**GREAT POWER PLANT.**  
Raleigh Steps to the Front to be Supplied With Electric Power on Large Scale.  
The Carolina Power Company, recently chartered by this State with a capital of \$3,750,000, establishes its headquarters in Raleigh H. H. Carr becomes the general manager. This means not only that the power from Buckhorn Falls is to be brought here, but that other great developments are in progress. The company takes over the Buckhorn Falls property; the Raleigh Street Railway and lighting plant; the Durham gas plant, etc. Mr. Carr, a man of great ability in his line, and who did wonders in the electric development at Newport News has done a vast deal at Raleigh; for the company now taken over has never stopped railway extension in the entire state, but has doubled the length of line here and has also rebuilt its power plant. This company has been using 8,000 horse power from the electric plant at Milburne on Nuse river, six miles east of here. It will build a line from Buckhorn Falls here, the distance being 28 miles and the surveying has been made, and in a few months the various factories will be using this best of all power and in addition the city will offer openings for all sorts of industrial enterprises, great and small, to gather with sites lying immediately along railway lines and in the suburbs, as well as within the boundary.

**FALLING TREE DAMAGES HOUSE**  
Interior of M. Heilbroer's Residence Wrecked By Accident Thursday Evening.  
For two days workmen had been cutting on the large pine tree between Mr. Heilbroer's home and the house occupied by W. D. Bryan, and Thursday evening about 6 o'clock it fell with a terrible crash. As the colored men pulled on the ropes to direct the tree clear of any obstruction, it rolled on the stump and as it fell, a snag about six feet in length, stripped the weather boards from the front room of Mr. Heilbroer's home, damaging the interior of the house and smashing handsome statuary and a book case.

**WOMEN CAN'T BE MAIL CARRIERS.**  
Unless They Can Conform to the Law and Wear Trousers.  
Acting Postmaster General Granfield today solved a problem which had been for some time troubling him. Dr. Granfield officially decided that a woman could not be a mail carrier without making it decidedly embarrassing for her and causing her to lose her womanly modesty and incidentally her skirts.

**BACK-YARD MANNERS.**  
But Unless They are Mended They are Apt to also Appear at the Front Door.  
There is a kind of woman whose social etiquette is done with her afternoon frock and visits to her front parlor; whose code of manners and grace are saved for cleaned-up occasions, says the New Idea Woman's Magazine for September. In the bosom of her family, in the hurry and bustle of the kitchen, and in the domestic privacy of her own back yard the code is obliterated—forgotten. She is the woman who goes to church every Sunday with every ribbon and tucker in its proper place, and who runs about the house on all other—than company occasions in a slatternly, unbelted wrapper. She gossips with her washerwoman, and is disagreeable to the grocer's and butcher's boy, but she hurries up the back stairs and down the front with a sweet smile when the minister calls.

**INDIGESTION**  
Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are but symptoms only of a certain specific Nerve sickness—nothing else.  
It is this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brings their excess and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, indigestion, loss of appetite, and slow complexion, try Dr. Shoop's Restorative—Tables or Liquid—and see for yourself what it can and will do. We sell and these fully recommended.

**THE SULTAN'S Harem.**  
—The Turks pay a harem tax of \$15,000,000 a year. They don't mind it either. In fact, they are exceedingly proud of it. The speaker, a suffragette, bit her lip to conceal a smile.  
—Yes, she continued, "the maintenance of the Sultan's harem cost \$15,000,000 and the people pay up gladly. They love to think that nowhere in the world does such a harem as their ruler's exist. I visited the place in the spring. There are 300 odalisques. Each odalisque has the title of princess. She has a staff of 10 servants, a motor car, two carriages, four horses and an allowance of \$100 a week for sweetmeats and cigarettes. Each Turk in the kingdom desires—as we desire to see our sons made President—to see daughter made an odalisque. If an odalisque becomes a favorite she doesn't forget father and boys. He sees to it that her family is raised to the highest rank. Every year 100 odalisque marry and 100 fresh ones take their place. It is an honor to marry a odalisque. Furthermore, the odalisque brings her husband from the Sultan a dower of \$50,000."  
**NARROWLY ESCAPED INJURY.**  
Wilson Bell narrowly escaped being injured Thursday when an electric light pole fell at the corner of Water street and Albemarle avenue. The pole fell across the railroad, damaging the are light. A new pole was erected at Thursday evening.

**A SURGICAL OPERATION**  
If there is any one thing that a woman dreads more than another it is a surgical operation.  
We can state without fear of a contradiction that there are hundreds, yes, thousands, of operations performed upon women in our hospitals which are entirely unnecessary and may have been avoided by **LYDIA E. PINKHAM'S VEGETABLE COMPOUND.**  
For proof of this statement read the following letters.  
Mrs. Barbara Base, of Kingman, Kansas, writes to Mrs. Pinkham: "For eight years I suffered from the most severe form of female troubles and was told that an operation was my only hope of recovery. I wrote Mrs. Pinkham for advice, and took Lydia E. Pinkham's Vegetable Compound and it has saved my life and made me a well woman."  
Mrs. Arthur R. House, of Church Road, Morestown, N. J., writes: "I feel it is my duty to let people know what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female troubles, and last March my physician decided that an operation was necessary. My husband objected, and urged me to try Lydia E. Pinkham's Vegetable Compound, and to-day I am well and strong."  
**FACTS FOR SICK WOMEN.**  
For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ailments, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, and backache.  
Mrs. Pinkham invites all sick women to write her for medicine. She has guided thousands to health. Address, Lynn, Mass.
