THE BEE HIVE.

THE undersigned propose to publish, at Lowell, in the county of Johnston a weekly newspaper, to be called "The Bee Hive." Its leading object will be to promote the Manufacturing and Mining interests of North Carolina. Occupying a middle ground among the Southern States; abounding in rich mines of coal, gold, Iron, &c.; favored with abundant water power in almost every section; blessed by Providence with the most salubrious climate in the world; possessing a soil, capable of sustaining a dense population and furnishing the raw materials for her own manufactures of every description; and multiplying as she is, her facilities of commercial intercourse with her own and foreign markets; North Carolina certainly possesses superior advantages for uniting to her great agricultural pursuits, manufacturing and other industrial branches; of supplying her home demand for all the necessary and many of the ornamental productions of art; of competing, in works of skill and industry, with any of her sisters, in the markets of the world; of developing her vast mineral resources, increasing in wealth, population, and intelligence; and of elevating herself to a proud and enviable position among the States of the Union. To furnish information to those who have already nobly embarked in this cause to encourage their efforts, to draw to their support the favor and fostering aid of our people, and incite others to follow their praiseworthy example, will be the unvarying aim and sedulous endeavor of The Bee Hive, which, it is hoped, will soon become a fit emblem of the once "sleepy" and laggard, but now aroused and active, and thriving Old North State.

But the Hive will not labor to promote these objects only; it will lend a warm and zealous heart and hand to help on the progress of improvements in Agriculture, Commerce, Science, and all useful Arts—the advancement of knowledge, morality and virtue; and present its readers with the usual variety of reading matter, embracing whatever may be deemed instructive, interesting or amusing, coming within the scope and bounds of a chaste, elevated, and well intended, if not well conducted hebdomadal.

It will be neutral in politics; but the Editor will always reserve to himself the right to make such comment upon passing events and all matters of public interest, as he may deem *apropos*, or, as, in his judgment, may become the press, unbiased by party ties and prejudices.

The Bee Hive will be issued weekly, on good paper, of respectable size, and on clear type, at two dollars per annum.

Subscribers, and those who may interest themselves in procuring lists of clubs of subscribers, will please send their names to the Postmaster at Lowell, Johnston county, who is authorized and requested to act as Agent in receiving subscriptions. F. K. STROTHER.

Dudley's Anti-rheumatic Oil.

A certain and speedy Cure for Chronic Rheumatism. Spasms of the Muscles, Ligaments and Back, and for Sprains, Bruises, and Contusions.

THE history of this invaluable medicine is remarkable. It has risen into notice, and established a high and just reputation in the region of country where it has been tried, alone from the surprising and numerous cures it has effected. The Proprietor Dr. Samuel Dudley, Hospital Surgeon, on the Island of Portsmouth, North Carolina, has used it with unfeigned success, both in the hospital, and in his private practice about twenty years. During that period it has been attracting public attention, and gradually rising into general and high reputation in all that region of country, solely, by the surprising certainty of the cures it has uniformly effected. Until very recently it has never been advertised, nor have any pains been taken to extend its celebrity. Its high reputation therefore is permanent, because it is based upon surprising and unfeigned experiments alone. The Proprietor encouraged its eminent success in cases of Chronic Rheumatism, and by the advice of his friends, and he will add, actuated by a desire to extend as far as possible the benefits of its healing properties, is now taking measures to make its wonderful properties generally known. All he asks is a fair trial. It is now offered to the public in the Eastern portion of North Carolina. The proprietor is perfectly willing to put the result of its success or failure upon its success or failure, in curing or failing to cure any case of Chronic Rheumatism, or other affection for which it is recommended.

Certificates from highly respectable sources like the following, can be multiplied to almost any extent. A few are appended.

The following has been politely furnished by that highly esteemed citizen, Col. Joshua Tayloe, of Beaufort county, N. C., well known as a valuable member of our State Senate, and present Collector of the Port of Ocracoke, North Carolina:

"At the request of Dr. Samuel Dudley of Portsmouth North Carolina, I state that some years ago one of my sons had a severe and protracted attack of Rheumatism, and by using his "Anti-Rheumatic Oil" he was relieved.

It gives me great pleasure also to say that beside this case I have heard of others which convince me that this oil is very valuable in cases of Rheumatism."

The Human Hair

Is admitted by civilized as well as barbarous nations to be when full, flowing and perfect, the greatest ornament, and when imperfect or wanting the greatest disadvantage to the personal appearance of male or female. That it is a duty to preserve and beautify it, all will admit. This article has been for more than 20 years used extensively. It has the testimony of many of the most respectable citizens in this country, who certify to the act. that the

BALM OF COLUMBIA

First, in all cases stops the hair falling out or restores it in most if fallen, and in all cases if lost by sickness; and keeps off dandruff and scurf on infants and adults. Second, perfumes the hair and preserves it to old age from turning gray. Should always be used at toilette. Third, gives great vigor and rapid growth to the hair, and causes it to curl beautifully. Lastly, prevents all filth or its co. sequence on children's heads, and exceeds all other articles for the hair in quality, quantity and cheapness. Many articles have been started on the reputation of this, and are without merit though they have been and are sold at double the prices of this balm.
