Seminar Opens at Saluda

SALUDA, July 14..The Southern Pediatric Seminar will convene here Monday, July 20, for its 11th term. As customary Dr. W. A. Mulherin, dean of the faculty, will make the opening address followed by lectures. Dr. Mulherin's subjects this session are of Acute Rheumatisc Infections in Children; "Lactic Acid Milk"; and "Preventive Pediatrics." Diffusion of latest knowledge of children, developed in this branch of medicine, among those who come in contact with the greatest number of children --was the motivating spirit of a group of pediatricians who created the seminar. The faculty and lecturers are men of high achievement. They are identified with the ranking medical institutions of the South. No one connected with the seminar accepts a financial reward. Faculty, lecturers, and instructors defray their own transportation, hotel, and incidental expenses. The Seminar is unique. There is no other institution like it in the world. A number of entertainments are given especially for the doctors, chief among which are "Ye Old Time Shake-Down Fiddlers' Dance and Picnics in the Mountains." *-Asheville Citizen.*
