BROOKFIELD TABERNACLE

"A GYMNASIUM FROM THE CHILDREN'S TABLE." Matthew 15:21-28—June 12.

"Great is thy faith; be it unto thee even as thou wilt."—Y. 23. GOD loves the faithful and delights to have them trust in him. His chiefest blessing is for such. By reason of various conditions connected with our birth, it is not alike easy to the rewards and blessings of the future life according to all to accept the Divine promises and to shape life according to these trustings in the present. However, while only the faithful will attain the exceeding great and precious things of God's promises in this present age, we are glad that the Creator has still in reservation an inferior blessing for those who cannot exercise faith now, but who must be dealt with during the Millennial Age more along the lines of sight. Our present study well illustrates the Lord's grace towards those who trust him.

The Canaanite woman was a heathen woman—one not an Israelite—one with whom the Lord had not entered into covenant relationship—one of those who at that time were without God and without hope, because the Divine provision for the blessing of the Gentiles was not yet opened up to them. When our Lord sent forth his Apostles to preach the Gospel, healing all manner of diseases and casting out devils, he instructed them to pass by all who were not Jews—Gentiles and Samaritans. His words were, "Go not into the way of the Gentiles and into any city of the Samaritans enter ye not, for I am not sent save to the lost sheep of the house of Israel." With a few exceptions our Lord's miracles were confined to the Jews. They alone were God's covenant people. For this reason Jesus ignored the petition of the Canaanite woman, crying "Have mercy on me, O Lord, Son of David! My daughter is grievously vexed with a devil." And later on he explained, "I am not sent but to the lost sheep of the house of Israel," and "It is not meet to take the children's bread and cast it to the dogs."

The term "dogs" was applied to the Gentiles by the Jews as signifying their inferiority. Our Lord merely made use of an expression common in his day, and still common in Palestine. But note the woman's faith: She replied, "Yes, Lord, yet the dogs eat of the crumbs which fall from the Master's table." What perseverance, what faith, was thus manifested! How evidently she believed the Lord to be the promised Messiah, the Heir of the throne of David! As Jesus intimated, she had more faith than a majority of the Jews. Her request was granted—"O woman, great is thy faith! Be it unto thee even as thou wilt." Her daughter was healed from that hour.

There are several lessons for us in this study. However degraded we may be by nature, by heredity, by environment; however outcast from God's favor, we may still know of the Divine compassion. The message is, "God is Love." If he chose first of all to manifest his favor towards Abraham's children, it did not signify that he had no love or care for the remainder of mankind; merely that the Divine purpose must flow out to mankind through Divinely-appointed channels and in God's due time. We may be sure that when we get to the standpoint of perfect knowledge in the hereafter we shall see wisdom in every feature of the Divine program. For instance, from the human standpoint it seems strange that God has permitted a reign of sin and death in the world for 6000 years, when he has the full power to speak the word and to overthrow the forces of evil and to inaugurate gracious influences of blessing for the deliverance of mankind from the power of sin and Satan, ignorance and superstition; to give light for darkness; knowledge of God for ignorance and blindness. Studying the Divine Plan of the Ages, we find the lesson to be that God will first select a Church class and subsequently use the elect Church as channels of blessing toward the world of mankind.

A little while, and the permission of sin and the trials and difficulties of the present life shall have served to cleanse and polish the "very elect." A little while, and they shall be transformed to the glorious likeness of their Redeemer, beyond the veil. And then a little while, and the blessings long promised to the world in general will be dispensed. The children of God will first be fed from the table, and then not merely crumbs will fall for the remainder of the race, but rich and bountiful provision, exceedingly and abundantly more than they could have asked or thought.

It is a great and important truth that many human beings are more or less completely obsessed by evil spirits—demons—not the spirits of human beings, but the fallen angels, as the Scriptures declare. Many battle for years against these influences of demons and, because not rightly informed of the Bible teaching on the subject, they come more and more under the occult influences with danger of entirely losing their reason. It was probably some such affliction at this which affected the daughter of the Canaanite woman, so that she seemed to realize that there was only one quarter from which she could get help. Hence her importunity, when she recognized the Lord.

In another sense of the word all sin and sickness may be said to be afflictions of the devil, because all are either directly, or through heredity, Satan's work. Thus our Lord declared that Satan had murdered our race by his falsehood to mother Eve—"He was a serpent from the beginning and abode not in the Truth." Through his lie our race has come down into sickness, mental, moral and physical, and is going down rapidly to the tomb. Thank God for the great Deliverer; thank God also, for his great day of deliverance, the Millennial Age, now nigh at hand!

Honors to an Edgecomban. Our more than good friend Gaston Liechtenstein has favored the Southerner with many of the courtly buttons of his facile pen. That such a scholar as Dr. R. H. Lewis, of Kinston should commend him moves us to astonishment, for we know the boy; but that librarians should ask for what he has favored the Southerner with not only thrills the editorial tripod but also makes this editor who was born and reared in this good old County of Edgecombe just as his friend Gaston was, feel proud.

Appreciative reader, please peruse this letter to our friend: Concord, N. H. May 24 1910. Mr. Gaston Liechtenstein, 1419 Grove Ave., Richmond, Va.

My dear Sir: We shall greatly appreciate it if you will kindly send this library complimentary copies of the following publications for permanent preservation upon our shelves. "Early History of Tarboro, N. C." "Visit to Young's Pier at Atlantic City."

"Thanking you in advance for your courtesy, believe me Yours very truly, ARTHUR H. CHASE, Librarian.

The Southerner again takes this opportunity to say that it is giving its readers their money's worth and mark you, of a grade and quality that is equal to the best in the land.

Home Improvement. Durward Leggett has purchased of Mrs. Wm. Howard, her residence on Main street and Battle Avenue and is making extensive alterations and improvements thereto.

Nothing Better for Chickens And Turkeys. I think MacNair's Chicken Powder is fine. I have never had anything fed to chicks in the way of powder or anything else that can come up to your powder. I firmly believe your powder will do what you say.

Child Burns Up in House. Thursday morning a ten-year-old child occupied by Jo Hink, wife and three children on H. S. Burns' farm near Wendale was destroyed by fire and one of the children burned to death. The man and wife were down in the field, leaving their three children, the oldest being only about 5 years in the house. It is believed that they played with the fire which caught some inflammable material and soon had the whole building in flames. The child burned was not a year old and was in its cradle. The other two said they ran out of the house because it was so hot in there. Capt. R. A. Watson and wife have returned here from Newport News to make Tarboro their home again. The captain says that there is no place like Tarboro and Edgecombe and that his wife thoroughly agrees with him. All who are rejoiced to have them back.

School Exhibit. The annual exhibit and closing exercises of the Greenville graded school will be held in Odd Fellows' Hall on West water street next Thursday. The exhibits will be open from 4 to 7:30 p. m. The concert will take place in the evening beginning at 8:30. Prof. C. H. Boyer, of the Greenville School, will deliver the annual address.

Sparta Local. Cal Williams of Greenville was a visitor to our little town last Saturday. Mrs. J. H. Little is visiting her son, J. C. Little of Tarboro. Mrs. Rosa Mercer and Mrs. Ed Purvis spent Saturday with Mrs. Bob Moore. Miss Nellie Williams has returned to her home in Greenville, after a delightful visit of relatives and friends here. Mrs. J. D. Webb is visiting relatives and friends in Whitakers this week. Mrs. Godwin of Greenville is the guest of her daughter, Mrs. L. H. Webb and is quite sick. Misses Mary Bland Pitt and Lillian Pitt are home on a vacation.

COTTON FLOUR AT BARBECUE.

Bread Made of Cotton Seed Flour Served at the Barbecue When They Met in Charlotte.

A novel food was served those who attended the barbecue at the convention of the American Cotton Manufacturers Association which met in Charlotte last month. The food out of which this bread is made is one of the latest by-products of the cotton plant and is said to be very nutritious as a food. It is made in Charlotte by the Southern Cotton Oil Company and is destined to become a fair substitute for wheat flour. It contains 45 per cent protein and 8 per cent fat and is too rich to be used in the pure state for bread. The manufacturers say that it should be used in combination with wheat flour to obtain the best results and when made in this manner it has the appearance of bread made from grain flour. Those who attended the barbecue in Charlotte remember the bread served to them and commented favorably on the newly discovered method. It is a very useful as a food. It is less expensive than flour and is said to be an ideal food for persons who have any derangement of the kidneys.—Charlotte Observer.

A GOOD COOK AT 100.

Interesting Old Lady of the Eastern Shore of Virginia.

Few women in the country possess the striking remarkable qualities of Miss Nancy Kelly, the oldest woman on the Eastern shore of Virginia, who only a few days ago on the occasion of her 100th birthday, prepared with her own hands a sumptuous dinner for a number of her friends and relatives, who came to her home on Hog Island to spend the day with her.

According to the most authentic records, Miss Kelly was born 100 years ago May 14, on Hog Island where her parents have since died. "Kiss the South of her brothers, she has been doing the housework and doing the chores about her little home, 'tending' a small crop of corn each year—in fact living as up to date as many of her most prosperous neighbors.

Miss Kelly's memory is good, her five senses keen. She has never been seriously ill and has never taken medicine of any kind for sickness. She can relate with precision happenings of her early childhood.

She has never left Hog Island on any occasion, never attended a performance of any kind and has never seen a trolley or steam car. She is doubtless one of the most remarkable persons living today and in all probability, will live many years longer.—Cape Charles Correspondent, Baltimore Sun.

Marvelous Discoveries. mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires; terrific war inventions to kill men, and that wonder of wonders, Dr. King's New Discovery—to have life when threatened by coughs, colds, influenza, grippe, asthma, croup, bronchitis, hemorrhages; hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure. James M. Black of Asheville, N. C. R. R. No 4 writes it cured him of an obstinate cough after all other remedies failed. 50 cents and \$1.00. A trial bottle free. Guaranteed by W. H. MacNair.

The Lady in Gray. In footstep as soft as the violet, In rustling of skirts of the one The Lady in Gray is the twilight, And over the valleys she goes. A tinkle of dew in the purple, Last flash of the sun on the hill, And then the great music of silence That stings when all singing is still.

Oh, folding felicitous moment! One rose on her breast burning red And then, a sweet Quaker in sandals Day dies in a dream of the dead. A ribbon of pink on her forehead, A jewel of dusk in her ear; The world fading far in the distance, The spirit, white footed draws near. Ineffable, delicate dainty Loved vision, why hurry away? Twin sister of velvet-winged silence The Lady in Gray. Baltimore Sun.

Personal magnetism is simply "nervous energy." As Hollister's Rocky Mountain Tea strikes the blood and improves the circulation, naturally it feeds the nerves also increasing nerve power and personal magnetism. Sold by all good druggists.—Edgecombe Drug Co.

Kills Minks and Hawks. The Macnair's Chicken Powder bought of you some time ago is something fine. It is a dead shot on minks and hawks. I know this to be true; I saw a mink with one of my chicks and in a few hours I found the mink dead.

J. H. Pankey, Minden, Miss. Sept. 11, 1909. \$124

THE SOUTHERNER'S FIRST PAGE.

An Expert in Literature and Good Taste Commands It.

Editor Southerner: I have for a long time been thinking of calling the editor of the Southerner how very much I have been interested in the articles I find on the first outside page of the weekly edition of the paper. But not having had an opportunity of telling him, in spoken words I have concluded to write for publication in the paper. By this means, I may be able to call the attention of the regular readers of the paper to the valuable material there found which they may, very probably fail to read.

These articles are always attractive and contain very valuable information. Very often, I find these accounts of things and persons which I have long been wanting to know but could not find them in my library. I suppose that the reason, or one of the reasons why articles of this nature are very often skipped, is that they are of a rather skippable nature and contain matter of a character not calculated to please those who spend their time for reading in glancing over the telegrams of the Associated Press, noticing the railroad and mine horrors, divorces among the "Four Hundred," prize fights; runaway accidents etc. and, above all, paying special attention to the scores made by some favorite baseball team—passing by the substance and grasping at the shadows.

Then again, referring to these important articles; what more interesting reading will you find in any paper than those bright, sparkling columns of Gaston Liechtenstein. Few people read travels, unless it may be, those recent glowing travels or travelling hints of O. Rosenvert of happy memory(?) But Mr. Liechtenstein carries you with him. You are right there, seeing what he sees and, above all, paying special attention to the scores made by some favorite baseball team—passing by the substance and grasping at the shadows.
