Knute Rockne at Strand

Slow motion pictures showing how each play is made and real action plays of Notre Dame's famous coach are now being shown at Strand theater.

"Lighting for the Future"

On Wednesday, Oct. 21, at Tryon school there will be given a free demonstration of lighting effects from a portable colorama, the only one of its kind in the United States, will startle any crowd and show how to form colors, paint designs, and build up shade color for beauty. A speed test of vision under various illuminations bringing out some of the mystery of Ultra-Violet light for health, will also be given.
