MR. SMITHSON'S LOSS.

Further particulars from Mr. Smithson's, which was visited by the storm Thursday night lighten not the disaster. time during the night, probably about 1 o'clock came the wind that sent the stables to the earth, killing or injurying every horse and mule that he had on the farm,

The stables was once a gin house, the room above being used for storing long forage. The high peaked roof, offered a large area to the vinds, which was strong enough to overcome the resistante of the posts that held the structure above. The animals, on the side in which the stables fell, were crushed to death, probably dying instantly. On the other side, they wese not so completely enveloped. Four were found living, though they died so in after being extricated.
