## HOWELL, HART & JEFFREYS,

### JOBBER GROCERS,

#### How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, drowsiness and nervousness indicate how the whole system is deranged. Simmons' Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It is a simple, effective, and safe remedy for all the ailments of the liver and bowels.

#### D. R. G. S. LLOYD.

Eye, Ear, Nose and Throat. Recently having taken special courses in the above, offers his services to the people of Edgecombe and surrounding counties.

#### The Farmers' Interests.

The Southerner has iterated and reiterated that this community, like all towns located in almost exclusively agricultural sections, is entirely dependent upon the farmers for what measure of prosperity is enjoyed.

The annual report pointed out that men of every calling should back up the farmer; they should be a solid in every way possible. For with their uplifting every man helps up himself.

Every thing a farmer uses in the daily cultivation of his farm and conveniences about his farm house is so highly protected to the manufacturer that he must needs pay several prices for it, while his products, unprotected, are subject to the wily schemes of speculators and rich syndicates.

To help the farmer, aid ourselves, all should support candidates who are in favor of tariff reform.

And these are democrats. Scan your tickets and see they are cast for the farmers' interests, which are your interests.

#### Take Simmons' Liver Regulator.

One dose is worth 100 dollars.

#### Evangelist Lee.

By special invitation of J. W. Lee, who will conclude his revival meetings at Fremont next Sunday, will arrive in Tarboro the same afternoon, preach in the Methodist church Sunday night and at the cotton mills Monday, Tuesday and Wednesday nights.

Every body is cordially invited to attend all these services and a hearty welcome is assured to all.

#### Song of the Fakir.

Singing is a pleasant thrill. To skin again, more pleasant still. But surely 'tis the worst of pain. When the sucker won't bite again.

#### The Fair.

Tuesday morning chief marshal Cooley and his numerous aids escorted by the New Bern Star band, marched through town to the grounds where the ninth annual fair of Edgecombe was opened.

The marshals are all good-looking and much jealousy exists of who has the most personable pulchritude and bountiful the finest etc. etc.

Strange it may sound and appear the very abundant crops in this county and section unfavorably affected the exhibits at the fair.

Floral Hall is hardly up to the average. The ladies being more dilatory than usual. There is some magnificent and unique work out there; but of this later.

The attendance Tuesday was small, but the gate receipts, so treasurer Barlow says compare favorably with Tuesdays of former years.

There were three races Tuesday. Some of the races were close and exciting, and afforded good entertainment to the hundreds of good spectators.

The following are the summaries:  
First Race—Trotting, 3 minute class, 2 in 3, purse \$40, 60 per cent to 1st, 30 per cent to 2nd, 10 per cent to 3rd.

Second Race—Running half mile and repeat, \$10 each \$50 added; \$25 to 2nd \$10 to 3rd.  
Dr. Staton's bid 1. 1. W. E. Thurston's bid 2. 2. Time 1:03 5/8.

Third Race—Trotting, \$5 each, \$25 added, \$10 to 2nd; half mile heats.  
E. A. Brown's Mamie Cherry 1. 1. J. B. Waters' Ida May 2. 2. Time 1:31, 1:31 1/2.

The buggy race did not fill and is open for another day.  
Yesterday also caused the postponement of two of the races on the programme, but the two which came off were quite exciting, especially the trotting one which required seven heats to decide.

The following is the summary:  
First Race—Trotting, 2 1/4 class, best three in five, purse \$50, 60 per cent to 1st, 30 per cent to 2nd, 10 per cent to 3rd.

Second Race—Running 1/2 mile dash, purse \$50, 50 per cent to 1st, 30 per cent to 2nd, 20 per cent to 3rd.

Third Race—Trotting, best two in three, A. Williamson, manufacturer, has a \$45 single harness, own making, purse \$5, for straight harness.  
Fourth Race—Novelty running race, one mile dash. To the horse reaching the mile post first, \$10; to the horse reaching the mile post first, \$20; to the horse reaching the mile post first, \$30.

The second day of the Fair opened cloudy, drizzling and murky, but by ten o'clock the sun came out and dispelled the clouds, the wind shifted and we had a typical Indian summer day for a while.

As before explained, the profusion and perfection of the crops and the engrossment of the farmers in gathering them, have kept them from attending, as well as allowed them no time, nor opportunity, for preparing exhibits.

There should be no loud complaints at this score.

Floral Hall is not up to the usual standard in extent and variety of exhibits, though there is a good display of pantry supplies.

A small, mouthed bottle with three large figures representing Christ and the two thieves on the crosses, stands near the crayon jug.  
Miss Mary Charles has three pretty crayons, representing three heads of horses, a dog and a child in a shell, which show unusual merit.

Old Duke, Octavianus Battle's dog, in crayon by Mrs. Oct. Battle, is faithfully executed.  
Agricultural Hall denotes more than any other department the absorption of the harvesting their crops. Notwithstanding so much fine tobacco has been raised almost on the spot, and about twenty-five dollars in money and special premiums have been offered, yet there is only one entry.

Z. B. West had some pretty shingles make by himself.  
The live stock department is not up to the average, if the racers are not considered.

A chief attraction and the most interesting, not in the line of strictly Fair exhibits, but the extensive collection of rare and beautiful plumage and song birds and small animals, shown by A. Dughi, aviculturist and dealer, of Raleigh, N. C. It is the largest and rarest collection of live birds in the South and many of them were bred by Mr. Dughi.

He possesses the only pair of "Hop Eared Rabbits" in America, from the Himalaya mountains of Asia. They are odd looking and attract much attention. The pair cost \$42.50.

He has also prairie dogs, English rabbits, guinea pigs, varieties of squirrels and many African rabbits.  
Among the birds he has the Bird of Paradise, odd and beautiful. Jerusalem Pigeons, very rare, pretty and queer-looking. A talking parrot is a great favorite. Here can be seen the English magpie and starling. The France Napoleon is a handsome specimen. The African Love Birds are gorgeous with two shades of green with red bills.

Australian shell Parrot, the African Cat-throat with peculiar red throats. King Lory parrots and cock-a-toos, all in rainbow tints, monkeys and a large eagle to help make an hour most entertaining and instructively spent in the bird tent. For it is the most instructive in teaching object lessons in the ornithological branch of natural history. The children are delighted with the show.

Mr. Dughi is a favorite with all. Coming to domestic birds, Col. H. A. Lowd exhibits seven pairs of fowls, the Red, Black and Stone fence and many other specimens of other domestic fowls are shown.  
The races are numerous and first-class—all hotly contested.

For scrofula, Salt rheum, &c., Take Hood's Sarsaparilla.

#### Hamilton Notes.

Married, at the residence of J. B. Coffield, the bride's father, near Everett, N. C., last Thursday evening, Miss Annie to Mr. J. H. Purvis, of this township, by the Rev. Mr. Smith. The ceremony was very impressive.

The attendants were as follows:  
Mr. A. T. C. Field and Miss Mary Coffield, Mr. Frank Robertson and Miss Annie Pippen, Mr. Whit Coffield and Miss Annie Ward, James Everett and Miss Rowland Taylor, Don Williams and Miss Annie Lewis, J. E. Waldo and Miss Susie Pippen, W. E. Gladson and Miss Cattie Purvis, William Spruell and Miss Josephine Purvis, V. R. Taylor and Miss Mary Jenkins, J. H. Peuning and Miss Chloe Biggs, C. H. Sherrard and Miss Maggie Ward, Henry Biggs and Alice Pender, John Warren and Hattie Everett George Stephenson and Miss Eliza Thigpen.

After partaking of an elegant supper they reached this place about 2 o'clock a. m., where they will remain until he gets his residence repaired.  
On Friday night a German was held in their honor at the Maszic Hall where all could enjoy the fantastic dance. May their love continue to grow while they remain on earth. Many valuables were presented.

Died at the residence of his son in this place, Phineas Hoard, 1st Friday at 2:30 p. m. He was in his 73rd year and had rheumatism and paralysis. He was a strong Democrat and expressed a desire to live and vote once more time. The funeral was conducted by M. T. Lawrence after the body was taken to the family burying ground and quietly laid away to rest. May the Lord comfort his grieving widow and son that are left to lament.

Senator Ransom made a telling speech here last Saturday. I do not see how any white man can support such a party as he represented the republican party to be. It is a shame and disgrace to any free people to be treated as he said they are doing and will continue to grow worse and worse until the people rise in their might and defeat them at the ballot box.

Refreshments in ravishing variety in Floral Hall, by Frank Hart.  
—Collards are now ripe and ready for the pork and dumplings.  
—Evidences of Jack Frost are plainly visible on all vegetation.  
—The sockdologer frost will, it is hoped, give a surcease to agues.  
—Two additional night policemen have been put on during this week.  
A stitch in time. Take Simmons' Liver Regulator and prevent sickness.  
—A juicy time is offered at the Fair Grounds to lovers of that noble animal, the horse.  
—There is great demand for three and four room dwellings suitable for families of working men.  
—The Fair train loaded many persons yesterday by taking them to the grounds and leaving them to walk back. A regular schedule should be run.  
If you want to enjoy your meals strengthen your digestion with Simmons' Liver Regulator.  
—Fair marshals with pretty faces dressed to death and trimmed with lace.  
Look out girls, should one assail you—  
L. t him side, but make him regalia.  
—Skin games at Fairs are said by some to be educational institutions. If a waybikete learns a lesson under the tutelage of a fakir, why, he'll never forget it, that's all.  
—Don't get the simonim, skip the cyclone.  
Unless you'd tackle the undertaker. Put matches in a powder house. But skin out from the voluble fakir.  
—Chief of Police Kitten gently remonstrated with Kit Brown, a Coneto white man, for taking on an overdose of "no-be-joyful" Tuesday by an introduction to the mayor. Some allowances were made for Fair week and he was let off easy.  
—Prof. Rockbelly, who rotates the merry-go-round at the Fair (the "Huckleberry" 75¢ and stone placed on his stomach to-day and permit it to be pounded to atoms with a sledge hammer, in front of the grand stand. The secretary will furnish the stone, hammer and pounder.  
Specimen tases.  
S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was afflicted to an alarming degree, appetite failed away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.  
Edward Shepherd, Harrisburg, Ill., had a running sore on his leg, of eight years, standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba Co., had five large FEVER sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely.
