GEO HOWARD.

Tarboro', April 11, 1849.

THIS excellent compound, which has gained such notoriety in the cure of Fever and Ague, and other bilious affections, may be found at the Store of

Geo. Howard, Tarboro',

This medicine was prepared by a regular physician, and the result of an extensive practice of several years in a bilious climate. Those who have used it themselves, or seen its salutary effects upon others, need no farther evidence of its great value. A small Treatise on the causes, treatment and cure of fever and ague and other diseases of bilious climates, may be had gratis of the above agent.

Patent double acting rotary

CHURN,

PECULIARLY adapted to Warm Climates, as it produces butter as easily from sweet milk as from cream. In bringing this effectual and simple churn into use, the proprietors, feeling confidence in its capabilities, do not hesitate to pronounce it the best churn ever offered to the public. The public are invited to call and examine the machine, and see its utility tested. It combines the following valuable qualities:

1st. It produces butter in less time than any other Churn, making it and gathering it from sweet milk in from three to eight minutes and from cream in much less time.

2d. It produces more butter from the same amount of milk or cream, than the ordinary method, as it does its work in a more thorough and scientific manner.

3d. It is the cheapest and most convenient Churn ever invented, involving the true philosophical principles of butter making.

4th. New milk, after being churned, is sweet and suitable for family use.

5th. Instead of feeding the calf with milk direct from the cow—churned sweet milk will answer every purpose. By this means the butter is all profit.

Bowel complaints, Colics, &c

POSITIVELY CURED BY

Jayne's Carminative Balsam.

—\$—

Chicago, Ill., March 7, 1845.

Dr. D. JAYNE—Dear sir: You ask me what proofs I meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the summer complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such and such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine it is a valuable medicine, and no family should be without it.

Respectfully,
M. L. KNAPP, M. D.
Professor of Materia Medica in the
Laporte University, Indiana.

A. GILBERT'S

Anti-bilious Family Pills.

Composed of Medicinal Properties possessed by various vegetable substances.

ACTING specifically on the Liver and other secreting organs, promoting digestion, purifying the blood, cleansing the glands, in short, reviving the prostrated system, and diffusing health and vigor throughout the human frame.

The following are presented out of many CERTIFICATES.

CORNWALL, Orange county, N. Y.

May 19, '47.

Dr. A. GILBERT. Dear Sir: Suffering for some time with severe bilious affection and liver complaint, I was recommended to try your anti-bilious family pills; and I am pleased in being able to say, that after using a few doses I found great and permanent relief. To all those afflicted in a similar way, I cannot refrain from thus publicly recommending them, as I consider them a valuable medicine to possess, especially in the country where persons are removed from the opportunity of receiving medical advice. Yours, truly,
Signed,
GEORGE BROWN.

We, the undersigned, dealers in medicines having for two years past sold A. Gilbert's anti-bilious family pills, take great pleasure in stating that so far as we know, the medicine has given universal satisfaction; and we believe it, from the several expressions made to us, to be the best anti-bilious medicine now in use. Signed,
AARON A. WING, M. D. PETER HANLOCK.
A. A. MARTIN, JAS. NOLLNER, M. D.
Norfolk, Va. May 29, '44.

Mr. A. Gilbert. Dear sir, please send me four gross of your pills by the very first packet, as I am nearly out of them. The demand for them is very much increased, which can only be attributed to their being recommended by those who have been benefited by the use of them. You can draw on me at sight for the amount as usual.
Signed,

ARE NOW PUBLISHING

The Popular Cyclopaedia,

OF MODERN DOMESTIC MEDICINE,

BY KEITH IMRAY, M. D.

Fellow of the Royal College of Physicians and Licentiate of the Royal College of Surgeons, Edinburgh.

THIS work gives a clear and concise idea of the nature of the distinctive symptoms, of the premonitory signs of diseases, of their predisposing causes, and the methods of their treatment recommended by the most distinguished physicians.

The best modes of employing the medicines in general use are faithfully described; as are also the diet and regimen necessary under various diseases, and during convalescence.

Diet, Atmosphere, temperature, Bathing, Climate, Clothing and Exercises are specially treated upon.

The publishers of the American Edition prefix to Dr. Imray's work, short illustrated, and very valuable treatises upon Anatomy, Physiology and Surgery; also Directions for the treatment of the Sick, Management of the Sick Room, Preparation of Food for the Sick, &c. &c.

Many valuable articles have been furnished by the courtesy of medical gentlemen of the United States.

The entire volume, with its full Index, tables of Doses, &c., will prove, it is confidently believed, a most valuable book for Family use.

The work will be completed in twelve weekly numbers, forming one large 8vo. volume of about 1000 pages.

A scientific Medicine.

GREAT experience and judgment are required to make a valuable, and at the same time, innocent purgative. This is possessed only by few.

The great majority of the remedies advertised of this class are manufactured by persons who have no idea of the relative or individual powers of the drugs they use. It is this cause, more than any other, which occasions the inertness and often injurious effects, produced by advertised remedies. And hence the general prejudice which prevails against them. Now there is a great difference in this respect, with regard to the pills made by Dr. B. Brandreth, and consequently, their superior claims upon the public. Each of the articles composing the

Brandreth Pills

Are prepared in that way which will secure their beneficial effects to the system in the safest and easiest manner. For instance, some ingredients have to be prepared in the vacuum; that is, the air is exhausted in the utensil, and remains so until a combination is effected with other ingredients, which afterwards prevents the air from acting injuriously upon the medicine. Again, the proportion of each ingredient depends upon its multiplying power upon other ingredients—For the power of different vegetable purgatives upon each other is governed by similar laws that govern the power of figures by multiplication. Nine added to nine make eighteen; but nine times nine are eighty-one. So it is with some vegetable purgatives. By adding nine parts of one ingredient, and nine parts of another ingredient together, he power is increased, not to eighteen, but to eighty-one. For example, either of the articles to produce any purgative effect, would have to be used to the extent of eighty-one grains; by combining them only eighteen grains have to be used. Again, a nother ingredient is found to multiply this power again, which in a proportion of two grains, would have no effect upon the animal economy, but which, added to eighteen grains of a compound of two parts of nine grains, each of two ingredients, will again multiply the power which they have gained of eighty-one, to one hundred and sixty-two. So again, the mixture of twenty grains can be again multiplied by an addition of two grains, to the power of three hundred and twenty-four grains of the original power of the two first ingredients. Here we have twenty-two grains, which as a purgative, contain the power equal to three hundred and twenty-four grains of either of the articles alone; nevertheless, also so powerful after being thus combined, are safe in any quantity—always having a beneficial effect, and in no case capable of doing injury, of which thousands bear ample witness.

Let those in any way out of health use these Pills They will find it much to their advantage.
