Will Barter or Trade

It is foolish for one part of the country to suffer for anything when it has something of value to sell. Something is unbalanced. It is up to those in high places who control exports and credits to make the proper adjustments. In the meantime the Bulletin is continuing its policy of exchanging subscriptions and advertising for things of value from merchants and farmers. No family in Polk county should be without the Bulletin.

Weigel at Kiwanis

W. B. Weigel, recently returned from the British West Indies, will speak tomorrow at the Kiwanis club at Mimosa Inn.

Good Movie Program
