A long lashed whip, used only to keep him in motion, or lightly applied at the proper moment, will keep him up to his work. Soon the the occasion, and by unmistakable signs will manifest his enthusias:40 enjoyment of the exercis

The third method, driving, is exstraight bar or snaffle bit, a long are required.

All things considered, the driving When he has become somewhat proficlent, having thoroughly learned what is required of him, the saddle may be called into requisition and the

Almost any young horse can be tered out, before his regiment got taught to leap. Of course his proficiency will depend on the care bestowed on his training and on his general characteristics of wind, limb and nerve. An ordinary cob or Morgan will attain the proficiency of an used for a saddler will be of far great er value to his owner if he can be tak en occasionally for a cross county ride and put over ditches and low obstructions.-New York Sun.

## NOISELESS CAR WHEELS.

New Steel Variety Has a Life Service of 140,000 Miles,

The order for 30,000 steel wheels placed with the Carnegie Steel Conpacy at Pitsburg by the Chicago City Railway Company and the Chicago Railway Company has a double significance. It is further evidence tha the railroads of the United Staes are reaching their limit as to the withholding for financial reasons of orders for equipment, and it is also grat ifying assurance that for Chicagoans with its pounding annoyance is to

pecone a thing of the past. The steel wheels which have been adopted for Chicago are known as the noiseless wheels, because they will last three and a half times as hire or harbor my son, Allen Petway. long as the old style cast wheels, and He is under age and after helping are guaranteed not to wear flat. The me start a crop, has now abandoned limit of endurance of a solid steel me. Those who do will suffer the forged wheel is 140,000 miles, while the maximum limit of usefulness of the cast steel wheel is less than 40,000 miles. The new wheels are not only stronger, but they are lighten than the old wheels by 800 pounds

oer car.
