## Cloud Out For House

Announcement is made that Mr. E.B. Cloud of Columbus will run for the House of representatives in the coming primary. When interviewed today, Mr. Cloud said: "For the past several months suggestions have been made to me that I become a candidate for the State Senate or the House of Representatives and I have said that I would do so provided a hard primary fight could be avoided that would be detrimental to party harmony and co-operation. For many reasons I am disinclined to become a fourth candidate in the senatorial race, but if I am the choice of a majority of my party for the house I will try to serve the people to the best of my ability in that capacity, if given the opportunity in the primary and general election."
