's work, short illustrations, and very valuable Treatises upon Anatomy, Physiology and Surgery; also Directions for the Treatment of the Sick, Management of the Sick Room, Preparation of Food for the Sick, &c. &c.

Many valuable articles have been furnished by the courtesy of medical gentlemen of the United States.

The entire volume, with its full Index, Tables of Doses, &c., will prove, it is confidently believed, a most valuable book for Family use.

The work will be completed in twelve weekly numbers, forming one large 8vo. volume of about 1000 pages.

The Press, Types and Fixtures

OF THE
Warrenton (V.) Reporter
OFFICE FOR SALE.

HAVING determined on quitting the Printing Business, we now propose selling our Printing Press, Types and Fixtures, at a very low price for cash, or on a short credit for a part of the purchase money, with bond and approved security.

The Press and a part of the Type are considerably worn, but will do pretty fair work for two or three years to come. The Job and Advertising Type are in better condition, and will last many years. The Cases, Stands and other fixtures are very good. There is a sufficiency of type of all kinds for a village establishment. Warrenton is a desirable place to reside in, being remarkably healthy, and has as good society as any village in the State. We have been engaged in the publication of the Reporter for 21 years, and have been tolerably well sustained. We will sell at a price so low, that any one wishing to engage in the business would do well to call and see us, or address the Editor, post paid, Warrenton, N. C.
