### J.H.Gaze Wins \$5 in Gold

Nearly 500 people went to see Silent Sam last night at Tryon Motor Co. where a new Chevrolet was on exhibition. The car was placed on Coca-Cola bottles so the wheels would run free; glasses of water on the fender and radiator showed little vibration. The audience was asked to guess how long the car would run on 5 gallons of gasoline. It ran 7 hrs., & 2 min., J. H. Gaze, guessed 6 hrs., 57 min., within 5 minutes of the time, and gets the \$5. No one was able to make Silent Sam smile. The car was started at 7:45 a.m. today and stopped at 2:45.
