

Pianos! Pianos!!

THE undersigned respectfully calls the attention of the public to the splendid, highly finished New Scale

Principals of Academies, professors and merchants will find it to their interest to purchase these Pianos. All instruments are warranted. Orders and letters will be promptly answered and attended to. Respectfully,

Address, A. KUHN & CO.

DR. LE ROY'S

WILD CHERRY AND SARSAPARILLA PILLS.

THE startling drawback on nearly all medicinal agents has ever been that in their process of purgation and purification they have also debilitated the system. Hence purgative medicines were regarded as at best but a necessary evil, patients resorting to them for the relief of one disease at the expense of another. To obviate this, physicians have long sought for an agent that would at the same time purge, purify and strengthen; but their efforts were nearly fruitless and they had almost despaired of success when the labors of science, and research were rewarded by a discovery which fully realized the fondest desires of the medical faculty, and which is justly regarded as one of the most important triumphs that pharmacy has ever achieved. This important desideratum is named

Dr. Le Roy's

Vegetable Universal Pills,

which purify the blood and remove all corrupt and vitiated humors, and unhealthy accumulations from the body in a manner never before rivalled, and which yet produce no weakness or lassitude whatever; but on the contrary, tone the stomach and invigorate the constitution during the progress of their operations! Dr. Le Roy's pills in fact unite those heretofore irreconcilable but most desirable qualities, evacuation and invigoration; for they are at the same time a strengthening purgative and a purifying tonic. The two principal ingredients in Dr. Le Roy's pills are

WILD CHERRY AND SARSAPARILLA.

so prepared that each promotes the beneficial effect of the other, the former strengthening, while the latter, through its union with various vegetable ingredients, evacuates and purifies; thus they superinduce no torpidity or lassitude of the digestive functions, & hence their operations are attended by no reaction, or subsequent costiveness.

Dr. Le Roy's pills are the most active and searching medicine in existence. They at once attack the very root of diseases, and their action is so prompt, that in an hour or two after they are taken, the patient is aware of their good effects. They not only operate on the blood, but also on the chyle of which the blood is formed, and this secures good blood from the fountain head; moreover they produce neither nausea, griping or debility, and as a family medicine they have no rival.

MITCHELL'S

EYE SALVE.

To the Public.

THE concurrent testimony of men of integrity and worth is the best evidence we can have of any fact or which we have no cognizance ourselves. The great advantages possessed by this article over every other, are—ITS CERTAINTY, SAFETY, CONVENIENCE and ECONOMY. All physicians admit that great danger is to be apprehended from dragging the eye when in an inflamed and unhealthy state. In the use of this salve this objection is entirely removed, as no harm can possibly result from its use: it being in all cases applied to the EXTERNAL portions of the eye, thereby avoiding all the inconvenience, pain and danger, which necessarily attend the introduction of any pungent article into the eye. Its activity in subduing inflammation is so great that but few cases require the use of more than one bottle to effect a perfect cure. One physician remarked to us, after having witnessed its effects in several instances, that it was a "PERFECT FIRE KILLER." We might multiply reasons why this salve should be preferred above every thing else in the treatment of diseases of the eye, but we prefer it should stand on its own merits. All we ask is that its virtues be thoroughly tested, and that the directions be strictly followed.

Every bottle of the genuine salve has the name MITCHELL'S EYE SALVE, blown in the sides of the bottle, and the written signature of the proprietor, D. MITCHELL, on the outside wrapper. D. MITCHELL, Perry, Wyoming county, N. Y.

A. GILBERT'S Anti-bilious Family Pills.

Composed of Medicinal Properties possessed by various vegetable substances. ACTING specifically on the Liver and other secreting organs, promoting digestion, purifying the blood, cleansing the glands, in short, reviving the prostrated system, and diffusing health and vigor throughout the human frame.

The following are presented out of many CERTIFICATES.

CORNWALL, Orange county, N. C., May 19, '47.

Dr. A. GILBERT. Dear Sir: Suffering for some time with severe bilious affection and liver complaint, I was recommended to try your anti-bilious family pills; and I am pleased in being able to say, that after using a few doses I found great and permanent relief. To all those afflicted in a similar way, I cannot refrain from thus publicly recommending them, as I consider them a valuable medicine to possess, especially in the country where persons are removed from the opportunity of receiving medical advice. Yours, truly, Signed, GEORGE BROWN.

We, the undersigned dealers in medicine, having for two years past sold A. Gilbert's anti-bilious family pills, take great pleasure in stating that so far as we know, the medicine has given universal satisfaction; and we believe it, from the several expressions made to us, to be the best anti-bilious medicine now in use. Signed, JARON A. WING, M. D. PETER HANLOCK, A. A. MARTIN, JAS. NOLLNER, M. D. Norfolk, Va. May 29, '44.

Mr. A. Gilbert. Dear sir, please send me five gross of your pills by the very first packet, as I am nearly out of them. The demand for them is very much increased, which can only be attributed to their being recommended by those who have been benefited by the use of them. You can draw on me at sight for the amount as usual. Signed, G. J. New Orleans, March 7, '45

THE PATENT MEDICATED INDIA RUBBER Porous Plaster

FOR RHEUMATISM, LUMBAGO, GOUT, &c.

IN all cases where it is thought advisable to keep up permanent stimulant impressions on or near the organ diseased, these plasters will be found highly valuable. In fact, all the benefit that can accrue from a continuous counter-irritant, will be produced in the most efficient manner by them. As in rheumatism, gout, enlargement of the joints, chronic disease of the liver, spleen, lungs, or other internal organs, in short, in all other cases where warming or strengthening plasters are beneficial, these will be found to be superior to any now in use.
