### Columbus Wants Library

Efforts are being made in Columbus to have a county library. A temporary organization has been formed with Mrs. P. S. Lewis as chairman. They request the loan or donation of books, tables, chairs, and reading lamps. A building has already been secured. They want 1,000 books to start with. Any one having anything to donate may get in touch with Mrs. P. S. Lewis.

### Clyde Hoey, Kiwanis Speaker

Hon. Clyde Hoey of Shelby former Democratic Statesman of North Carolina was the principal speaker today at the Kiwanis club. He praised the past legislature for the work it did. Said the present administration will have reduced the state's outstanding indebtedness by \$17,000,000 at the end of the governor's term. N. C. is a great state with natural resources, and just as the hardships and selfdenials made splendid citizens out of our parents so will the present difficulties make us if we will accept the responsibilities as we meet them, live within our income and work hard for better times.
