At Kiwanis Today

Talks were made by George Cathey, R. L. McNeely, John Artz, R. H. Brady and C. J. Lynch. Mr. Lynch told of the favorable publicity given the Horse Show in a number of leading sport magazines of the country and expressed the need of a press bureau to advertise the attractions of Tryon in the big papers and magazines. This is advertising that doesn't cost the town anything. Such magazines as Chase, Rider and Driver, Saddle and Bridle published free of charge good accounts of the recent show.
