## DR. LE ROY'S

### WILD CHERRY AND SARSAPARILLA PILLS.

THE startling drawback on nearly all medicinal agents has ever been that in their process of purgation and purification they have also DEFILED THE SYSTEM. Hence purgative medicines were regarded as at best but a necessary evil, patients resorting to them for the relief of one disease at the expense of ANOTHER. To obviate this, physicians have long sought for an agent that would at the same time purge, purify and strengthen; but their efforts were nearly fruitless and they had almost despaired of success when the labors of science, and research were rewarded by a discovery which fully realized the fondest desires of the medical faculty, and which is justly regarded as one of the most important triumphs that pharmacy has ever achieved. This important desideratum is named

Dr. Le Roy's

Vegetable Universal Pills,

which purify the blood and remove all corrupt and vitiated humors, and unhealthy accumulations from the body in a manner never before rivalled, and which yet produce no weakness or lassitude whatever; but on the contrary, tone the stomach and invigorate the constitution during the progress of their operations! Dr. Le Roy's pills in fact unite those heretofore irreconcilable but most desirable qualities, evacuation and invigoration; for they are at the same time a strengthening purgative and a purifying tonic. The two principal ingredients in Dr. Le Roy's pills are

WILD CHERRY AND SARSAPARILLA,

so prepared that each promotes the beneficial effect of the other, the former strengthening, while the latter, through its union with various vegetable ingredients, evacuates and purifies; thus they superinduce no torpidity or lassitude of the digestive functions, & hence their operations are attended by no reaction, or subsequent costiveness.

Dr. Le Roy's pills are the most active and searching medicine in existence. They at once attack the very root of diseases, and their action is so prompt, that in an hour or two after they are taken, the patient is aware of their good effects. They not only operate on the blood, but also on the chyle of which the blood is formed, and this secures good blood from the fountain head; moreover they produce neither nausea, griping or debility, and as a family medicine they have no rival.

MITCHELL'S

EYE SALVE.

To the Public.

THE concurrent testimony of men of integrity and worth is the best evidence we can have of any fact or which we have no cognizance ourselves. The great advantages possessed by this article over every other, are—ITS CERTAINTY, SAFETY, CONVENIENCE and ECONOMY. All physicians admit that great danger is to be apprehended from dragging the eye when in an inflamed and unhealthy state. In the use of this salve this objection is entirely removed, as no harm can possibly result from its use: it being in all cases applied to the EXTERNAL portions of the eye, thereby avoiding all the inconvenience, pain and danger, which necessarily attend the introduction of any pungent article INTO the eye. Its activity in subduing inflammation is so great that but few cases require the use of more than one bottle to effect a perfect cure. One physician remarked to us, after having witnessed its effects in several instances, that it was a "PERFECT FIRE KILLER." We might multiply reasons why this salve should be preferred above every thing else in the treatment of diseases of the eye, but we prefer it should stand on its own merits. All we ask is that its virtues be thoroughly tested, and that the directions be strictly followed.

Every bottle of the genuine salve has the name MITCHELL'S EYE SALVE, blown in the sides of the bottle, and the written signature of the proprietor, D. MITCHELL, on the outside wrapper.

## MOFFAT'S

Life Pills and Phoenix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, during that time have maintained a high reputation in almost every part of the globe for their extraordinary and immediate power of restoring health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even restored sufferers from the very verge of an untimely grave after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a painful blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to them manifest and sensible action in purifying the organs and channels of life, and ending their weary renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; they contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from new and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, were hitherto unknown to the ignorant pretensions of medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave uncollected masses behind to produce habitual Constipation, with all its train of evils, or sudden Diarrhoea with its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the propriety of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its color from the agency of the liver and lungs, before it passes into the heart, being thus purified, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the throne of health in the blooming cheek.

The following are among the distressing varieties of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be available:

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid bile; FLATULENCY, Loss of Appetite, Heartburn, Headache, Restlessness, Intemperance, Anzios, Langour, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels empty within two days.

Diarrhoea and Cholera, by removing the sharp acid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucous membrane.

Fevers of all kinds, by restoring the blood to its regular circulation, through the process of purgation in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder, they operate most delightfully on these important organs, and have never been found a certain remedy for its worst cases of GRAVEL.

Also Worms, by dislodging from the tunings of the bowels the slimy matter to which these creatures adhere.

Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases.

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

Scorbatic Eruptions and Bad Complexions, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two doses in the worst cases.

PILE. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of thirty-five years; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country, these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system exposed to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints. General Debility, Loss of Appetite, and DISEASES OF FEMALES—these medicines have been used with the most beneficial results in cases of this description:—KING'S EVIL, and SCROFULA, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINFUL COLIC, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition in estimation of every patient.

BE CAREFUL OF COUNTERFEITS. Several have lately been discovered, and the nefarious authors arrested, both in the city of New York and abroad.
