Moffat's

Life Pills and Phenix Bitters,

For sale by Geo. Howard.

An unequalled Remedy

1ST, for colds and feverish feelings and preventing Fevers. 2nd, For asthma, liver complaint and bilious affections. 3d, For diarrhoea, indigestion and loss of appetite. 4th, For costiveness in females and males. 5th, For stomach affections, dyspepsia and piles. The great points are, it is not bad to take, never gives pain, and never leaves one costive!! For all these things it is warranted unequalled, and all who do not find it so may return the bottle and get their money back. This medicine is LONGLEY'S

Western Indian Panacea.

We assert there is no family medicine of half its virtues, and none that will so delight the users of it, and to convince all that these are facts, we offer as above. Try it without price, if you are not charmed by its effects.

The Human Hair

Is admitted by civilized as well as barbarous nations to be when full, flowing and perfect, the greatest ornament, and when imperfect or wanting the greatest disadvantage to the personal appearance of male or female. That it is a duty to preserve and beautify it, all will admit. This article has been for more than 20 years used extensively. It has the testimony of many of the most respectable citizens in this country, who certify to the fact, that the

BALM OF COLUMBIA

First, in all cases stops the hair falling out or restores it in most if fallen, and in all cases if lost by sickness; and keeps off dandruff and scurf on infants and adults. Second, perfumes the hair and preserves it to old age from turning gray. Should always be used at toilette. Third, gives great vigor and rapid growth to the hair, and causes it to curl beautifully. Lastly, prevents all fifth or its consequence on children's heads, and exceeds all other articles for the hair in quality, quantity and cheapness. Many articles have been started on the reputation of this, and are without merit though they have been and are sold at double the prices of this balm.

The piles all sores, rheumatism &c.

Hays' Liniment

Is an article more justly celebrated as a cure for the above than any or all others. The cases of cure are almost innumerable and it is only necessary to let those who know the article and have used it with such great success know that it is to be had true and genuine (for there are counterfeiters) of Dr. Lucius Comstock 21 Cortlandt st. New York and so of the rest of the articles here named.

To the halt and lame—Dr. Hewes' nerve and bone liniment is the most effectual cure for rheumatism and contracted cords and muscles.

For worms—Kalmstock's Vermifuge—not Fahrenheit's—will eradicate and cure a child and adults who have worms. Caution. Beware of all unless the name is spelled Kalmstock's the old Dutch name of the inventor.

Sold wholesale by Comstock & Co. 1 Cortlandt st. New York, by Geo. Howard, Tarboro', and by one person in every village in the United States and Canada. Nov. 9.

MITCHELL'S EYE SALVE.

To the Public.

THE concurrent testimony of men of integrity and worth is the best evidence we can have of any fact or which we have no cognizance ourselves. The great advantages possessed by this article over every other, are—ITS CERTAINTY, SAFETY, CONVENIENCE and ECONOMY. All physicians admit that great danger is to be apprehended from drugging the eye when in an inflamed and unhealthy state. In the use of this salve this objection is entirely removed, as no harm can possibly result from its use: it being in all cases applied to the EXTERNAL portions of the eye, thereby avoiding all the inconvenience, pain and danger, which necessarily attend the introduction of any pungent article into the eye. Its activity in subduing inflammation is so great that but few cases require the use of more than one bottle to effect a perfect cure. One physician remarked to us, after having witnessed its effects in several instances, that it was a "PERFECT FIRE KILLER." We might multiply reasons why this salve should be preferred above every thing else in the treatment of diseases of the eye, but we prefer it should stand on its own merits. All we ask is that its virtues be thoroughly tested, and that the directions be strictly followed.

Every bottle of the genuine salve has the name MITCHELL'S EYE SALVE, blown in the sides of the bottle, and the written signature of the proprietor, D. MITCHELL, on the outside wrapper. D. MITCHELL, Perry, Wyoming county, N. Y.

CERTIFICATES.

CORNWALL, Orange county, N. Y.

May 19, '47.

Dr. A. GILBERT. Dear Sir: Suffering some time with severe bilious affection and liver complaint, I was recommended to try your anti-bilious family pills; and I am pleased in being able to say, that after using a few doses I found great and permanent relief. To all those afflicted in a similar way, I cannot refrain from thus publicly recommending them, as I consider them a valuable medicine to possess, especially in the country where persons are removed from the opportunity of receiving medical advice. Yours, truly, GEORGE BROWN.

We, the undersigned, dealers in medicines, having for two years past sold A. Gilbert's anti-bilious family pills, take great pleasure in stating that so far as we know, the medicine has given universal satisfaction; and we believe it, from the several expressions made to us, to be the best anti-bilious medicine now in use. Signed, AARON A. WING, M. D. PETER HANLOCK, A. A. MARTIN, JAS. NOLLNER, M. D. Norfolk, Va. May 29, '44.

Mr. A. Gilbert. Dear sir, please send me four gross of your pills by the very first packet, as I am nearly out of them. The demand for them is very much increased, which can only be attributed to their being recommended by those who have been benefited by the use of them. You can draw on me at sight for the amount as usual. Signed, G. J. New Orleans, March 7, '45.

A scientific Medicine.

GREAT experience and judgment are required to make a valuable, and at the same time, innocent purgative. This is possessed only by few.

The great majority of the remedies advertised of this class are manufactured by persons who have no idea of the relative or individual powers of the drugs they use. It is this cause, more than any other, which occasions the inertness and often injurious effects, produced by advertised remedies. And hence the general prejudice which prevails against them. Now there is a great difference in this respect, with regard to the pills made by Dr. B. Brandreth, and consequently, their superior claims upon the public. Each of the articles composing the

Brandreth Pills

Are prepared in that way which will secure their beneficial effects to the system in the safest and easiest manner. For instance, some ingredients have to be prepared in the vacuum; that is, the air is exhausted in the utensil, and remains so until a combination is effected with other ingredients, which afterwards prevents the air from acting injuriously upon the medicine. Again, the proportion of each ingredient depends upon its multiplying power upon other ingredients—For the power of different vegetable purgatives upon each other is governed by similar laws that govern the power of figures by multiplication. Nine added to nine make eighteen; but nine times nine are eighty-one. So it is with some vegetable purgatives. By adding nine parts of one ingredient, and nine parts of another ingredient together, the power is increased, not to eighteen, but to eighty-one. For example, either of the articles to produce any purgative effect, would have to be used to the extent of eighty-one grains; by combining them only eighteen grains have to be used. Again, another ingredient is found to multiply this power again, which in a proportion of two grains, would have no effect upon the animal economy, but which, added to eighteen grains of a compound of two parts of nine grains, each of two ingredients, will again multiply the power which they have gained of eighty-one, to one hundred and sixty-two. So again, the mixture of twenty grains can be again multiplied by an addition of two grains, to the power of three hundred and twenty-four grains of the original power of the two first ingredients. Here we have twenty-two grains, which as a purgative, contain the power equal to three hundred and twenty-four grains of either of the articles alone; nevertheless, also so powerful after being thus combined, are safe in any quantity—always having a beneficial effect, and in no case capable of doing injury, of which thousands bear ample witness.

Let those in any way out of health use these Pills. They will find it much to their advantage.
