

# LAST CALL

MONDAY JANUARY 12TH the Bulletin will begin printing it's third Anniversary edition. 1,000 extra copies besides our regular mailing list will be printed, making that day's circulation the largest in our history.

Two pages a day will be printed until the 20 pages or more are completed. Just how big we don't know, but at least twenty. The price of the paper per copy will be only one cent, the regular price.

Advertising in the Anniversary edition will cost no more than the regular price, 30¢ per column inch.

Every business house or individual without exception is invited to take advantage of the unusual advertising offered in our Anniversary Number.
