'DEMOCRACY IS IMMORTAL.' THE WORD DEMOCRAT STANDS FOR HUMAN LIBERTY AND HUMAN FREEDOM, AND CANNOT DIE! SENATOR VANDE.

The Vigilant did not race last week. She lost her centre board while in eighteen foot water.

The talk as to Secretary J. G. Carlisle's resigning is bosh. There is nothing true as regards this report.

Mr. Murphy thinks we have had enough tariff legislation. His resolution to that effect in the Senate last week shows that the Senate thinks so. So say we all.

Will sensible men be duped into voting such an amalgam ticket, as the Populists ask them to vote? It is absurd, the way our third party friends act. North Carolinians will never allow their State to be ruled by such ways as the Populists have adopted. North Carolina is our home, and we must protect her from evil doers.

The Georgia Farmers' Alliance has gone to pieces. After a stormy meeting held at Dublin, when only seventy-five delegates were in attendance, this course was determined on. The leaders made an effort to effect an amalgamation with the Populist party, but it was determined to close out the business of the Alliance Exchange, discontinue the publication of the Living Issue and disband the order.

The different State conventions lately held all over the country verify the statement that the Democracy of our nation is alight. Every State convention so far has acted fairly and honestly with Mr. Cleveland and the administration. Where there was an honest difference, the State platforms are frank enough to confess it. The Democratic party to-day is as sound as ever, though racked by many a storm.

The Reform Democratic convention have nominated John Gary Evans for Governor and Dr. Timmerman for Lieutenant Governor. This is equivalent to election, as the conservative Democrats are having nothing to do with the election. The rest of the ticket will be nominated at a primary to be held August 28th. Dr. Pope, another reformer, charges that Evans was nominated by a ring and will not abide by the result of the convention, but will go before the people in the primary. The convention adopted the Ocala platform as its principles. Evans is only 31 years old, is the author of the Dispensary law, and a politician of the Tillman school.

Butler, Kitchen, Loge Harris, Wilson, and is it not a beautiful quartette for intelligent men to follow? If our honest home folks would take time to consider who these men are that are posing as such patriots and martyrs, struggling for the rights of the people they would soon drop them. When every tub begins to stand on its own bottom, such men, as we have mentioned above, will sink. And that is coming fast too.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up his system. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address, F. J. CHENEY & CO., Toledo, O.

The new formula for "co-operation," alias "fusion," is one drop of Republicanism to two of Populism, and smells like old-fashioned musk.

SHOCKING TO THE NERVES.

The Populist leaders think they have played a big hand and accomplished wonders. The poor Republican leaders are not so sure as to what they have done, because they fear their party in the State will not sanction their actions. The "fusion" game played at Raleigh during the Populist State convention, was a one-sided affair. The Populists, have all to lose and nothing to gain, and so to the Republicans, they are not in it. The Populists as their representatives before the people have chosen men from the Democratic ranks, thereby giving to their party a phase of decency, they could not otherwise get. But when it came time for the Republicans to name their men, what did they do? They selected two men, whose names in the State have almost been forgotten, men who are back members in their profession as well as politics, and this is the very best the Republicans could do.

Democrats listen. Is our State to be turned over to such a mongrel combination? Most assuredly North Carolinians have not so far forgotten themselves as to allow it. If a party is to be judged by its leaders then stamp out Populism forever, and brand Republicanism as a traitor.

WHAT OF THE FUTURE.

The county convention has been held. The candidates are in the field. The Executive Committee have elected their chairman, and now what of the future?

There is no use for the SOUTHERNER to try and conceal the fact, but some body has work to do, and a good deal of it too, and for any class or party of men to accomplish anything, as a unit, there must at first be a common understanding not only of each other, but of the one end to be accomplished. In addition to this, there must be a concentration of forces upon the common enemy.

Though there may be some personal difference existing between some of our prominent Democrats, now is the time to lay aside these differences and strain every nerve to win in the campaign.

Edgecombe Democracy needs just now to be more concentrated in its attack. It needs a strong pull altogether, and victory will surely follow.

"Give me a man with an aim, Whatever that aim may be, Whether its wealth, or whether its fame, It matters not to me."

Half the aimless lives are due to lassitude of body caused by disordered liver. To keep your liver in order and so prevent evil accumulations in your blood, to make you feel light and bright from morning till night, to make your sleep sweet, and keep your system complete take Dr. Pierce's Pleasant Pellets. They cure constipation, indigestion, biliousness, sick headache and kindred disturbances.

WASHINGTON LETTER.

(From Our Regular Correspondent) PRESIDENT. EXPENDITURE—N. C. PERSONALS—DEMOCRATIC ECONOMY—PRESIDENTIAL "CROW"—WASHINGTON August 18, 1894.

The President is reported as improving at Gray Gables, where he went to recuperate on Friday, from an attack of malarial fever which had been aggravated by over work. He expects to return next Tuesday. It is rumored he intends to veto the River and Harbor bill and let the Senate tariff bill become a law without his signature. Senator Ransom saw him about the River and Harbor bill before he left and urged him to sign it in the interest of the entire country. He assured the President that the bill had been carefully prepared.

Senator Jarvis says he would be willing to retire from public life if he could see a free sugar bill, an amendment to the Constitution to elect Senators by the people and a measure to change the rules of the Senate, become laws. If such legislation could be secured through the agency of Senator Jarvis he would achieve international fame and render his country the most distinguished service.

Hon. Kope Elime came here from the State convention, had a long interview with the President which lasted until it was nearly time for him to take the train when he was driven to the depot in Secretary Lammont's private carriage.

Mr. Helms, the efficient postmaster at Monroe, N. C., has been here to improve the mail routes going out from his progressive town. I hear Captain S. A. Ahe, will be given a good position under the government.

A comparison of the expenditures between this and the last Republican Congress shows that the Democrats have been instrumental in cutting down expenses \$30,000,000. This is a good showing for the party and the subject will make first class campaign material.

The economy in the management of the postal expenditures is due mainly to the energy and industry of Hon. John S. Henderson. He drew the bill up and carefully scrutinized every item.

Figures do not lie and here is the schedule of expenses of the Government for the past four years: For fiscal year 1890, \$408,080,982. For fiscal year 1891, \$392,612,447. For fiscal year 1892, \$354,937,784. For fiscal year 1893, \$365,818,628. For fiscal year 1894, \$296,960,336. These amounts ought to show the people which party should remain in power.

The sundry civil and deficiency appropriation bills, the two last that remained for action, having been disposed of yesterday, now only await the President's signature to become laws, and to clear up the appropriation business of Congress. The River and Harbor bill is practically a law, inasmuch as it cannot now be returned to the House in which it originated with a veto within the requisite ten days, which expire to-day, as the House of Representatives has adjourned until Monday. There have been instances where a veto message has been sent in and recognized after the expiration of the ten days, but not in matters of this importance. It is presumed the President has either signed the bill or allowed it to become law by limitation.

An official of the White House is now hurrying to Gray Gables with the sundry civil appropriations bill, which was signed by the Speaker of the House and the Vice President yesterday morning. It is necessary that it receive the approval of President Cleveland by next Monday morning as the joint resolution of Congress extending current appropriations will terminate then and all work depending upon this bill would then have to cease. It is expected that the President will sign to-day, and that the messenger will return with it by Monday morning.

Senators Ransom and Jarvis both favored the passage of the pogan bills and the free sugar bills, before they were in the Finance Committee Room.

I am thankful that the Tariff bill is disposed of. We have all wasted a great deal of ink writing this legend: "The Tariff mud will be cleared up next week." Here is the end of it. A stuffed crow, mounted in good style, and plainly addressed, "Grover Cleveland, President of the United States, Washington, D. C." was received at the White House by Secretary Thuber yesterday. The box which contained it also bore the inscription, "veto or eat crow." The bill goes into effect the day after it is signed, except the woolen schedule which becomes operative, Jan. 1st.

German's Reward.

At a big meeting last week of the Hartford county (Md.) Democrats this resolution went through without the objection of a single man. When the chairman asked all who favored its adoption to respond affirmatively, every man in the house stood up and yelled "with the vengeance of locomotives." The resolution first indorses "our incorruptible President and the Democratic House, and condemning the obstructive and traitorous action of our Maryland Senators," and concludes by saying, "Senator Gorman's aspersions of President Cleveland and his unpatriotic course, merit and receive our unqualified condemnation."

They are not Straddlers.

North Carolina Democrats are Democrats. They are not straddlers. They did not indorse a proposition looking to a bimetallic conference among European nations. They know it is absurd to await carrying out the honest conviction of the Democratic Chicago financial plank by awaiting upon goldbug England's good pleasure or upon the good pleasure of Germany, Latin Union or any foreign power North Carolina Democrats are in earnest in restoring silver, and do not favor any blarney or dicker or foolishness about it. It is sheerest rot not to talk about waiting upon Europe to undo the grievous mischief already done in our country by the war on silver, the money of the Constitution.—Wilmington Messenger.

The defeat of the Populist-Republican fusion in Tennessee and Alabama by decisive majorities is one of the most important political results of modern times. Had the contest been close in either of those States, hope might have survived for the Populist and their allies; but they are defeated in Tennessee by over 15,000 in a tight vote, and the majority against them in Alabama is not only overwhelming, but comes from every section of the State and from every class and condition of voters.—Phil. Times, Ind.

Secretary Carlisle says the receipts at the Treasury from bonded whiskey for ten days after the passage of the tariff bill averaged \$1,500,000 daily. An office in Kentucky smashed the record by collecting \$50,000 in one hour.

The Democratic party is all right! The recent State convention framed a platform broad enough for all mankind to stand upon, and the people of North Carolina will ratify the wisdom of that body at the ballot box next November. Whatever discordant elements there may be, the party platform is bound to harmonize.

It is the duty of everyone, whether at home or traveling for pleasure or business, to equip himself with remedies which will keep up strength and prevent illness, and cure such illness as are liable to come upon in every day life. For instance, Hood's Sarsaparilla as a general tonic, and to keep the blood pure and less liable to absorb the germs of disease, will be well understood. Change of drinking water often causes serious trouble, especially if one has been using impure water in the country. From a few drops to a teaspoonful of Hood's Sarsaparilla in a tumbler of water will prevent the water having any injurious effect. Hood's Vegetable Pills, as a cathartic, cause no discomfort, no disturbance, no loss of sleep, but assist the digestive organs, so that satisfactory results are effected in a perfectly natural and regular manner.

The attitude of the Populist and Anarchist Governors like Algeid, Waite, Penney and Stone ought to warn all decent American citizens of full age and sound sense against giving any encouragement to the Populist cause. The Populists either invented or repeated ideas that involve the parcelization of the Government, and yet at the critical moment they are found to be supporters and fomenters of the abrogation of Government. The crudeness of their notions is adequately interpreted by violence, and in too many cases they join themselves with the enemies of peace and good order.—New York Sun, Dem.

Treat All Alike.

Messrs. Havemeyer and Seales should receive exactly the same treatment at the hands of the sugar investigating committee as the newspaper correspondents received. Like the correspondents, they refused to answer questions, and like the correspondents they should be hauled before the grand jury. Senator Allen should insist upon his demand that they be reported to the Senate.—New York World.

The patriotic citizens of every political faith will honor the people of Alabama for the important election of the entire Democratic State ticket. They will not specially rejoice that the Democrats have succeeded, but they will give thanks that the Democratic ticket achieved a victory as the distinctive representative of law and order, of peace to the people and safety to life and property.—Phil. Times, Ind.

A little tale I would rehearse Of one, sick, who soon grew worse, With boils and blotches o'er his face, He took of remedies (?) a score. Like they, they all did fail to heal, While he each day still worse did feel. Up spoke a friend "Your blood's impure "But Dr. Pierce can heal you sure "His "G. M. D." will quickly cure." Like him, on hands these words were poured.

The sick man's health was soon restored. Impure blood is caused by want of healthy action on the part of the liver. Dr. Pierce's Great Peppermint Cure is the best remedy in the world for liver, and for purifying the blood and system from all poisons and impurities of whatever name or nature.

Signs of the Times.

All signs show that the Republicans are going to abandon high protective tariff as their leading principle. They will still make a show of sustaining it, but it seems that that party will probably take up the silver question as of greater importance. McKinley protection being measurably overthrown and eliminated from our laws by the tariff bill which the Democratic Congress will pass, the country will prosper so much more because of the change, that the Republicans will have no inducement to try that policy again. The idol will be kicked out of their political temple, and McKinleyism will fall into such odium that after a while every Republican Statesman will declare that he never regarded it with favor.—N. O. Chronicle.

Bradstreet estimates that De Beers' little performance in Chicago cost the country \$81,000,000.

The number of members in good faith and standing in the North Carolina Farmers' Alliance once aggregated 100,000. The last report of the organization's membership shows only 27,000. See what Thiridism has done!

From Conetoe. The Tarboro Gun Club came to Conetoe last week to eat barbecue and shoot with the Conetoe club. The whole club from Tarboro was expected, but there were only six present. The barbecue was greatly enjoyed, and after dinner the shooting match was to begin, but a big cloud came up about four o'clock and it seemed that the whole afternoon's sport would be broken up. To avoid this the trap was taken up and carried over to the mill, and the boys shot from the shelter. The Conetoe club won by a score of 68 to 71. The Conetoe boys are proud of their victory, as Tarboro had some of her crack-shots along. It is said the Tarboro boys will invite the Conetoe club up some time soon.

HOOD'S Sarsaparilla

Sarsaparilla is carefully prepared by experienced pharmacists from Sarsaparilla, Dandelion, Mandrake, Dock, Figwort, Juniper Berries, and other well known vegetable remedies. The Combination, Preparation and Process are Peculiar to Hood's Sarsaparilla, giving it strength and curative power peculiar to itself, not possessed by other medicines. Hood's Sarsaparilla cures Scrofula, Salt Rheum, Sores, Boils, Pimples and all other affections caused by impure blood; Dyspepsia, Biliousness, Sick Headache, Indigestion, Debility, Catarrh, Rheumatism, Kidney and Liver Complaints. It is Not What We Say, but What Hood's Sarsaparilla Does, that Tells the Story—Hood's Sarsaparilla.
