A scientific Medicine.

GREAT experience and judgment are required to make a valuable, and at the same time, innocuous purgative. This is possessed only by few.

The great majority of the remedies advertised of this class are manufactured by persons who have no idea of the relative or individual powers of the drugs they use. It is this cause, more than any other, which occasions the inertness and often injurious effects, produced by advertised remedies. And hence the general prejudice which prevails against them. Now there is a great difference in this respect, with regard to the pills made by Dr. B. Brandreth, and consequently, their superior claims upon the public. Each of the articles composing the

Brandreth Pills

Are prepared in that way which will secure their beneficial effects to the system in the safest and easiest manner. For instance, some ingredients have to be prepared in the vacuum that is, the air is exhausted in the utensil, and remains so until a combination is effected with other ingredients, which afterwards prevents the air from acting injuriously upon the medicine. Again, the proportion of each ingredient depends upon its multiplying power upon other ingredients—For the power of different vegetable purgatives upon each other is governed by similar laws that govern the power of figures by multiplication. Nine added to nine make eighteen; but nine times nine are eighty-one. So it is with some vegetable purgatives. By adding nine parts of one ingredient, and nine parts of another ingredient together, the power is increased, not to eighteen, but to eighty-one. For example, either of the articles do produce any purgative effect, would have to be used to the extent of eighty-one grains; by combining them, only eighteen grains have to be used. Again, another ingredient is found to multiply this power again, which in a proportion of two grains, would have no effect upon the animal economy, but which, added to eighteen grains of a compound of two parts of nine grains, each of two ingredients, will again multiply the power which they have gained of eighty-one, to one hundred and sixty-two. So again, the mixture of twenty grains can be again multiplied by an addition of two grains, to the power of three hundred and twenty-four grains of the original power of the two first ingredients. There we have twenty-two grains, which as a purgative, contain the power equal to three hundred and twenty-four grains of either of the articles alone; nevertheless, also so powerful after being thus combined, are safe in any quantity—always having a beneficial effect, and in no case capable of doing injury, of which thousands bear ample witness.

Let those in any way out of health use these Pills. They will find it much to their advantage,

Bowel complaints, Colics, &c.

POSITIVELY CURED BY

Jayne's Carminative Balsam.

Chicago, Ill., March 27, 1845.

Dr. D. JAYNE—Dear sir, You ask me what proofs I meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the summer complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "I saved the life of my child, and of such such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine it is a valuable medicine, and no family should be without it.

Respectfully, M. L. KNAPP, M. D. Professor of Materia Medica in the Laporte University, Indiana.

Prepared only by Dr. D. JAYNE Philadelphia and sold on agency by GEO. HOWARD. Tarboro', Feb. 14, 1849.

Only 25 cents per box,

FOR the cure of Headache, Giddiness Salt Rheum, Rheumatism, Piles, Heartburn, Worms, Dyspepsia, Cholera Morbus, Pains in the Back and Limbs, Liver complaint, Rising in the throat, Fevers of all kinds, colds, Gout, Gravel, Female Complaints, Nervous complaints, and all other diseases arising from impurities of the blood, and morbid secretions of the liver and Stomach.

Every disease to which the human frame is subject, originates from impurities of the blood or derangement of digestive organs.

Dr. Gordon's Family Pills, being compounded exclusively of such ingredients as nature intended should operate on the impurities of the Human System. Strike at the root of the disease, removing all impurities from the body, opening the pores externally and internally, separating all foreign and obnoxious particles from the chyle, so that the blood, of which it is the origin, must be thoroughly pure and necessarily securing a free and vigorous action to the Heart, Lungs, Liver and Stomach, thereby restoring health, by opening the pores, cleansing the veins and arteries, unimpeding all the natural veins and purifying the blood; they render the system not only thoroughly sound, but also impervious to disease, even when all other means have failed.

Within the last twelve months, more than one hundred cases of the most aggravated forms of Dyspepsia have been cured by the medicine, where rigid dieting, the Blue Pill, and almost every other means had been resorted to without any benefit, and when death stared its miserable victim fully in the face. If Dr. Gordon's Pills were not adopted to the cure of any but this horrid malady, their uniform success in this disease alone would be sufficient to 'wash out to fame' the name of their inventor, as a benefactor of his species. This medicine never fails to cure the worst cases of piles in one week!

The Human Hair

Is admitted by civilized as well as barbarous nations to be when full, flowing and perfect, the greatest ornament, and when imperfect or wanting the greatest disadvantage to the personal appearance of male or female. That it is a duty to preserve and beautify it, all will admit. This article has been for more than 20 years used extensively. It has the testimony of many of the most respectable citizens in this country, who certify to the fact that the

BALM OF COLUMBIA

First, in all cases stops the hair falling out or restores it in most if fallen, and in all cases if lost by sickness; and keeps off dandruff and scurf on infants and adults. Second, perfumes the hair and preserves it to old age from turning gray. Should always be used at toilette. Third, gives great vigor and rapid growth to the hair, and causes it to curl beautifully. Lastly, prevents all itch or its consequence on children's heads, and exceeds all other articles for the hair in quality, quantity and cheapness. Many articles have been started on the reputation of this, and are without merit though they have been and are sold at double the prices of this balm.

The piles, all sores, rheumatism, &c.

Hays' Liniment

Is an article more justly celebrated as a cure for the above, than any of all others. The cases of cure are almost innumerable, and it is only necessary to let those who know the article and have used it with such great success, know that it is to be had true and genuine. (For there are counterfeiters) of Dr. Lucius Comstock, 21 Cortlandt st. New York, and so of the rest of the articles here named.

To the halt and lame—Dr. Hewes' nerve and bone liniment is the most effectual cure for rheumatism and contracted cords and muscles. For worms—Kalmstock's Vermifuge—not Fahnstock's—will eradicate and cure a children and adults who have worms. Caution. Beware of all unless the name is spelled Kalmstock's, the old Dutch name of the inventor.

Sold wholesale by Comstock & Co. 21 Cortlandt st. New York—by Geo. Howard, Tarboro'. M. Wesson, Gaston—F. S. Marshall, Halifax—Bennett & Hyman, Hamilton—F. W. Moore, Williamston—and by one person in every village in the United States and Canada. Nov. 9.
