strings are suspended above the 010 of the failures in 1968 are attricounter; ten breads are strung on buted to competition indicates that each; the top line represents conditions in that respect are far less the rubles (their money transctions distressing than a ceratic class of agi rurely going above ten) and the two tators would have the public believe. Gwer strings stand for the kopeks. A far more disquieting showing in Of course, toe strings of bread can that relating to failures due to fraud. be increased to amount into the That 115 out of every 1,000 fallures thousands and up if desired .- L. Lo should have been due to lawless practices denotes a condition of business morals in which the need of improve ment is both large and urgent.

How little the element of gambling the bugbear of reformers of certain words were spoken to Geo. E. Blevens classes, operates as a wrecker of bus iness enterprise appears in the state ment that only ten out of every 1. lung specialist. Then was shown the 000 failures in 1908 were due to that cause. In the light of these figures "stock gambling" must be acquitted of many grave charges so frequently as ever, I would not take all the mon- made against it, and the last item ey in the world for what it did for in the list, loosely called "speculamy boy." Infallible for Coughs and tion." has reference to this.-Wall

> Inheritance Taxation. The right of the United States or of any State to impose an inheritance tax is unquestioned, provided such laws do not make unjust discriminations or violate the Constitution in other respects. Congress may, if it sees fit, impose a national inheritance tax is addition to that now imposed by thirty-six States of the Union, just as it imposes a national tax on beer and distilled liq uor in addition to State taxes. But the question is as to the necessity policy, wisdom, and judiciousness o such a law. On that point we think that unless it can be shown conclument to meet its expenditures, and ge out the existing deficit. Congrees should leave the inheritance tay 12t8 to the States, most of which have already preempted the ground.-India
