THANKSGIVING.

Divide the two and make each word have a meaning and a significance. Thanks for what? Giving for what?

Don't you see that there is a little more than Frank Powell asking a number of his friends to come and eat with him a turkey and cranberry sauce, for the price of which he has stood off his grocery? But give thanks, blest in body because you have been blest, mind and estate, blest because you have partaken of Providence's bounty.

Thanks for so much, but for what? What have you given, good man and better woman, out of your abundance?

Of course the day means the giving of thanks to God, and the inquiry naturally wells up in you, for what? For what the Creator has vouchsafed to you or how much during the year you have made some person happier? Ask yourself.

If we may venture to use the words, "Giving thanks always for all things unto God and the Father," the Lord having been good to you and you thank him, what in return?

Just remember that "Every man's works shall be made manifest," or St. Paul did not know what he was writing about to the Corinthians.

So, good friends, let your lights so shine that your giving may be such that not you but others can give thanks to God for what you have done.

Thanksgiving Plums.

Make others happy and be happy yourself.

Be thankful—your blessings have been many.

Hide your griefs and display your smiles.

If you have but little, partake of it gratefully.

Let the joy in your heart bubble up like a spring.

If you are short of water don't gush to bed.

As you feast on the fat of the land remember the giver.

Manifest your sympathy by acts as well as words.

As you tickle your palate do not do injustice to your stomach.

As you have been prospered, share with the unfortunate.

Through the fast passing day speak kind words while you may.

Let no act of kindness be ever with drawn for the dear ones about you may soon be gone.

Be good and do good wherever you roam, and especially display these traits at your home.

The Old As Well As New.

It is only just that the town should extend its water and sewer mains into the newly annexed districts, but it should not be overlooked that some of the older sections of the town have been neglected.

We venture to assert positively that were private individuals of average business intelligence operating these two necessities that there would have been constructed long ago mains along at least St David and Paola Streets with lateral branches.

The 'Lloyd Field' and Gold Hill properties are offered for residential propositions and these places would be rapidly built up if water and sewerage could be had.

In a short time the town would be amply repaid for its outlay.

The same argument holds good for the west side, especially what has

Doan's Kidney Pills will do this for you.

A. A. Tyson, 124 Lexington St., Rocky Mount, N. C. says: "I feel it my duty to recommend Doan's Kidney Pills, as I found them to be a valuable remedy for kidney trouble. For years my kidneys were disordered and too frequent passages of the secretions obliged me to rise several times during the night, thus breaking my proper rest. I also had pains across my loins and was bothered by a constant dull backache. Having heard about Doan's Kidney Pills, I decided to try them and procured a box. I had taken them but a short time before I could notice their beneficial effect and thus encouraged I continued their use until I was cured."

The Famous Rayo

Gives the Best Light at Any Price

When you pay more than the Rayo price for a lamp, you are paying for extra decorations that cannot add to the quality of the light. You can't pay for a better light, because there is none. An oil light has the least effect on the human eye, and the Rayo Lamp is the best oil lamp made, though low in price. You can pay \$5, \$10, or \$20 for some other lamp, and although you get a more costly lamp, you can't get a better light than the white, mellow, diffused, unflickering light of the low-priced Rayo.

Has a strong, durable shade-holder. This season's burner adds to the strength and appearance. Made of brass, nickel, and easily polished.

HAVE YOU BEEN TO NORFOLK?

Several months ago a gentleman of Tarboro came to the store and told me that about one year before he went to Norfolk to have his eyes examined, and the spectacles that he bought there did not suit him at all. The wrong was aimed his eyes and found that he had Myopia, so I fitted him with a pair of minus lenses. He wore them for three months and was so well pleased with them that he came to me and gave me an order for another pair just like the first ones as he said he was afraid he might break or lose them. Drop in. I can suit you, too, and will also tell you the gentleman's name. He will tell you to have your eyes examined by W. L. Bell.
