Some Tarboro People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

C., says: "For some time I suffered from dull, nagging backaches and such severe pains through my loins that I was hardly able to get around. There was a soreness across my right kidney and the least movement caused sharp twinges to pass through my loins which felt as if a knife were being thrust into me. My kidneys were very irregular in action and greatly added to my distress. When I saw Doan's Kidney Pills advertised, I procured a box and in a very few days found relief. I continued to improve until the pains through my back and the lameness across my kidneys had disappeared, and it was a short time before the annoyance from my kidneys ceased. Doan's Kidney Pills have proven very beneficial to me and I glad to give them my endorsement."

**Heart Strength**

Heart strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. People who weak heart is a hundred is, in itself, actually, diseased. It is almost always a hidden tiny little nerve that really is all that this obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have more power, more ability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this failing, retarding, sufficing heart disease. Dr. Shoop's Restorative—this popular prescription—is alone directed to the popular "wandering nerve centers." It builds it up; it restores it; it offers real, genuine heart help. If you would have strong Heart, strong digestion, strengthen these nerves—re-establish them as needed, with

This work, the blocks as well as the fencing were made by the convict squad of Halifax county, under the supervision of Clerk of the Court Gregory.

Those who will go to Halifax will perceive as did Mr. Gaskill, that convicts can be made very useful to the public in winter. The town needs paving blocks, the county needs blocks for ditches and culverts for small streams if these crossings are to be permanent. By utilizing the road force in winter, these can be made at a minimum of cost.
