### SEWING MACHINE.

WHY?

Because it is the SIMPLEST machine made, having but little skill in making, and requires but little time in making, and produces less fatigue in operating, and on this account especially recommended by the medical profession.

Adapted to the GREATEST RANGE OF WORK—will do the finest as well as the poorest work, and is suited to the use of all apprentices who understand the ordinary, fancy, household work.

READY for use, and requires no adjustment when the work is changed. The most durable Machine ever made. For sale by
