Messrs. A. B. & D. Sands—I am glad to inform you that the medicine sold by you for bowel and summer complaints has proved singularly efficacious in my family. My wife has for years been extremely liable to a most distressing dysentery in hot weather; but by the use of Jayne's Carminative Balsam for two seasons, the attack has been obviated in the course of two or three hours. DR. LE ROY'S

WILD CHERRY AND SARSAPARILLA PILLS.

THE startling drawback on nearly all medicinal agents has ever been that in their process of purgation and purification they have also debilitated the system. Hence purgative medicines were regarded as at best but a necessary evil, patients resorting to them for the relief of one disease at the expense of another. To obviate this, physicians have long sought for an agent that would at the same time purge, purify and strengthen; but their efforts were nearly fruitless, and they had almost despaired of success when the labors of science, and research were rewarded by a discovery which fully realized the fondest desires of the medical faculty, and which is justly regarded as one of the most important triumphs that pharmacy has ever achieved. This important desideratum is named

Dr. Le Roy's

Vegetable Universal Pills,

which purify the blood and remove all corrupt and vitiated humors, and unhealthy accumulations from the body in a manner never before rivaled, and which yet produce no weakness or lassitude whatever; but on the contrary, tone the stomach and invigorate the constitution during the progress of their operations! Dr. Le Roy's pills in fact unite those heretofore irreconcilable but most desirable qualities, evacuation and invigoration; for they are at the same time a strengthening purgative and a purifying tonic. The two principal ingredients in Dr. Le Roy's pills are

WILD CHERRY AND SARSAPARILLA.

so prepared that each promotes the beneficial effect of the other, the former strengthening, while the latter, through its union with various vegetable ingredients, evacuates and purifies; thus they superinduce no torpidity or lassitude of the digestive functions, & hence their operations are attended by no reaction, or subsequent costiveness.

Dr. Le Roy's pills are the most active and searching medicine in existence. They at once attack the very root of diseases, and their action is so prompt, that in an hour or two after they are taken, the patient is aware of their good effects. They not only operate on the blood, but also on the chyle of which the blood is formed, and this secures good blood from the fountain head; moreover they produce neither nausea, griping or debility, and as a family medicine they have no rival.

Loss of Hair and Baldness.
ITS REMEDY.

Hear what Dr. Quigley says:

Shepherd's Town, Va. Oct. 10, 1843.
Dear Sir—You inquire of me whether I have used your Hair Tonic, and the effects.

Several years ago my hair began to fall rapidly from the scalp, and I had the prospect of premature baldness. During several years I used various preparations recommended for the hair, from which I derived no benefit. At length a friend recommended your Hair Tonic. I used three or four bottles according to the printed directions and at the end of six months my hair was thick set, and since its tendency to turn gray was arrested. I have never before given a certificate recommending patent medicines, which indiscriminately used, as they often are, do much injury, but in a case like the present where I know the article to be beneficial, and that it can do no harm; I have no scruples in stating facts within my own knowledge.
