Duco Demonstration Saturday

A demonstration of the use of Brush Duco will be given at the J. T. Green Lumber Company in Tryon, March 16 by O. C. Ellington, a du Pont expert. Mr. Ellington is prepared to show not only the ordinary use of Brush Duco, but also how to make artistic finishes in line with the new movement of home decoration which is sweeping over the country. In preparation for the demonstration all the latest colors in Brush Duco have been obtained. Among other things there will be a showing of the famous new "pour" method which has awakened such interest among women who use it for decorative purposes. Mr. Ellington will be prepared to answer any questions as to the application of Brush Duco.

Now Pass The Rogers Bill

Editorial in Asheville Citizen

Both Houses of the North Carolina Legislature have now passed the secret-ballot law. If the Democrats at Raleigh are wise they will realize that enactment of the Rogers Bill which would protect the absentee ballot against its present abuses is just as important so far as Western North Carolina is concerned as the adoption of the Australian ballot for State. We believe that it is more important. There are a very considerable number of Democrats in Western North Carolina who are "off the reservation" now. It is going to be hard to get many of them back into the fold again unless the absentee-ballot law is reformed.

Kiwanis Tonight At Mimosa

The Kiwanis club will meet tonight at Mimosa hotel at 7:30. The Polk County Scout committee will also meet with them.

Rotary Meets Friday at Mimosa

Mr. Frank Moore will be the "Magician" tomorrow at the Rotary club when he will entertain the members with various stunts.
