### Danger of Losing Co. Agts.

Miss Flentye urges the public to help save the offices of Home and County Farm agents which are now being attacked by a few people. She writes: "I have just learned that a movement is now on foot to discontinue the work of the Home and Farm agents. I do not believe that a majority of the people in the County wish this work discontinued. I am sure that the women of Tryon, if not most of the men, want this work continued. I suggest that all those interested write at once to Mr. Granville Thompson of Mill Spring, Mr. Grover Feagan, Melvin Hill and Mr. Chas. D. Davenport of Tryon, and state just how they feel about it."
